RE: Proof of Publication of Public Notice
DEP File No. 0770010-002-AC, PSD-FL-282A
G-P Hosford OSB Plant

Dear Ms. Vielhauer:

Consistent with your letter dated February 18, 2005, and addressed to Mr. Ronald L. Paul with Georgia-Pacific Corporation, we hereby submit proof of publication of the Public Notice of Intent to Issue Air Construction/PSD Permit for the proposed Hosford, Florida OSB facility. Also attached are copies of the requested newspaper affidavit. The public notice was published in the Tallahassee Democrat and the Calhoun/Liberty Journal during March 6 and March 9, respectively.

Should you have any questions regarding this matter, please call me at (404) 652-7327.

Sincerely,

A handwritten signature in black ink that reads 'Paul J. Vasquez'.

PUBLIC NOTICE OF INTENT TO ISSUE AIR CONSTRUCTION/PSD PERMIT
STATE OF FLORIDA
DEPARTMENT OF ENVIRONMENTAL PROTECTION
DEP File No 0770016-002-AC, PSD-FL-282A
Hosford OSB Plant
Liberty County

The Department of Environmental Protection (Department) gives notice of its intent to issue an air construction/PSD permit to Georgia-Pacific Corporation, for its proposed Hosford OSB Plant located on State Road 88, approximately 4.4 miles northeast of Hosford, Liberty County. The permit authorizes Georgia-Pacific Corporation to construct an oriented strandboard manufacturing facility with a capacity of 800 million square feet per year, on a 378-acre tract. The applicant's mailing address is: 131 Peachtree Street, Atlanta, GA 30303; A Best Available Control Technology (BACT) determination was required for particulate matter, nitrogen oxides, carbon monoxide and volatile organic compounds pursuant to Rule 62-212.400, F.A.C. and 40 C.F.R. 51.21. Prevention of Significant Deterioration (PSD): A case-by-case Maximum Achievable Control Technology (MACT) determination was required for hazardous air pollutants pursuant to Rule 62-204.800(10)(d), F.A.C.

Emissions will be controlled primarily with regenerative thermal oxidizers and particulate matter control devices.

Total emissions of pollutants shall not exceed the following annual emission rates: PM/P10, 296.8; NOx, 449.8; CO, 755.8; VOC, 413 tons per year.

An air quality impact analysis was conducted. Emissions from the facility will not significantly contribute to or cause a violation of any state or federal ambient air quality standards or PSD increment levels.

The Department will issue the final permit with the attached conditions unless a response received in accordance with the following procedure results in a different decision or significant change of terms or conditions.

The Department will accept written comments and requests for public meetings concerning the proposed permit issuance action for a period of thirty (30) days from the date of publication of this Public Notice of Intent to issue Air Construction Permit. Written comments and requests for public meetings should be provided to the Department's Bureau of Air Regulation at 2000 Blair Stone Road, Mail Station #5508, Tallahassee, FL 32308-2408. Any written comments filed in accordance with this public notice, if written comments received result in a significant change in the proposed agency action, the Department shall revise the proposed permit and require, if applicable, another Public Notice.

The Department will issue the permit with the attached conditions unless a timely petition for an administrative hearing is filed pursuant to sections 120.569 and 120.57 F.S. before the deadline for filing a petition. The procedure for petitioning for a hearing are set forth below.

Mediation is not available in this proceeding.

A person whose substantial interests are affected by the proposed permitting decision may petition for an administrative proceeding thereon under sections 120.569 and 120.57 of the Florida Statutes. The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department at 3000 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida, 32399-3000. Petitions filed by the permit applicant or any of the parties listed below must be filed within fourteen days of receipt of this notice of intent. Petitions filed by any persons other than those entitled to written notice under section 120.569(3) of the Florida Statutes must be filed within fourteen days of publication of the public notice or within fourteen days of receipt of this notice of intent, whichever occurs first. Under section 120.569(3), however, any person who asked the Department for notice of agency action may file a petition within fourteen days of receipt of that notice, regardless of the date of publication. A petitioner shall mail a copy of the petition to the applicant at the address indicated above at the time of filing. The failure of any person to file a petition within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under sections 120.569 and 120.57 F.S., or to intervene in this proceeding and participate as a party to it. Any subsequent intervention will be only at the approval of the presiding officer upon the filing of a motion in compliance with Rule 28.106.205 of the Florida Administrative Code.

A petition that disputes the material facts on which the Department's action is based must contain the following information: (a) The name and address of each agency affected and each agency's file or identification number, if known; (b) The name, address, and telephone number of the petitioner, the name, address, and telephone number of the petitioner's representative, if any, which shall be the address for service purposes during the course of the proceeding; and an explanation of how the petitioner's substantial interests will be affected by the agency determination; (c) A statement of how the petitioner received notice of the agency action or proposed action; (d) A statement of all disputed issues of material fact. If there are none, the petition must so indicate; (e) A concise statement of the ultimate facts alleged, including the specific facts the petitioner contends warrant reversal or modification of the agency's proposed action; (f) A statement of the specific rules or statutes the petitioner contends require reversal or modification of the agency's proposed action; and (g) A statement of the relief sought by the petitioner, stating precisely the action petitioner wishes the agency to take with respect to the agency's proposed action.

A petition that does not dispute the material facts upon which the Department's action is based shall state that no such facts are in dispute and other wise shall contain the same information as set forth above, as required by rule 28.106.301.

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the Department's final action may be different from the position taken by it in this notice. Persons whose substantial interests will be affected by any such final decision of the Department on the application have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above.

A complete project file is available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at:

Dept. of Environmental Protection
Bureau of Air Regulation
Suite 4, 111 S. Magnolia Drive
Tallahassee, Florida 32301
Telephone: 904/438-0114
Fax: 904/921-9533

Dept. of Environmental Protection
Northwest District Office
160 Government Center
Panama City, Florida 32301-6794
Telephone: 904/948-8700

The complete project file includes the application, technical evaluations, draft permit (which includes the technical evaluation, preliminary determination, and BACT and MACT determinations); and the information submitted by the responsible official, exclusive of confidential records under section 408.111, F.S. Interested persons may contact the Administrator, North Permitting Section at 111 South Magnolia Drive, Suite 4, Tallahassee, Florida 32301, or call 904/438-0114 for additional information.

The Department of Environmental Protection (Department) gives notice of its intent to issue an air construction/PSD permit to Georgia-Pacific Corporation, for its proposed Hosford OSB Plant located on State Road 85, approximately 4.4 miles north-east of Hosford, Liberty County. The permit authorizes Georgia-Pacific Corporation to construct an oriented strand-board manufacturing facility with a capacity of 600 million square feet per year, on a 3/8-inch basis. The applicant's mailing address is 133 Peachtree Street, Atlanta, GA 30303. A Best Available Control Technology (BACT) determination was required for particulate matter, nitrogen oxides, carbon monoxide and volatile organic compounds pursuant to Rule 62-212-400, F.A.C. and 40 CFR 52.21, Prevention of Significant Deterioration (PSD). A case-by-case Maximum Achievable Control Technology (MACT) determination was required for hazardous air pollutants pursuant to Rule 62-264 800(0)(02), F.A.C.

Emissions will be controlled primarily with regenerative thermal oxidizers and particulate matter control devices.

Total emissions of pollutants shall not exceed the following annual emission rates: PM/PM10, 286.8; NOx, 448.6; CO, 755.8; VOC, 413 tons per year.

An air quality impact analysis was conducted. Emissions from the facility will not significantly contribute to or cause a violation of any state or federal ambient air quality standards or PSD increment levels.

The Department will issue the final permit with the attached conditions unless a response received in accordance with the following procedures results in a different decision or significant change of terms or conditions.

The Department will accept written comments and requests for public meetings concerning the proposed permit issuance action for a period of thirty (30) days from the date of publication of this Public Notice of Intent to Issue Air Construction Permit. Written comments and requests for public meetings should be provided to the Department's Bureau of Air Regulation at 2600 Hwy 31 Stone Road, Mail Station #5505, Tallahassee, FL 32309-2400. Any written comments filed shall be made available for public inspection. If written comments received result in a significant change in the proposed agency action, the Department shall revise the proposed permit and require, if applicable, another Public Notice.

The Department will issue the permit with the attached conditions unless a timely petition for an administrative hearing is filed pursuant to sections 120.569 and 120.57 F.S., before the deadline for filing a petition. The procedures for petitioning for a hearing are set forth below.

Motion is not available in this proceeding.

A person whose substantial interests are affected by the proposed permitting decision may petition for an administrative proceeding (hearing) under sections 120.569 and 120.57 of the Florida Statutes. The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department at 3800 Commonwealth Boulevard, Mail Station 435, Tallahassee, Florida, 32399-3000. Petitions filed by the permit applicant or any of the parties listed below must be filed within fourteen days of receipt of this notice of intent. Petitions filed by any persons other than those entitled to written notice under section 120.60(3) of the Florida Statutes must be filed within fourteen days of publication of the public notice or within fourteen days of receipt of this notice of intent, whichever occurs first. Under section 120.60(3), however, any person who asked the Department for notice of agency action may file a petition within fourteen days of receipt of that notice, regardless of the date of publication. A petitioner shall mail a copy of the petition to the applicant at the address indicated above at the time of filing. The failure of any person to file a petition within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under sections 120.569 and 120.57.

NOTICE TO BE PUBLISHED IN THE NEWSPAPER

F.S., or to intervene in this proceeding and participate as a party to it. Any subsequent intervention will be only at the approval of the presiding officer upon the filing of a motion in compliance with Rule 28-106.205 of the Florida Administrative Code.

A petition that disputes the material facts on which the Department's action is based must contain the following information: (a) The name and address of each agency affected and each agency's file or identification number, if known; (b) The name, address, and telephone number of the petitioner, the name, address, and telephone number of the petitioner's representative, if any, which shall be the address for service purposes during the course of the proceeding; and an explanation of how the petitioner's substantial interests will be affected by the agency determination; (c) A statement of how and when petitioner received notice of the agency action or proposed action; (d) A statement of all disputed issues of material fact. If there are none, the petition must so indicate; (e) A concise statement of the ultimate facts alleged, including the specific facts the petitioner contends warrant reversal or modification of the agency's proposed action; (f) A statement of the specific rules or statutes the petitioner contends require reversal or modification of the agency's proposed action; and (g) A statement of the relief sought by the petitioner, stating precisely the action petitioner wishes the agency to take with respect to the agency's proposed action.

A petition that does not dispute the material facts upon which the Department's action is based shall state that no such facts are in dispute and otherwise shall contain the same information as set forth above, as required by rule 28-106.301.

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the Department's final action may be different from the position taken by it in this notice. Persons whose substantial interests will be affected by any such final decision of the Department on the application have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above.

A complete project file is available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at:
Dept. of Environmental Protection, Bureau of Air Regulation, Suite 4, 111 S. Magnolia Drive, Tallahassee, Florida, 32301. Telephone: 850/486-0114. Fax: 850/921-9533.
Dept. of Environmental Protection, Northwest District, 160 Government Center, Pensacola, FL 32501-5794. Telephone: 850/565-6300.

The complete project file includes the application, technical evaluations, draft permit (which includes the technical evaluation, preliminary determination, and BACT and MACT determinations), and the information submitted by the responsible official, exclusive of confidential records under Section 403.111, F.S. Interested persons may contact the Administrator, North Permitting Section at 111 South Magnolia Drive, Suite 4, Tallahassee, Florida 32301, or call 850/486-0114 for additional information.

A/K/A Rt. 1, Box 45R7, Hosford (Liberty County), FL 32334

WITNESS my hand and the seal of this Court on Oct. 11, 2004

ROBERT HILL
CLERK OF THE COURT

By: Kathleen E. Brown
As Deputy Clerk

SCOPE: Contracting services to demolish all improvements and hazardous materials, close septic tanks and close wells and return the site to a natural state consistent with the surrounding unimproved Flood Plains of unimproved parcels in and around Liberty County, Florida, in accordance with applicable federal, state and local statutes, regulations, plans and policies at the following locations:

1. Property #1, located at 7660 NW Chattahoochee Circle, Bristol, FL 32321
2. Property #2, located at 7630 NW Chattahoochee Circle, Bristol, FL 32321.
3. Property #3, located at 7042 NW Joe Red Shuler Road, Bristol, FL 32321.

A consideration for salvage is appropriate when estimating a bid price. All contracts will be awarded pursuant to the Liberty County Bidding Policy regarding competitive bids for Contracting Services. The contract award will be based on the responsiveness to the scope and specifications of each proposed project and the qualifications of responsible contractors.

QUALIFICATIONS: Contractors must be experienced in demolition contract services and meet all criteria.

Any contractor submitting a bid must provide the required documentation outlined in the Bid package in order to qualify the firm or individual's ability to perform the projects in a manner which meets or exceeds the Liberty County Floodplain Management Requirements, all codes and license compliance, and County and State ordinance requirements.

The Bid specifications may be obtained at the Liberty County Emergency Management Office, 11109 NW SR20, P.O. Box 877, Bristol, FL 32321 (telephone (850) 643-2339)

Please indicate on the outside of the envelope that this is a SEALED BID. Bids should be sent to the Liberty County Clerk of Court's office at P.O. Box 399, Bristol, FL 32321.

Bids will be received until 5 p.m. (ET), on Nov. 4, 2004, Thursday, and will be opened at the following meeting of the Liberty County Board of County Commissioners which is held in the Liberty County Courthouse, Bristol, FL 32321, on Nov. 4, 2004, Thursday, at 7 p.m. (ET).

The board reserves the right to reject any and all bids.

Board of County Commissioners
Liberty County, Florida

NOTICE OF BID

Liberty County Board of County Commissioners will be accepting sealed bids on the two vehicles listed below.

1. 1994. Oldsmobile, station.

PUBLIC NOTICE OF INTENT TO ISSUE AIR CONSTRUCTION/PSD PERMIT

STATE OF FLORIDA
DEPARTMENT OF ENVIRONMENTAL PROTECTION
DEP File No. 0770010-002-AC, PSD-FL-282A
Georgia-Pacific Corporation
Hosford OSB Plant
Liberty County

The Department of Environmental Protection (Department) gives notice of its intent to issue an air construction/PSD permit to Georgia-Pacific Corporation, for its proposed Hosford OSB Plant located on State Road 65, approximately 4.4 miles northeast of Hosford, Liberty County. The permit authorizes Georgia-Pacific Corporation to construct an oriented strandboard manufacturing facility with a capacity of 600 million square feet per year, on a 3/8-inch basis. The applicant's mailing address is: 133 Peachtree Street, Atlanta, GA 30303. A Best Available Control Technology (BACT) determination was required for particulate matter, nitrogen oxides, carbon monoxide and volatile organic compounds pursuant to Rule 62-212.400, F.A.C. and 40 CFR 52.21, Prevention of Significant Deterioration (PSD). A case-by-case Maximum Achievable Control Technology (MACT) determination was required for hazardous air pollutants pursuant to Rule 62-204.800 (10)(d)2., F.A.C.

Emissions will be controlled primarily by regenerative thermal oxidizers and particulate matter control devices.

Total emissions of pollutants shall not exceed the following annual emission rates: PM/PM₁₀, 296.8; NOx, 449.6; CO, 755.8; VOC, 413 tons per year.

An air quality impact analysis was conducted. Emissions from the facility will not significantly contribute to or cause a violation of any state or federal ambient air quality standards or PSD increment levels.

The Department will issue the final permit with the attached conditions unless a response received in accordance with the following procedures results in a different decision or significant change of terms or conditions.

The Department will accept written comments and requests for public meetings concerning the proposed permit issuance action for a period of thirty (30) days from the date of publication of this Public Notice of Intent to Issue Air Construction Permit. Written comments and requests for public meetings should be provided to the Department's Bureau of Air Regulation at 2600 Blair Stone Road, Mail Station #5505, Tallahassee, FL 32399-2400. Any written comments filed shall be made available for public inspection. If written comments received result in a significant change in the proposed agency action, the Department shall revise the proposed permit and require, if applicable, another Public Notice.

The Department will issue the permit with the attached conditions unless a timely petition for an administrative hearing is filed pursuant to sections 120.569 and 120.57 F.S., before the deadline for filing a petition. The procedures for petitioning for a hearing are set forth below.

Mediation is not available in this proceeding.

A person whose substantial interests are affected by the proposed permitting decision may petition for an administrative proceeding (hearing) under sections 120.569 and 120.57 of the Florida Statutes. The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, FL 32399-3000. Petitions filed by the permit applicant or any of the parties listed below must be filed within fourteen days of receipt of this notice of intent. Petitions filed by any persons other than those entitled to written notice under section 120.60(3) of the Florida Statutes must be filed within fourteen days of publication of the public notice or within fourteen days of receipt of this notice of intent, whichever occurs first.

Under section 120.60(3), however, any person who asked the Department for notice of agency action may file a petition within fourteen days of receipt of that notice, regardless of the date of publication. A petitioner shall mail a copy of the petition to the applicant at the address indicated above at the time of filing. The failure of any person to file a petition within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under sections 120.569 and 120.57 F.S., or to intervene in this proceeding and participate as a party to it. Any subsequent intervention will be only at the approval of the presiding officer upon the filing of a motion in compliance with Rule 28-106.205 of the Florida Administrative Code.

A petition that disputes the material facts on which the Department's action is based must contain the following information: (a) The name and address of each agency affected and each agency's file or identification number, if known; (b) The name, address and telephone number of the petitioner, the name, address and telephone number of the petitioner's representative, if any, which shall be the address for service purposes during the course of the proceeding; and an explanation of how the petitioner's substantial interests will be affected by the agency determination; (c) A statement of how and when petitioner received notice of the agency action or proposed action; (d) A statement of all disputed issues of material fact. If there are none, the petition must so indicate; (e) A concise statement of the ultimate facts alleged, including the specific facts the petitioner contends warrant reversal or modification of the agency's proposed action; (f) A statement of the specific rules or statutes the petitioner contends require reversal or modification of the agency's proposed action; and (g) A statement of the relief sought by the petitioner, stating precisely the action petitioner wishes the agency to take with respect to the agency's proposed action.

A petition that does not dispute the material facts upon which the Department's action is based shall state that no such facts are in dispute and otherwise shall contain the same information as set forth above, as required by rule 28-106.301.

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the Department's final action may be different from the position taken by it in this notice. Persons whose substantial interests will be affected by any such final decision of the Department on the application have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above.

A complete project file is available for public inspection during normal business hours, 8 a.m. to 5 p.m., Monday through Friday, except legal holidays at:

Dept. of Environmental Protection, Bureau of Air Regulation, Suite 4, 111 S. Magnolia Drive, Tallahassee, FL 32301; Telephone (850) 488-0114; fax (850) 921-9533.

Dept. of Environmental Protection, Northwest District, 160 Government Center, Pensacola, FL 32501-5794; telephone (850) 595-8300.

The complete project file includes the application, technical evaluations, draft permit (which includes the technical evaluation, preliminary determination, and BACT and MACT determinations), and the information submitted by the responsible official, exclusive of confidential records under Section 403.111, F.S. Interested persons may contact the Administrator, North Permitting Section at 111 South Magnolia Drive, Suite 4, Tallahassee, Florida 32301, or call (850) 488-0114 for additional information.

Certified Mail No. 7000 0600 0020 8329 7240
Return Receipt Requested

Dear Mr. Linero:

In reference to your letter dated September 19, 2002, and addressed to Mr. Ronald L. Paul with Georgia-Pacific Corporation, we hereby submit the information you requested.

The following tasks to be completed with estimated dates are driven by market conditions. As conditions change, we will update the construction schedule to satisfy the business decisions made at that time.

Major construction milestones achieved to-date

- Construction began upon receiving the construction permit in October, 2000
- Site Grading
- Main building foundations.
- Main building erection. (frames, walls roof, etc.)
- Forming and pressing foundations.
- Forming and press area primary structural steel.
- Forming and press primary equipment installation.

Remaining tasks to be completed with estimated completion dates

Equipment foundations - now - mid 2004

Structural steel - now - end 2004

Equipment installation - Mid 2003 - 2005

Equipment to be installed include:

- Green end
- Dryer area
- Thermal Oil
- Finishing area
- Remaining building slabs
- Pneumatics systems
- RTOs

Mr. A. A. Linero

Re: Air Quality Operating Permit # 0770010-001-AC Inspection Report

Dear Mr. Paul:

A Department representative recently inspected your facility to determine compliance with the above referenced air quality operating permit. A copy of the inspection report is enclosed.

This letter applies only to activities covered by the Air Resources Management Program. The facility was still in the early stages of construction at the time of the inspection. Compliance will be determined on a latter date.

The courtesy and assistance provided is appreciated. If you have any questions or comments, please contact Tracy White at (850) 488-3704.

Sincerely,

G. P. Neubauer
Branch Office Manager

**FLORIDA DEPARTMENT OF ENVIRONMENTAL PROTECTION
INSPECTION REPORT FORM
AIR POLLUTANT EMISSION SOURCES**

FACILITY: Georgia Pacific Corporation Hosford OSB Plant	DISTRICT: NWD(TLH)	COUNTY: Liberty
ADDRESS: State Road 65, 4.4 miles northeast of Hosford	PHONE: (678) 575-9134 (site)	CONTACT: Stanley Voyd (site) Ronald Paul, VP
AIRS ID #: 0770010	AUDIT TYPE: II	INSPECTION DATE: 12/04/2002
SOURCE DESCRIPTION: Oriented Strandboard Manufacturing facility		
PERMIT #: 0770010-001-AC	EXPIRATION DATE: 10/11/2002 (extended?)	COMPLIANCE STATUS: 3 (In compliance)

Introduction:

The purpose of this inspection was to tour the facility to view construction progress and report the progress to the district office in Pensacola.

INSPECTION COMMENTS:

Stanley Voyd met the inspectors on the site. The site consisted of an administrative building and a main manufacturing building that was still under construction. Foundations for some of the equipment had been laid, but the project was still in the early stages of construction. No pollution control equipment was on site. At this time, the property was not completely fenced in.

Summary:

Mr. Voyd mentioned that the economy was slow and the project had been delayed. The project completion date is not known at this time by the inspector.

Recommendations:

No recommendations at this time, other than to provide the Department with the anticipated date of initial startup, as stated in the construction permit.
