CERTIFIED MAIL - RETURN RECEIPT REQUESTED

Mr. Ivan Nance
Corporate Environmental Manager
Piney Point Phosphates, Inc.
13300 U.S. Highway 41 North
Palmetto, Florida 34221

Dear Mr. Nance:

Re: Amendment to Construction Permit
AC 41-232096 (PSD-FL-205A) - Auxiliary Boiler
Piney Point Phosphates, Inc.

The Department has reviewed your letter dated April 24, 1996 requesting an extension of the construction permit expiration date. The permit is amended as follows:

Expiration Date Extension:

From: July 1, 1996
To: July 1, 1997

A person whose substantial interests are affected by the Department's proposed permitting decision may petition for an administrative proceeding (hearing) in accordance with Section 120.57, Florida Statutes (F.S.). The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Tallahassee, Florida 32399-3000. Petitions filed by the applicant of the amendment request/application and the parties listed below must be filed within 14 days of receipt of this amendment. Petitions filed by other persons must be filed within 14 days of the amendment issuance or within 14 days of their receipt of this amendment, whichever occurs first. Petitioner shall mail a copy of the petition to the applicant at the address indicated above at the time of filing. Failure to file a petition within this time period shall constitute a waiver of any right such person may have to request an administrative determination (hearing) under Section 120.57, F.S.

Mr. Ivan Nance
Page Two
May 10, 1996

The Petition shall contain the following information:

- (a) The name, address and telephone number of each petitioner, the applicant's name and address, the Department Permit File Number and the county in which the project is proposed;
- (b) A statement of how and when each petitioner received notice of the Department's action or proposed action;
- (c) A statement of how each petitioner's substantial interests are affected by the Department's action or proposed action;
- (d) A statement of the material facts disputed by Petitioner, if any;
- (e) A statement of facts which petitioner contends warrant reversal or modification of the Department's action or proposed action;
- (f) A statement of which rules or statutes petitioner contends require reversal or modification of the Department's action or proposed action; and,
- (g) A statement of the relief sought by petitioner, stating precisely the action the petitioner wants the Department to take with respect to the Department's action or proposed action.

If a petition is filed, the administrative hearing process is designed to formulate agency action. Accordingly, the Department's final action may be different from the position taken by it in this amendment. Persons whose substantial interests will be affected by any decision of the Department with regard to the amendment request/application have the right to petition to become a party to the proceeding. The petition must conform to the requirements specified above and be filed (received) within 14 days of receipt of this amendment in the Office of General Counsel at 3900 Commonwealth Boulevard, Tallahassee, Florida 32399-3000. Failure to petition within the allowed time frame constitutes a waiver of any right such person has to request a hearing under Section 120.57, F.S., and to participate as a party to this proceeding. Any subsequent intervention will only be at the approval of the presiding officer upon motion filed pursuant to Rule 60Q-2.010, Florida Administrative Code.

Mr. Ivan Nance

This letter shall be attached to permit No. AC41-232096 (PSD-FL-205A) and shall become a part of the permit.

Sincerely,

Howard L. Rhodes, Director
Division of Air Resources
Management

Re: FDEP Permit No. AC-41 232096
190 MM BTU/Hour Process Steam Boiler

Dear Sirs:

Piney Point Phosphates, Inc. (PPP) requests to extend this construction permit until July 1997. Enclosed is the processing fee of \$50.00 required for this request.

PPP has not yet begun construction of this boiler. PPP anticipates construction of this boiler late in 1996, but does not anticipate completion of construction prior to July 1, 1996.

PPP appreciates your cooperation and attention in this matter. Should further information or response be required, please contact our offices.

Very truly yours,

Ivan Nance
Corporate Environmental Manager
