STATE OF FLORIDA  
DEPARTMENT OF ENVIRONMENTAL REGULATION  
NOTICE OF PERMIT

In the matter of an  
Application for Permit by:

DER File No. AC 41-218344  
Manatee County

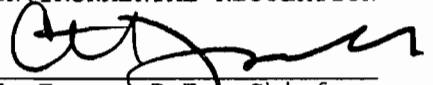

Mr. T. P. Robinson  
V.P. and General Manager  
Chris Craft Boats  
8161 15th Street East  
Sarasota, Florida 34243

Enclosed is Permit Number AC 41-218344 to allow an increase in the permitted hours of operation to allow continuous operation of the Chris Craft Boats facility located in Manatee County, Florida. This permit is issued pursuant to Section(s) 403, Florida Statutes.

Any party to this Order (permit) has the right to seek judicial review of the permit pursuant to Section 120.68, Florida Statutes, by the filing of a Notice of Appeal pursuant to Rule 9.110, Florida Rules of Appellate Procedure, with the Clerk of the Department in the Office of General Counsel, 2600 Blair Stone Road, Tallahassee, Florida 32399-2400; and by filing a copy of the Notice of Appeal accompanied by the applicable filing fees with the appropriate District Court of Appeal. The Notice of Appeal must be filed within 30 days from the date this Notice is filed with the Clerk of the Department.

Executed in Tallahassee, Florida.

- M. Schenk, CCB

Final Determination

Chris Craft Boats

Manatee County

AC 41-218344

The construction permit application package has been reviewed by the Department. Public Notice of the Department's Intent to Issue was published in The Bradenton Herald on December 7, 1992. The Technical Evaluation and Preliminary Determination of the construction permits was distributed on October 14, 1992, and available for public inspection at the Department's Southwest District office and Bureau of Air Regulation office and the Manatee County Pollution Department office.

There were no comments received during the public notice period. Therefore, it is recommended that the construction permit be issued as drafted.

RE: Chris Craft Boats, AC41-218344: Request for Operating Hours Increase

Dear Mr. Mitchell:

Chris Craft Boats has reviewed chemical usage and operating records for recent months. Due to a shift in market demands, we are requesting approval to extend our laminating workload into the third shift on a routine basis.

As a general rule, the size of the boats produced at the facility has increased, resulting in increased chemical usage per boat. However, larger boats require more time to construct, resulting in no increase in pounds per hour or tons per year emissions. Chris Craft would like to spread the laminating workload into the third shift as a matter of routine. This will provide added flexibility in response to production demands for larger boats. It will have the additional benefit of reducing the worker exposure concentrations within the facility, by lowering the intensity of activity at any time.

Thus, the "pounds per hour/tons per year" limitations of permit AC41-218344 would not be violated under the proposed request. However, projected actual hours of operation would exceed the 3900 hours per year in the rotation of Permit Specific Condition number 2.

Chris Craft believes that operating in a fashion as described is in agreement with the intent of AC41-218344. We plan to proceed with publication of the Intent to Issue for that permit unless the Department of Environmental Regulation feels that a modification is necessary prior to publication.

State of Florida  
Department of  
Environmental Regulation  
Office of Administrative Hearings  
1000 North West  
15th Street, Room 200  
Tallahassee, Florida 32304-2000

The Department of Environmental Regulation hereby issues an administrative hearing notice to the following person:

James M. Lott, 1000 North West 15th Street, Room 200, Tallahassee, Florida 32304-2000. The purpose of this notice is to advise you of the Department's intention to hold an administrative hearing on the following matter:

Administrative Hearing Notice, AC 11-16567, to allow continued operation of the facility which manufactures asbestos best there will be no increase in the allowable emissions of which facilities are to be denied air using a material balance scheme and violation of a primary bath. A preliminary lot of Best Available Control Technology (BACT) was required. The Department is issuing this notice in accordance with Section 120.57, F.S. A person whose substantial interests are affected by the Department's proposed permitting decision may petition for an administrative proceeding (hearing) in accordance with Section 120.57, F.S. The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department at 2600 Blair Hall, Tallahassee, Florida 32309-2400, within fourteen (14) days of publication of this notice. Petitioner shall mail a copy of the petition to the applicant at the address indicated above at the time of filing. Failure to do so constitutes a waiver of any right such person may have to request an administrative determination. Petitioner, under Section 120.57, F.S., shall:

(a) The petition shall contain the following information: (1) the name, address, and telephone number of each petitioner, the applicant's name and address; the Department Permit File Number; and the county in which the project is proposed; (2) the nature and extent of the petitioner's interest in the proposed action; (3) a statement of how and when each petitioner received notice of the Department's action or proposed action; (4) a statement of how each petitioner's substantial interests are affected by the Department's action or proposed action; (5) a statement of the material facts as known by petitioner; (6) a statement of facts which petitioner contends warrant reversal or modification of the Department's action or proposed action; (7) a statement of which rules or statutes petitioner contends require reversal or modification of the Department's action or proposed action; and (8) a statement of the relief sought by petitioner. Petitioner shall attach to each petition a copy of the Department's action or proposed action.

(b) The petition shall be filed with the Department's Office of Administrative Hearings, 1000 North West 15th Street, Room 200, Tallahassee, Florida 32304-2000.

(c) The petition shall be filed with the Department's Office of Administrative Hearings, 1000 North West 15th Street, Room 200, Tallahassee, Florida 32304-2000.

(d) The petition shall be filed with the Department's Office of Administrative Hearings, 1000 North West 15th Street, Room 200, Tallahassee, Florida 32304-2000.

(e) The petition shall be filed with the Department's Office of Administrative Hearings, 1000 North West 15th Street, Room 200, Tallahassee, Florida 32304-2000.

(f) The petition shall be filed with the Department's Office of Administrative Hearings, 1000 North West 15th Street, Room 200, Tallahassee, Florida 32304-2000.

(g) The petition shall be filed with the Department's Office of Administrative Hearings, 1000 North West 15th Street, Room 200, Tallahassee, Florida 32304-2000.

(h) The petition shall be filed with the Department's Office of Administrative Hearings, 1000 North West 15th Street, Room 200, Tallahassee, Florida 32304-2000.

(i) The petition shall be filed with the Department's Office of Administrative Hearings, 1000 North West 15th Street, Room 200, Tallahassee, Florida 32304-2000.

(j) The petition shall be filed with the Department's Office of Administrative Hearings, 1000 North West 15th Street, Room 200, Tallahassee, Florida 32304-2000.

(k) The petition shall be filed with the Department's Office of Administrative Hearings, 1000 North West 15th Street, Room 200, Tallahassee, Florida 32304-2000.

(l) The petition shall be filed with the Department's Office of Administrative Hearings, 1000 North West 15th Street, Room 200, Tallahassee, Florida 32304-2000.

(m) The petition shall be filed with the Department's Office of Administrative Hearings, 1000 North West 15th Street, Room 200, Tallahassee, Florida 32304-2000.

(n) The petition shall be filed with the Department's Office of Administrative Hearings, 1000 North West 15th Street, Room 200, Tallahassee, Florida 32304-2000.

(o) The petition shall be filed with the Department's Office of Administrative Hearings, 1000 North West 15th Street, Room 200, Tallahassee, Florida 32304-2000.

(p) The petition shall be filed with the Department's Office of Administrative Hearings, 1000 North West 15th Street, Room 200, Tallahassee, Florida 32304-2000.

(q) The petition shall be filed with the Department's Office of Administrative Hearings, 1000 North West 15th Street, Room 200, Tallahassee, Florida 32304-2000.

(r) The petition shall be filed with the Department's Office of Administrative Hearings, 1000 North West 15th Street, Room 200, Tallahassee, Florida 32304-2000.

(s) The petition shall be filed with the Department's Office of Administrative Hearings, 1000 North West 15th Street, Room 200, Tallahassee, Florida 32304-2000.

(t) The petition shall be filed with the Department's Office of Administrative Hearings, 1000 North West 15th Street, Room 200, Tallahassee, Florida 32304-2000.

(u) The petition shall be filed with the Department's Office of Administrative Hearings, 1000 North West 15th Street, Room 200, Tallahassee, Florida 32304-2000.

(v) The petition shall be filed with the Department's Office of Administrative Hearings, 1000 North West 15th Street, Room 200, Tallahassee, Florida 32304-2000.

(w) The petition shall be filed with the Department's Office of Administrative Hearings, 1000 North West 15th Street, Room 200, Tallahassee, Florida 32304-2000.

(x) The petition shall be filed with the Department's Office of Administrative Hearings, 1000 North West 15th Street, Room 200, Tallahassee, Florida 32304-2000.

(y) The petition shall be filed with the Department's Office of Administrative Hearings, 1000 North West 15th Street, Room 200, Tallahassee, Florida 32304-2000.

(z) The petition shall be filed with the Department's Office of Administrative Hearings, 1000 North West 15th Street, Room 200, Tallahassee, Florida 32304-2000.

Failure to file a petition within the above time frame constitutes a waiver of the right to be heard on the matter.

The Department's Office of Administrative Hearings is located at 1000 North West 15th Street, Room 200, Tallahassee, Florida 32304-2000. The Department's Office of Administrative Hearings is open from 9:00 a.m. to 5:00 p.m., Monday through Friday, except on public holidays. The Department's Office of Administrative Hearings is closed on public holidays.

**PERMITTEE:**

Chris Craft Boats  
8161 15th Street East  
Sarasota, Florida 34243

Permit Number: AC 41-218344

Expiration Date: Dec. 31, 1993

County: Manatee

Latitude/Longitude: 27°23'30"N  
82°32'40"W

Project: Modification of the  
Fiberglass Boat Manufacturing  
Operation

This permit is issued under the provisions of Chapter 403, Florida Statutes (F.S.); Florida Administrative Code (F.A.C.) Chapters 17-210 thru 17-297 and 17-4; and, 40 CFR (July, 1991 version). The above named permittee is hereby authorized to perform the work or operate the facility shown on the application and approved drawings, plans, and other documents attached hereto or on file with the Department and made a part hereof and specifically described as follows:

For the relaxation of the permitted hours of operation, established in construction permit No. AC 41-165851, to allow continuous hours of operation of the facility, which produces fiberglass boats. There will be no increase in the allowable emissions. A material balance scheme is used to demonstrate compliance. There is an associated exhaust system rated at 60,000 acfm. The UTM coordinates are Zone 17, 347.215 km East and 3030.633 km North.

The Standard Industrial Code is: 3732 - Boat Manufacturing Plant

The Source Classification Code is:

3-08-007-20 General Fiberglass Resin Products Tons Coating  
Applied

The source shall be in accordance with the permit application, plans, documents, supplementary information, amendments and drawings, except as otherwise noted in the General and Specific Conditions.

**Attachments to be Incorporated:**

1. Mr. Tom T. John's request to amend/modify an air pollution source received July 13, 1992.
2. Mr. C. H. Fancy's letter dated August 4, 1992.
3. Mr. Michael Schenk's letter with the processing fee received August 26, 1992.
4. Mr. Tom T. John's FAX received October 7, 1992.
5. Intent to Issue package dated October 14, 1992.
6. Public Notice received December 9, 1992.
7. Final Determination dated January 7, 1993.

**PERMITTEE:**  
**Chris Craft Boats**

**Permit Number: AC 41-218344**  
**Expiration Date: Dec. 31, 1993**

**GENERAL CONDITIONS:**

1. The terms, conditions, requirements, limitations, and restrictions set forth in this permit are "Permit Conditions" and are binding and enforceable pursuant to Sections 403.161, 403.727, or 403.859 through 403.861, F.S. The permittee is placed on notice that the Department will review this permit periodically and may initiate enforcement action for any violation of these conditions.
2. This permit is valid only for the specific processes and operations applied for and indicated in the approved drawings or exhibits. Any unauthorized deviation from the approved drawings, exhibits, specifications, or conditions of this permit may constitute grounds for revocation and enforcement action by the Department.
3. As provided in Subsections 403.087(6) and 403.722(5), F.S., the issuance of this permit does not convey any vested rights or any exclusive privileges. Neither does it authorize any injury to public or private property or any invasion of personal rights, nor any infringement of federal, state or local laws or regulations. This permit is not a waiver of or approval of any other Department permit that may be required for other aspects of the total project which are not addressed in the permit.
4. This permit conveys no title to land or water, does not constitute State recognition or acknowledgement of title, and does not constitute authority for the use of submerged lands unless herein provided and the necessary title or leasehold interests have been obtained from the State. Only the Trustees of the Internal Improvement Trust Fund may express State opinion as to title.
5. This permit does not relieve the permittee from liability for harm or injury to human health or welfare, animal, or plant life, or property caused by the construction or operation of this permitted source, or from penalties therefore; nor does it allow the permittee to cause pollution in contravention of F.S. and Department rules, unless specifically authorized by an order from the Department.
6. The permittee shall properly operate and maintain the facility and systems of treatment and control (and related appurtenances) that are installed or used by the permittee to achieve compliance with the conditions of this permit, as required by Department rules. This provision includes the operation of backup or auxiliary facilities or similar systems when necessary to achieve compliance with the conditions of the permit and when required by Department rules.

**PERMITTEE:**  
**Chris Craft Boats**

**Permit Number: AC 41-218344**  
**Expiration Date: Dec. 31, 1993**

**GENERAL CONDITIONS:**

7. The permittee, by accepting this permit, specifically agrees to allow authorized Department personnel, upon presentation of credentials or other documents as may be required by law and at a reasonable time, access to the premises, where the permitted activity is located or conducted to:

- a. Have access to and copy any records that must be kept under the conditions of the permit;
- b. Inspect the facility, equipment, practices, or operations regulated or required under this permit; and,
- c. Sample or monitor any substances or parameters at any location reasonably necessary to assure compliance with this permit or Department rules.

Reasonable time may depend on the nature of the concern being investigated.

8. If, for any reason, the permittee does not comply with or will be unable to comply with any condition or limitation specified in this permit, the permittee shall immediately provide the Department with the following information:

- a. a description of and cause of non-compliance; and,
- b. the period of noncompliance, including dates and times; or, if not corrected, the anticipated time the non-compliance is expected to continue, and steps being taken to reduce, eliminate, and prevent recurrence of the non-compliance.

The permittee shall be responsible for any and all damages which may result and may be subject to enforcement action by the Department for penalties or for revocation of this permit.

9. In accepting this permit, the permittee understands and agrees that all records, notes, monitoring data and other information relating to the construction or operation of this permitted source which are submitted to the Department may be used by the Department as evidence in any enforcement case involving the permitted source arising under the F.S. or Department rules, except where such use is proscribed by Sections 403.73 and 403.111, F.S. Such evidence shall only be used to the extent it is consistent with the Florida Rules of Civil Procedure and appropriate evidentiary rules.

10. The permittee agrees to comply with changes in Department rules and F.S. after a reasonable time for compliance, provided, however, the permittee does not waive any other rights granted by F.S. or Department rules.

PERMITTEE:  
Chris Craft Boats

Permit Number: AC 41-218344  
Expiration Date: Dec. 31, 1993

**GENERAL CONDITIONS:**

11. This permit is transferable only upon Department approval in accordance with F.A.C. Rules 17-4.120 and 17-30.300, as applicable. The permittee shall be liable for any non-compliance of the permitted activity until the transfer is approved by the Department.
12. This permit or a copy thereof shall be kept at the work site of the permitted activity.
13. The permittee shall comply with the following:
  - a. Upon request, the permittee shall furnish all records and plans required under Department rules. During enforcement actions, the retention period for all records will be extended automatically unless otherwise stipulated by the Department.
  - b. The permittee shall hold at the facility or other location designated by this permit records of all monitoring information (including all calibration and maintenance records and all original strip chart recordings for continuous monitoring instrumentation) required by the permit, copies of all reports required by this permit, and, records of all data used to complete the application for this permit. These materials shall be retained at least three years from the date of the sample, measurement, report, or application unless otherwise specified by Department rule.
  - c. Records of monitoring information shall include:
    - the date, exact place, and time of sampling or measurements;
    - the person responsible for performing the sampling or measurements;
    - the dates analyses were performed;
    - the person responsible for performing the analyses;
    - the analytical techniques or methods used; and,
    - the results of such analyses.
14. When requested by the Department, the permittee shall within a reasonable time furnish any information required by law which is needed to determine compliance with the permit. If the permittee becomes aware that relevant facts were not submitted or were incorrect in the permit application or in any report to the Department, such facts or information shall be corrected promptly.

PERMITTEE:  
Chris Craft Boats

Permit Number: AC 41-218344  
Expiration Date: Dec. 31, 1993

**SPECIFIC CONDITIONS:**

1. The facility is allowed to operate continuously (i.e., 8760 hrs/yr).
2. Volatile organic compounds/organic solvents (VOC/OS) emissions from the laminating and gelcoating operations shall be verifiable on a monthly basis and shall not exceed 236.0 tons/yr. The basis of the limitation is:

| VOC/OS                     | Potential Pollutant Emissions |           |
|----------------------------|-------------------------------|-----------|
| o Acetone                  | 39.4 lbs/hr,                  | 76.8 TPY  |
| o Styrene                  | 69.9 lbs/hr,                  | 137.5 TPY |
| o Methyl Methacrylate      | 2.1 lbs/hr,                   | 4.1 TPY   |
| o Trichlorofluoro Methane  | 4.0 lbs/hr,                   | 7.8 TPY   |
| o Dichlorodifluoro Methane | 0.009 lbs/hr,                 | 0.018 TPY |
| o Toluene                  | 2.5 lbs/hr,                   | 4.9 TPY   |
| o Hexane                   | 2.5 lbs/hr                    | 4.9 TPY   |
| Total:                     |                               | 236.0 TPY |

NOTE: Actual hours of operation projected to be 3,900 per year.

3. Compliance shall be demonstrated by applying a material balance scheme, which is to compare the beginning inventory, recycled and disposed-of (shipped-out) material, and ending inventory. An annual operating report shall be submitted to the Department's Southwest District office reporting the actual annual VOC/OS emissions from the facility, on a per month basis, by March 1 of each year.
4. In accordance with F.A.C. Rule 17-296.320(1)(a), no person shall store, pump, handle, process, load, unload or use in any process or installation VOC or OS without applying known and existing vapor emission control devices or systems deemed necessary and ordered by the Department. All vats, containers, etc., that are used for temporary and permanent storage of VOC/OS, shall be covered when not in use.
5. Objectionable odors will not be allowed off plant property in accordance with F.A.C. Rule 17-296.320(2).
6. Any change in the method of operation pursuant to F.A.C. Rule 17-296.200, Definitions-Modification, shall require the submittal of an application and appropriate processing fee to the Department's Bureau of Air Regulation.
7. The facility's operation is subject to all applicable provisions of F.A.C. Chapters 17-210 thru 17-297 and 17-4; and, 40 CFR (July, 1991 version).
8. This permit shall supercede all previously issued air construction permits.

PERMITTEE:  
Chris Craft Boats

Permit Number: AC 41-218344  
Expiration Date: Dec. 31, 1993

**SPECIFIC CONDITIONS:**

9. The permittee is subject to all of the applicable provisions of F.A.C. Chapters 17-210 thru 17-297 and 17-4; and, the 40 CFR (July, 1991 version).

10. The permittee is subject to the applicable provisions of F.A.C. Rules 17-210.700: Excess Emissions; and 17-4.130: Plant Operations-Problems.

11. The permittee, for good cause, may request that this construction permit be extended. Such a request shall be submitted to the Department's Bureau of Air Regulation prior to 60 days before the expiration date of the permit (F.A.C. Rule 17-4.090).

12. An application for an operation permit must be submitted to the Department's Southwest District office at least 90 days prior to the expiration date of this construction permit. To properly apply for an operation permit, the applicant shall submit the appropriate application form, fee, certification that construction was completed while noting any deviations from the conditions in the construction permit, and compliance test reports as required by this permit (F.A.C. Rules 17-4.055 and 17-4.220).

Issued this 10 day  
of January, 1993

### CERTIFIED MAIL-RETURN RECEIPT REQUESTED

Mr. T. P. Robinson  
V.P. and General Manager  
Chris Craft Boats  
8161 15th Street East  
Sarasota, Florida 34243

Dear Mr. Robinson:

Attached is one copy of the Department's Intent to Issue an air construction permit for an increase in the permitted hours of operation, established in construction permit No. AC 41-165851, to allow continuous operation of the facility, which produces fiberglass boats. The project will take place at the facility located in Manatee County, Florida.

Please submit any written comments you wish to have considered concerning the Department's proposed action to Mr. Preston Lewis of the Bureau of Air Regulation.

Sincerely,

C. H. Fancy, P.E.  
Chief

Bureau of Air Regulation

BEFORE THE STATE OF FLORIDA  
DEPARTMENT OF ENVIRONMENTAL REGULATION

In the Matter of  
Application for Permit by:

Chris Craft Boats  
8161 15th Street East  
Sarasota, Florida 34243

DER File No. AC 41-218344

---

INTENT TO ISSUE

The Department of Environmental Regulation hereby gives notice of its intent to issue an air construction permit (copy attached). The Department is issuing this Intent to Issue for the reasons stated below.

The applicant, Chris Craft Boats, received an after-the-fact air construction permit (AC 41-165851) on July 18, 1991, for the fiberglass boat manufacturing operations. The permit limited the hours of operation. The permittee now wants to operate the facility continuously with no increase in the allowable emissions, of which compliance is demonstrated using a material balance scheme and verifiable on a monthly basis. Therefore, the purpose of this agency action is to issue an air construction permit to reflect the modification to the fiberglass boat manufacturing operation.

The Department has permitting jurisdiction under Chapter 403, Florida Statutes (F.S.), Florida Administrative Code (F.A.C.) Chapters 17-2 and 17-4, and 40 CFR (July, 1991 version). The project is not exempt from permitting procedures. The Department has determined that the issuance of an air construction permit is necessary for federal enforceable reasons.

Pursuant to Section 403.815, F.S. and DER Rule 17-103.150, F.A.C., you (the applicant) are required to publish at your own expense the enclosed Notice of Intent to Issue a Permit. The notice shall be published one time only within 30 days, in the legal ad section of a newspaper of general circulation in the area affected. For the purpose of this rule, "publication in a newspaper of general circulation in the area affected" means publication in a newspaper meeting the requirements of Sections 50.011 and 50.031, F.S., in the county where the activity is to take place. Where there is more than one newspaper of general circulation in the county, the newspaper used must be the one with significant circulation in the area that may be affected by the permitting action. If you are uncertain that a newspaper meets these requirements, please contact the

Department

at the address or telephone number listed below. The applicant shall provide proof of publication to the Department's Bureau of Air Regulation, 2600 Blair Stone Road, Tallahassee, Florida 32399-2400, within seven days of publication. Failure to publish the notice and provide proof of publication within the allotted time may result in the denial of the permit.

The Department will issue the proposed permit with the attached conditions unless a petition for an administrative proceeding (hearing) is filed pursuant to the provisions of Section 120.57, F.S.

Any person whose substantial interests are affected by the Department's proposed permitting decision may petition for an administrative proceeding (hearing) in accordance with Section 120.57, F.S. The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department at 2600 Blair Stone Road, Tallahassee, Florida 32399-2400. Petitions filed by the permit applicant and the parties listed below must be filed within 14 days of receipt of this intent. Petitions filed by other persons must be filed within 14 days of publication of the public notice or within 14 days of receipt of this intent, whichever first occurs. Petitioner shall mail a copy of the petition to the applicant at the address indicated above at the time of filing. Failure to file a petition within this time period shall constitute a waiver of any right such person may have to request an administrative determination (hearing) under Section 120.57, F.S..

The Petition shall contain the following information;

(a) The name, address, and telephone number of each petitioner, the applicant's name and address, the Department Permit File Number and the county in which the project is proposed;

(b) A statement of how and when each petitioner received notice of the Department's action or proposed action;

(c) A statement of how each petitioner's substantial interests are affected by the Department's action or proposed action;

(d) A statement of the material facts disputed by Petitioner, if any;

(e) A statement of facts which petitioner contends warrant reversal or modification of the Department's action or proposed action;

(f) A statement of which rules or statutes petitioner contends require reversal or modification of the Department's action or proposed action; and,

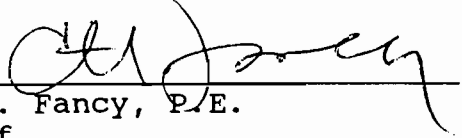

(g) A statement of the relief sought by petitioner, stating precisely the action petitioner wants the Department to take with respect to the Department's action or proposed action.

If a petition is filed, the administrative hearing process is designed to formulate agency action. Accordingly, the Department's final action may be different from the position taken by it in this notice. Persons whose substantial interests will be affected by any decision of the Department with regard to the application/request

have the right to petition to become a party to the proceeding. The petition must conform to the requirements specified above and be filed (received) within 14 days of publication of this notice in the Office in General Counsel at the above address of the Department. Failure to petition within the allowed time frame constitutes a waiver of any right such person has to request a hearing under Section 120.57, F.S., and to participate as a party to this proceeding. Any subsequent intervention will only be at the approval of the presiding officer upon motion filed pursuant to Rule 28-5.207, F.A.C.

Executed in Tallahassee, Florida.

State of Florida  
Department of Environmental Regulation  
Notice of Intent to Issue

Chris Craft Boats  
AC 41-218344

The Department of Environmental Regulation hereby gives notice of its intent to issue an air construction permit to Chris Craft Boats, 8161 15th Street East, Sarasota, Manatee County, Florida 34243. The purpose is to increase the permitted hours of operation, established in air construction permit No. AC 41-165851, to allow continuous operation of the facility, which manufactures fiberglass boats. There will be no increase in the allowable emissions, of which compliance is demonstrated using a material balance scheme and verifiable on a monthly basis. A determination of Best Available Control Technology (BACT) was not required. The Department is issuing this Intent to Issue for the reasons stated.

A person whose substantial interests are affected by the Department's proposed permitting decision may petition for an administrative proceeding (hearing) in accordance with Section 120.57, F.S. The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department at 2600 Blair Stone Road, Tallahassee, Florida 32399-2400, within fourteen (14) days of publication of this notice. Petitioner shall mail a copy of the petition to the applicant at the address indicated above at the time of filing. Failure to file a petition within this time period shall constitute a waiver of any right such person may have to request an administrative determination (hearing) under Section 120.57, F.S.

The Petition shall contain the following information:

(a) The name, address, and telephone number of each petitioner, the applicant's name and address, the Department Permit File Number and the county in which the project is proposed;

(b) A statement of how and when each petitioner received notice of the Department's action or proposed action;

(c) A statement of how each petitioner's substantial interests are affected by the Department's action or proposed action;

(d) A statement of the material facts disputed by Petitioner, if any;

(e) A statement of facts which petitioner contends warrant reversal or modification of the Department's action or proposed action;

(f) A statement of which rules or statutes petitioner contends require reversal or modification of the Department's action or proposed action; and,

(g) A statement of the relief sought by petitioner, stating precisely the action petitioner wants the Department to take with respect to the Department's action or proposed action.

If a petition is filed, the administrative hearing process is designed to formulate agency action. Accordingly, the Department's final action may be different from the position taken by it in this Notice. Persons whose substantial interests will be affected by any decision of the Department with regard to the application/request have the right to petition to become a party to the proceeding. The petition must conform to the requirements specified above and be filed (received) within 14 days of publication of this notice in the Office of General Counsel at the above address of the Department. Failure to petition within the allowed time frame constitutes a waiver of any right such person has to request a hearing under Section 120.57, F.S., and to participate as a party to this proceeding. Any subsequent intervention will only be at the approval of the presiding officer upon motion filed pursuant to Rule 28-5.207, F.A.C.

The application/request is available for public inspection during business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at:

Department of Environmental Regulation  
Bureau of Air Regulation  
2600 Blair Stone Road  
Tallahassee, Florida 32399-2400

Department of Environmental Regulation  
Southwest District  
3804 Coconut Palm Drive  
Tampa, Florida 33619

Manatee County Pollution Department  
410 Sixth Avenue, East  
Bradenton, Florida 34208-1986

Any person may send written comments on the proposed action to Mr. Preston Lewis at the Department's Tallahassee address. All comments received within 14 days of the publication of this notice will be considered in the Department's final determination.

**PERMITTEE:**

Chris Craft Boats  
8161 15th Street East  
Sarasota, Florida 34243

Permit Number: AC 41-218344

Expiration Date: Dec. 31, 1993

County: Manatee

Latitude/Longitude: 27°23'30"N  
82°32'40"W

Project: Modification of the  
Fiberglass Boat Manufacturing  
Operation

This permit is issued under the provisions of Chapter 403, Florida Statutes (F.S.), Florida Administrative Code (F.A.C.) Chapters 17-2 and 17-4, and 40 CFR (July, 1991 version). The above named permittee is hereby authorized to perform the work or operate the facility shown on the application and approved drawings, plans, and other documents attached hereto or on file with the Department and made a part hereof and specifically described as follows:

For the relaxation of the permitted hours of operation, established in construction permit No. AC 41-165851, to allow continuous hours of operation of the facility, which produces fiberglass boats. There will be no increase in the allowable emissions. A material balance scheme is used to demonstrate compliance. There is an associated exhaust system rated at 60,000 acfm. The UTM coordinates are Zone 17, 347.215 km East and 3030.633 km North.

The Standard Industrial Code is: 3732 - Boat Manufacturing Plant

The Source Classification Code is:

3-08-007-20 General Fiberglass Resin Products Tons Coating  
Applied

The source shall be in accordance with the permit application, plans, documents, supplementary information, amendments and drawings, except as otherwise noted in the General and Specific Conditions.

**Attachments to be Incorporated:**

1. Mr. Tom T. John's request to amend/modify an air pollution source received July 13, 1992.
2. Mr. C. H. Fancy's letter dated August 4, 1992.
3. Mr. Michael Schenk's letter with the processing fee received August 26, 1992.
4. Mr. Tom T. John's FAX received October 7, 1992.
5. Intent to Issue package dated October 14, 1992.

PERMITTEE:  
Chris Craft Boats

Permit Number: AC 41-218344  
Expiration Date: Dec. 31, 1993

**GENERAL CONDITIONS:**

1. The terms, conditions, requirements, limitations, and restrictions set forth in this permit are "Permit Conditions" and are binding and enforceable pursuant to Sections 403.161, 403.727, or 403.859 through 403.861, F.S. The permittee is placed on notice that the Department will review this permit periodically and may initiate enforcement action for any violation of these conditions.
2. This permit is valid only for the specific processes and operations applied for and indicated in the approved drawings or exhibits. Any unauthorized deviation from the approved drawings, exhibits, specifications, or conditions of this permit may constitute grounds for revocation and enforcement action by the Department.
3. As provided in Subsections 403.087(6) and 403.722(5), F.S., the issuance of this permit does not convey any vested rights or any exclusive privileges. Neither does it authorize any injury to public or private property or any invasion of personal rights, nor any infringement of federal, state or local laws or regulations. This permit is not a waiver of or approval of any other Department permit that may be required for other aspects of the total project which are not addressed in the permit.
4. This permit conveys no title to land or water, does not constitute State recognition or acknowledgement of title, and does not constitute authority for the use of submerged lands unless herein provided and the necessary title or leasehold interests have been obtained from the State. Only the Trustees of the Internal Improvement Trust Fund may express State opinion as to title.
5. This permit does not relieve the permittee from liability for harm or injury to human health or welfare, animal, or plant life, or property caused by the construction or operation of this permitted source, or from penalties therefore; nor does it allow the permittee to cause pollution in contravention of F.S. and Department rules, unless specifically authorized by an order from the Department.
6. The permittee shall properly operate and maintain the facility and systems of treatment and control (and related appurtenances) that are installed or used by the permittee to achieve compliance with the conditions of this permit, as required by Department rules. This provision includes the operation of backup or auxiliary facilities or similar systems when necessary to achieve compliance with the conditions of the permit and when required by Department rules.

PERMITTEE:  
Chris Craft Boats

Permit Number: AC 41-218344  
Expiration Date: Dec. 31, 1993

**GENERAL CONDITIONS:**

7. The permittee, by accepting this permit, specifically agrees to allow authorized Department personnel, upon presentation of credentials or other documents as may be required by law and at a reasonable time, access to the premises, where the permitted activity is located or conducted to:

- a. Have access to and copy any records that must be kept under the conditions of the permit;
- b. Inspect the facility, equipment, practices, or operations regulated or required under this permit; and,
- c. Sample or monitor any substances or parameters at any location reasonably necessary to assure compliance with this permit or Department rules.

Reasonable time may depend on the nature of the concern being investigated.

8. If, for any reason, the permittee does not comply with or will be unable to comply with any condition or limitation specified in this permit, the permittee shall immediately provide the Department with the following information:

- a. a description of and cause of non-compliance; and,
- b. the period of noncompliance, including dates and times; or, if not corrected, the anticipated time the non-compliance is expected to continue, and steps being taken to reduce, eliminate, and prevent recurrence of the non-compliance.

The permittee shall be responsible for any and all damages which may result and may be subject to enforcement action by the Department for penalties or for revocation of this permit.

9. In accepting this permit, the permittee understands and agrees that all records, notes, monitoring data and other information relating to the construction or operation of this permitted source which are submitted to the Department may be used by the Department as evidence in any enforcement case involving the permitted source arising under the F.S. or Department rules, except where such use is proscribed by Sections 403.73 and 403.111, F.S. Such evidence shall only be used to the extent it is consistent with the Florida Rules of Civil Procedure and appropriate evidentiary rules.

10. The permittee agrees to comply with changes in Department rules and F.S. after a reasonable time for compliance, provided, however, the permittee does not waive any other rights granted by F.S. or Department rules.

PERMITTEE:  
Chris Craft Boats

Permit Number: AC 41-218344  
Expiration Date: Dec. 31, 1993

**GENERAL CONDITIONS:**

11. This permit is transferable only upon Department approval in accordance with F.A.C. Rules 17-4.120 and 17-30.300, as applicable. The permittee shall be liable for any non-compliance of the permitted activity until the transfer is approved by the Department.

12. This permit or a copy thereof shall be kept at the work site of the permitted activity.

13. The permittee shall comply with the following:

- a. Upon request, the permittee shall furnish all records and plans required under Department rules. During enforcement actions, the retention period for all records will be extended automatically unless otherwise stipulated by the Department.
- b. The permittee shall hold at the facility or other location designated by this permit records of all monitoring information (including all calibration and maintenance records and all original strip chart recordings for continuous monitoring instrumentation) required by the permit, copies of all reports required by this permit, and, records of all data used to complete the application for this permit. These materials shall be retained at least three years from the date of the sample, measurement, report, or application unless otherwise specified by Department rule.
- c. Records of monitoring information shall include:
  - the date, exact place, and time of sampling or measurements;
  - the person responsible for performing the sampling or measurements;
  - the dates analyses were performed;
  - the person responsible for performing the analyses;
  - the analytical techniques or methods used; and,
  - the results of such analyses.

14. When requested by the Department, the permittee shall within a reasonable time furnish any information required by law which is needed to determine compliance with the permit. If the permittee becomes aware that relevant facts were not submitted or were incorrect in the permit application or in any report to the Department, such facts or information shall be corrected promptly.

PERMITTEE:  
Chris Craft Boats

Permit Number: AC 41-218344  
Expiration Date: Dec. 31, 1993

**SPECIFIC CONDITIONS:**

1. The facility is allowed to operate continuously (i.e., 8760 hrs/yr).
2. Volatile organic compounds/organic solvents (VOC/OS) emissions from the laminating and gelcoating operations shall be verifiable on a monthly basis and shall not exceed 236.0 tons/yr. The basis of the limitation is:

| VOC/OS                     | Potential Pollutant Emissions |           |
|----------------------------|-------------------------------|-----------|
| o Acetone                  | 39.4 lbs/hr,                  | 76.8 TPY  |
| o Styrene                  | 69.9 lbs/hr,                  | 137.5 TPY |
| o Methyl Methacrylate      | 2.1 lbs/hr,                   | 4.1 TPY   |
| o Trichlorofluoro Methane  | 4.0 lbs/hr,                   | 7.8 TPY   |
| o Dichlorodifluoro Methane | 0.009 lbs/hr,                 | 0.018 TPY |
| o Toluene                  | 2.5 lbs/hr,                   | 4.9 TPY   |
| o Hexane                   | 2.5 lbs/hr                    | 4.9 TPY   |
| Total:                     |                               | 236.0 TPY |

NOTE: Actual hours of operation projected to be 3,900 per year.

3. Compliance shall be demonstrated by applying a material balance scheme, which is to compare the beginning inventory, recycled and disposed-of (shipped-out) material, and ending inventory. An annual operating report shall be submitted to the Department's Southwest District office reporting the actual annual VOC/OS emissions from the facility, on a per month basis, by March 1 of each year.
4. In accordance with F.A.C. Rule 17-2.620(1), no person shall store, pump, handle, process, load, unload or use in any process or installation VOC or OS without applying known and existing vapor emission control devices or systems deemed necessary and ordered by the Department. All vats, containers, etc., that are used for temporary and permanent storage of VOC/OS, shall be covered when not in use.
5. Objectionable odors will not be allowed off plant property in accordance with F.A.C. Rule 17-2.620(2).
6. Any change in the method of operation pursuant to F.A.C. Rule 17-2.100, Definitions-Modification, shall require the submittal of an application and appropriate processing fee to the Department's Bureau of Air Regulation.
7. The facility's operation is subject to all applicable provisions of F.A.C. Chapters 17-2 and 17-4 and 40 CFR (July, 1990 version).
8. This permit shall supercede all previously issued air construction permits.

**PERMITTEE:**  
**Chris Craft Boats**

**Permit Number: AC 41-218344**  
**Expiration Date: Dec. 31, 1993**

**SPECIFIC CONDITIONS:**

9. The permittee is subject to all of the applicable provisions of F.A.C. Chapters 17-2 and 17-4, and the 40 CFR (July, 1991 version).

10. The permittee is subject to the applicable provisions of F.A.C. Rules 17-2.250: Excess Emissions; and 17-4.130: Plant Operations-Problems.

11. The permittee, for good cause, may request that this construction permit be extended. Such a request shall be submitted to the Department's Bureau of Air Regulation prior to 60 days before the expiration date of the permit (F.A.C. Rule 17-4.090).

12. An application for an operation permit must be submitted to the Department's Southwest District office at least 90 days prior to the expiration date of this construction permit. To properly apply for an operation permit, the applicant shall submit the appropriate application form, fee, certification that construction was completed while noting any deviations from the conditions in the construction permit, and compliance test reports as required by this permit (F.A.C. Rules 17-4.055 and 17-4.220).

State of Florida  
Department of Environmental Regulation  
Notice of Intent to Issue

Chris Craft Boats  
AC 41-218344

The Department of Environmental Regulation hereby gives notice of its intent to issue an air construction permit to Chris Craft Boats, 8161 15th Street East, Sarasota, Manatee County, Florida 34243. The purpose is to increase the permitted hours of operation, established in air construction permit No. AC 41-165851, to allow continuous operation of the facility, which manufactures fiberglass boats. There will be no increase in the allowable emissions, of which compliance is demonstrated using a material balance scheme and verifiable on a monthly basis. A determination of Best Available Control Technology (BACT) was not required. The Department is issuing this Intent to Issue for the reasons stated.

A person whose substantial interests are affected by the Department's proposed permitting decision may petition for an administrative proceeding (hearing) in accordance with Section 120.57, F.S. The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department at 2600 Blair Stone Road, Tallahassee, Florida 32399-2400, within fourteen (14) days of publication of this notice. Petitioner shall mail a copy of the petition to the applicant at the address indicated above at the time of filing. Failure to file a petition within this time period shall constitute a waiver of any right such person may have to request an administrative determination (hearing) under Section 120.57, F.S.

The Petition shall contain the following information:

- (a) The name, address, and telephone number of each petitioner, the applicant's name and address, the Department Permit File Number and the county in which the project is proposed;
- (b) A statement of how and when each petitioner received notice of the Department's action or proposed action;
- (c) A statement of how each petitioner's substantial interests are affected by the Department's action or proposed action;
- (d) A statement of the material facts disputed by Petitioner, if any;
- (e) A statement of facts which petitioner contends warrant reversal or modification of the Department's action or proposed action;

(f) A statement of which rules or statutes petitioner contends require reversal or modification of the Department's action or proposed action; and,

(g) A statement of the relief sought by petitioner, stating precisely the action petitioner wants the Department to take with respect to the Department's action or proposed action.

If a petition is filed, the administrative hearing process is designed to formulate agency action. Accordingly, the Department's final action may be different from the position taken by it in this Notice. Persons whose substantial interests will be affected by any decision of the Department with regard to the application/request have the right to petition to become a party to the proceeding. The petition must conform to the requirements specified above and be filed (received) within 14 days of publication of this notice in the Office of General Counsel at the above address of the Department. Failure to petition within the allowed time frame constitutes a waiver of any right such person has to request a hearing under Section 120.57, F.S., and to participate as a party to this proceeding. Any subsequent intervention will only be at the approval of the presiding officer upon motion filed pursuant to Rule 28-5.207, F.A.C.

The application/request is available for public inspection during business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at:

Department of Environmental Regulation  
Bureau of Air Regulation  
2600 Blair Stone Road

CERTIFIED MAIL-RETURN RECEIPT REQUESTED

Mr. T. P. Robinson  
V.P. and General Manager  
Chris Craft Boats  
8161 15th Street East  
Sarasota, Florida 34243

Dear Mr. Robinson:

Attached is one copy of the Department's Intent to Issue an air construction permit for an increase in the permitted hours of operation, established in construction permit No. AC 41-165851, to allow continuous operation of the facility, which produces fiberglass boats. The project will take place at the facility located in Sarasota County, Florida.

Please submit any written comments you wish to have considered concerning the Department's proposed action to Mr. Preston Lewis of the Bureau of Air Regulation.

Sincerely,

C. H. Farcy, P.E.  
Chief

Bureau of Air Regulation

BEFORE THE STATE OF FLORIDA  
DEPARTMENT OF ENVIRONMENTAL REGULATION

In the Matter of  
Application for Permit by:

Chris Craft Boats  
8161 15th Street East  
Sarasota, Florida 34243

DER File No. AC 41-218344

---

INTENT TO ISSUE

The Department of Environmental Regulation hereby gives notice of its intent to issue an air construction permit (copy attached). The Department is issuing this Intent to Issue for the reasons stated below.

The applicant, Chris Craft Boats, received an after-the-fact air construction permit (AC 41-165851) on July 18, 1991, for the fiberglass boat manufacturing operations. The permit limited the hours of operation. The permittee now wants to operate the facility continuously with no increase in the allowable emissions, of which compliance is demonstrated using a material balance scheme and verifiable on a monthly basis. Therefore, the purpose of this agency action is to issue an air construction permit to reflect the modification to the fiberglass boat manufacturing operation.

The Department has permitting jurisdiction under Chapter 403, Florida Statutes (F.S.), Florida Administrative Code (F.A.C.) Chapters 17-2 and 17-4, and 40 CFR (July, 1991 version). The project is not exempt from permitting procedures. The Department has determined that the issuance of an air construction permit is necessary for federal enforceable reasons.

Pursuant to Section 403.815, F.S. and DER Rule 17-103.150, F.A.C., you (the applicant) are required to publish at your own expense the enclosed Notice of Intent to Issue a Permit. The notice shall be published one time only within 30 days, in the legal ad section of a newspaper of general circulation in the area affected. For the purpose of this rule, "publication in a newspaper of general circulation in the area affected" means publication in a newspaper meeting the requirements of Sections 50.011 and 50.031, F.S., in the county where the activity is to take place. Where there is more than one newspaper of general circulation in the county, the newspaper used must be the one with significant circulation in the area that may be affected by the permitting action. If you are uncertain that a newspaper meets these requirements, please contact the  
Department

at the address or telephone number listed below. The applicant shall provide proof of publication to the Department's Bureau of Air Regulation, 2600 Blair Stone Road, Tallahassee, Florida 32399-2400, within seven days of publication. Failure to publish the notice and provide proof of publication within the allotted time may result in the denial of the permit.

The Department will issue the proposed permit with the attached conditions unless a petition for an administrative proceeding (hearing) is filed pursuant to the provisions of Section 120.57, F.S.

Any person whose substantial interests are affected by the Department's proposed permitting decision may petition for an administrative proceeding (hearing) in accordance with Section 120.57, F.S. The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department at 2600 Blair Stone Road, Tallahassee, Florida 32399-2400. Petitions filed by the permit applicant and the parties listed below must be filed within 14 days of receipt of this intent. Petitions filed by other persons must be filed within 14 days of publication of the public notice or within 14 days of receipt of this intent, whichever first occurs. Petitioner shall mail a copy of the petition to the applicant at the address indicated above at the time of filing. Failure to file a petition within this time period shall constitute a waiver of any right such person may have to request an administrative determination (hearing) under Section 120.57, F.S..

The Petition shall contain the following information;

(a) The name, address, and telephone number of each petitioner, the applicant's name and address, the Department Permit File Number and the county in which the project is proposed;

(b) A statement of how and when each petitioner received notice of the Department's action or proposed action;

(c) A statement of how each petitioner's substantial interests are affected by the Department's action or proposed action;

(d) A statement of the material facts disputed by Petitioner, if any;

(e) A statement of facts which petitioner contends warrant reversal or modification of the Department's action or proposed action;

(f) A statement of which rules or statutes petitioner contends require reversal or modification of the Department's action or proposed action; and,

(g) A statement of the relief sought by petitioner, stating precisely the action petitioner wants the Department to take with respect to the Department's action or proposed action.

If a petition is filed, the administrative hearing process is designed to formulate agency action. Accordingly, the Department's final action may be different from the position taken by it in this notice. Persons whose substantial interests will be affected by any decision of the Department with regard to the application/request

have the right to petition to become a party to the proceeding. The petition must conform to the requirements specified above and be filed (received) within 14 days of publication of this notice in the Office in General Counsel at the above address of the Department. Failure to petition within the allowed time frame constitutes a waiver of any right such person has to request a hearing under Section 120.57, F.S., and to participate as a party to this proceeding. Any subsequent intervention will only be at the approval of the presiding officer upon motion filed pursuant to Rule 28-5.207, F.A.C.

Executed in Tallahassee, Florida.

State of Florida  
Department of Environmental Regulation  
Notice of Intent to Issue

Chris Craft Boats  
AC 41-218344

The Department of Environmental Regulation hereby gives notice of its intent to issue an air construction permit to Chris Craft Boats, 8161 15th Street East, Sarasota, Sarasota County, Florida 34243. The purpose is to increase the permitted hours of operation, established in air construction permit No. AC 41-165851, to allow continuous operation of the facility, which manufactures fiberglass boats. There will be no increase in the allowable emissions, of which compliance is demonstrated using a material balance scheme and verifiable on a monthly basis. A determination of Best Available Control Technology (BACT) was not required. The Department is issuing this Intent to Issue for the reasons stated.

A person whose substantial interests are affected by the Department's proposed permitting decision may petition for an administrative proceeding (hearing) in accordance with Section 120.57, F.S. The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department at 2600 Blair Stone Road, Tallahassee, Florida 32399-2400, within fourteen (14) days of publication of this notice. Petitioner shall mail a copy of the petition to the applicant at the address indicated above at the time of filing. Failure to file a petition within this time period shall constitute a waiver of any right such person may have to request an administrative determination (hearing) under Section 120.57, F.S.

The Petition shall contain the following information:

- (a) The name, address, and telephone number of each petitioner, the applicant's name and address, the Department Permit File Number and the county in which the project is proposed;
- (b) A statement of how and when each petitioner received notice of the Department's action or proposed action;
- (c) A statement of how each petitioner's substantial interests are affected by the Department's action or proposed action;
- (d) A statement of the material facts disputed by Petitioner, if any;
- (e) A statement of facts which petitioner contends warrant reversal or modification of the Department's action or proposed action;

(f) A statement of which rules or statutes petitioner contends require reversal or modification of the Department's action or proposed action; and,

(g) A statement of the relief sought by petitioner, stating precisely the action petitioner wants the Department to take with respect to the Department's action or proposed action.

If a petition is filed, the administrative hearing process is designed to formulate agency action. Accordingly, the Department's final action may be different from the position taken by it in this Notice. Persons whose substantial interests will be affected by any decision of the Department with regard to the application/request have the right to petition to become a party to the proceeding. The petition must conform to the requirements specified above and be filed (received) within 14 days of publication of this notice in the Office of General Counsel at the above address of the Department. Failure to petition within the allowed time frame constitutes a waiver of any right such person has to request a hearing under Section 120.57, F.S., and to participate as a party to this proceeding. Any subsequent intervention will only be at the approval of the presiding officer upon motion filed pursuant to Rule 28-5.207, F.A.C.

The application/request is available for public inspection during business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at:

Department of Environmental Regulation  
Bureau of Air Regulation  
2600 Blair Stone Road  
Tallahassee, Florida 32399-2400

Department of Environmental Regulation

**Expiration Date: Dec. 31, 1993**

**County: Sarasota**

**Latitude/Longitude: 27°23'30"N**  
**82°32'40"W**

**Project: Modification of the**  
**Fiberglass Boat Manufacturing**  
**Operation**

This permit is issued under the provisions of Chapter 403, Florida Statutes (F.S.), Florida Administrative Code (F.A.C.) Chapters 17-2 and 17-4, and 40 CFR (July, 1991 version). The above named permittee is hereby authorized to perform the work or operate the facility shown on the application and approved drawings, plans, and other documents attached hereto or on file with the Department and made a part hereof and specifically described as follows:

For the relaxation of the permitted hours of operation, established in construction permit No. AC 41-165851, to allow continuous hours of operation of the facility, which produces fiberglass boats. There will be no increase in the allowable emissions. A material balance scheme is used to demonstrate compliance. There is an associated exhaust system rated at 60,000 acfm. The UTM coordinates are Zone 17, 347.215 km East and 3030.633 km North.

The Standard Industrial Code is: 3732 - Boat Manufacturing Plant

The Source Classification Code is:

3-08-007-20 General Fiberglass Resin Products Tons Coating  
Applied

The source shall be in accordance with the permit application, plans, documents, supplementary information, amendments and drawings, except as otherwise noted in the General and Specific Conditions.

Attachments to be Incorporated:

1. Mr. Tom T. John's request to amend/modify an air pollution source received July 13, 1992.
2. Mr. C. H. Fancy's letter dated August 4, 1992.
3. Mr. Michael Schenk's letter with the processing fee received August 26, 1992.
4. Mr. Tom T. John's FAX received October 7, 1992.
5. Intent to Issue package dated October 9, 1992.

PERMITTEE:  
Chris Craft Boats

Permit Number: AC 41-218344  
Expiration Date: Dec. 31, 1993

**GENERAL CONDITIONS:**

1. The terms, conditions, requirements, limitations, and restrictions set forth in this permit are "Permit Conditions" and are binding and enforceable pursuant to Sections 403.161, 403.727, or 403.859 through 403.861, F.S. The permittee is placed on notice that the Department will review this permit periodically and may initiate enforcement action for any violation of these conditions.

2. This permit is valid only for the specific processes and operations applied for and indicated in the approved drawings or exhibits. Any unauthorized deviation from the approved drawings, exhibits, specifications, or conditions of this permit may constitute grounds for revocation and enforcement action by the Department.

3. As provided in Subsections 403.087(6) and 403.722(5), F.S., the issuance of this permit does not convey any vested rights or any exclusive privileges. Neither does it authorize any injury to public or private property or any invasion of personal rights, nor any infringement of federal, state or local laws or regulations. This permit is not a waiver of or approval of any other Department permit that may be required for other aspects of the total project which are not addressed in the permit.

4. This permit conveys no title to land or water, does not constitute State recognition or acknowledgement of title, and does not constitute authority for the use of submerged lands unless herein provided and the necessary title or leasehold interests have been obtained from the State. Only the Trustees of the Internal Improvement Trust Fund may express State opinion as to title.

5. This permit does not relieve the permittee from liability for harm or injury to human health or welfare, animal, or plant life, or property caused by the construction or operation of this permitted source, or from penalties therefore; nor does it allow the permittee to cause pollution in contravention of F.S. and Department rules, unless specifically authorized by an order from the Department.

6. The permittee shall properly operate and maintain the facility and systems of treatment and control (and related appurtenances) that are installed or used by the permittee to achieve compliance with the conditions of this permit, as required by Department rules. This provision includes the operation of backup or auxiliary facilities or similar systems when necessary to achieve compliance with the conditions of the permit and when required by Department rules.

PERMITTEE:  
Chris Craft Boats

Permit Number: AC 41-218344  
Expiration Date: Dec. 31, 1993

**GENERAL CONDITIONS:**

7. The permittee, by accepting this permit, specifically agrees to allow authorized Department personnel, upon presentation of credentials or other documents as may be required by law and at a reasonable time, access to the premises, where the permitted activity is located or conducted to:

- a. Have access to and copy any records that must be kept under the conditions of the permit;
- b. Inspect the facility, equipment, practices, or operations regulated or required under this permit; and,
- c. Sample or monitor any substances or parameters at any location reasonably necessary to assure compliance with this permit or Department rules.

Reasonable time may depend on the nature of the concern being investigated.

8. If, for any reason, the permittee does not comply with or will be unable to comply with any condition or limitation specified in this permit, the permittee shall immediately provide the Department with the following information:

- a. a description of and cause of non-compliance; and,
- b. the period of noncompliance, including dates and times; or, if not corrected, the anticipated time the non-compliance is expected to continue, and steps being taken to reduce, eliminate, and prevent recurrence of the non-compliance.

The permittee shall be responsible for any and all damages which may result and may be subject to enforcement action by the Department for penalties or for revocation of this permit.

9. In accepting this permit, the permittee understands and agrees that all records, notes, monitoring data and other information relating to the construction or operation of this permitted source which are submitted to the Department may be used by the Department as evidence in any enforcement case involving the permitted source arising under the F.S. or Department rules, except where such use is proscribed by Sections 403.73 and 403.111, F.S. Such evidence shall only be used to the extent it is consistent with the Florida Rules of Civil Procedure and appropriate evidentiary rules.

10. The permittee agrees to comply with changes in Department rules and F.S. after a reasonable time for compliance, provided, however, the permittee does not waive any other rights granted by F.S. or Department rules.

PERMITTEE:  
Chris Craft Boats

Permit Number: AC 41-218344  
Expiration Date: Dec. 31, 1993

**GENERAL CONDITIONS:**

11. This permit is transferable only upon Department approval in accordance with F.A.C. Rules 17-4.120 and 17-30.300, as applicable. The permittee shall be liable for any non-compliance of the permitted activity until the transfer is approved by the Department.

12. This permit or a copy thereof shall be kept at the work site of the permitted activity.

13. The permittee shall comply with the following:

- a. Upon request, the permittee shall furnish all records and plans required under Department rules. During enforcement actions, the retention period for all records will be extended automatically unless otherwise stipulated by the Department.
- b. The permittee shall hold at the facility or other location designated by this permit records of all monitoring information (including all calibration and maintenance records and all original strip chart recordings for continuous monitoring instrumentation) required by the permit, copies of all reports required by this permit, and, records of all data used to complete the application for this permit. These materials shall be retained at least three years from the date of the sample, measurement, report, or application unless otherwise specified by Department rule.
- c. Records of monitoring information shall include:
  - the date, exact place, and time of sampling or measurements;
  - the person responsible for performing the sampling or measurements;
  - the dates analyses were performed;
  - the person responsible for performing the analyses;
  - the analytical techniques or methods used; and,
  - the results of such analyses.

14. When requested by the Department, the permittee shall within a reasonable time furnish any information required by law which is needed to determine compliance with the permit. If the permittee becomes aware that relevant facts were not submitted or were incorrect in the permit application or in any report to the Department, such facts or information shall be corrected promptly.

PERMITTEE:  
Chris Craft Boats

Permit Number: AC 41-218344  
Expiration Date: Dec. 31, 1993

**SPECIFIC CONDITIONS:**

1. The facility is allowed to operate continuously (i.e., 8760 hrs/yr).
2. Volatile organic compounds/organic solvents (VOC/OS) emissions from the laminating and gelcoating operations shall be verifiable on a monthly basis and shall not exceed 236.0 tons/yr. The basis of the limitation is:

| VOC/OS                     | Potential Pollutant Emissions |                  |
|----------------------------|-------------------------------|------------------|
| o Acetone                  | 39.4 lbs/hr,                  | 76.8 TPY         |
| o Styrene                  | 69.9 lbs/hr,                  | 137.5 TPY        |
| o Methyl Methacrylate      | 2.1 lbs/hr,                   | 4.1 TPY          |
| o Trichlorofluoro Methane  | 4.0 lbs/hr,                   | 7.8 TPY          |
| o Dichlorodifluoro Methane | 0.009 lbs/hr,                 | 0.018 TPY        |
| o Toluene                  | 2.5 lbs/hr,                   | 4.9 TPY          |
| o Hexane                   | 2.5 lbs/hr                    | 4.9 TPY          |
| <b>Total:</b>              |                               | <b>236.0 TPY</b> |

NOTE: Actual hours of operation projected to be 3,900 per year.

3. Compliance shall be demonstrated by applying a material balance scheme, which is to compare the beginning inventory, recycled and disposed-of (shipped-out) material, and ending inventory. An annual operating report shall be submitted to the Department's Southwest District office reporting the actual annual VOC/OS emissions from the facility, on a per month basis, by March 1 of each year.
4. In accordance with F.A.C. Rule 17-2.620(1), no person shall store, pump, handle, process, load, unload or use in any process or installation VOC or OS without applying known and existing vapor emission control devices or systems deemed necessary and ordered by the Department. All vats, containers, etc., that are used for temporary and permanent storage of VOC/OS, shall be covered when not in use.
5. Objectionable odors will not be allowed off plant property in accordance with F.A.C. Rule 17-2.620(2).
6. Any change in the method of operation pursuant to F.A.C. Rule 17-2.100, Definitions-Modification, shall require the submittal of an application and appropriate processing fee to the Department's Bureau of Air Regulation.
7. The facility's operation is subject to all applicable provisions of F.A.C. Chapters 17-2 and 17-4 and 40 CFR (July, 1990 version).
8. This permit shall supercede all previously issued air construction permits.

PERMITTEE:  
Chris Craft Boats

Permit Number: AC 41-218344  
Expiration Date: Dec. 31, 1993

**SPECIFIC CONDITIONS:**

9. The permittee is subject to all of the applicable provisions of F.A.C. Chapters 17-2 and 17-4, and the 40 CFR (July, 1991 version).

10. The permittee is subject to the applicable provisions of F.A.C. Rules 17-2.250: Excess Emissions; and 17-4.130: Plant Operations-Problems.

11. The permittee, for good cause, may request that this construction permit be extended. Such a request shall be submitted to the Department's Bureau of Air Regulation prior to 60 days before the expiration date of the permit (F.A.C. Rule 17-4.090).

12. An application for an operation permit must be submitted to the Department's Southwest District office at least 90 days prior to the expiration date of this construction permit. To properly apply for an operation permit, the applicant shall submit the appropriate application form, fee, certification that construction was completed while noting any deviations from the conditions in the construction permit, and compliance test reports as required by this permit (F.A.C. Rules 17-4.055 and 17-4.220).

Re: Chris Craft Boats - AC41-165851

Dear Mr. Mitchell:

Currently the Chris Craft Boats facility is permitted to perform lamination and gelcoating for 15 hours per day, 5 days/week, 52 weeks/year (3,900 hours/year), with maximum VOC emissions of 236 tons per year.

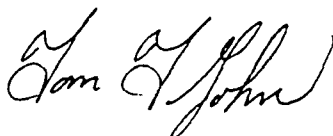

Chris Craft requests that Specific Condition No. 2 be amended to allow unrestricted laminating/gelcoating (24 hours/day, 7 days/week 52 weeks/yr) for a total of 8,760 operating hours/year, subject to the existing limitations on the pounds/hour and tons/year of VOC emissions.

As you are aware, the "gel time" for styrene in the resin and gelcoat depends strongly on the temperature and humidity of the air passing over the part after it is applied. Chris Craft would like to be able to take advantage of weather conditions that will maximize the quality of the product (for example, laminating at night rather than during the day, or continuously during good weather) and help minimize the rate of organic evaporation. In addition, due to the lower production rate in the current economy, Chris Craft also requires the capability of responding quickly to a request for ~~boat~~ production. Unrestricted operating hours would allow completion of a production run in the optimum time, rather than having to shut down the line after five days as currently required.

Please note that Chris Craft Boats is not requesting an increase in currently permitted pounds per hour or tons per year of emissions, only flexibility of the hours of operation to best utilize those permitted values. Chris Craft does not anticipate, based on current projections, that the facility will be able to exceed the permitted chemical usages; however, Chris Craft does recognize that careful record keeping will be required to demonstrate compliance with those limits.

Thank you for your attention and consideration. If you have any questions or I can provide additional information regarding this request, please contact me at my office.

Sincerely,

A handwritten signature in cursive script, appearing to read "Tom T. John".

Re: Chris\*Craft Boats - AC41-165851

Dear Mr. Mitchell:

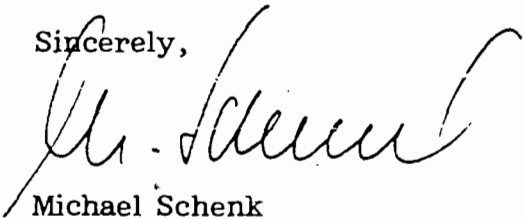

My apologies to you for this late response to your letter which was sent to Mr. Tom John (copy enclosed). As you are aware, Chris Lashley has left Chris\*Craft; and, I am working myself into this rather complex position.

On May 5, 1992, Mr. Tom John contacted you by mail to request a change in Specific Condition #2 which would allow us to operate in our lamination department 24 hours a day, 7 days a week, 52 weeks a year without additional pounds an hour and tons a year voc emissions.

We are trying to building the boating world's finest product and can do so as long as we can keep our work schedule more flexible and possibly create several more jobs in other areas.

Enclosed is a check for \$250.00 in order to process permit modification. If you should have any questions, please do not hesitate to contact me.

Sincerely,

Michael Schenk

Re: Chris Craft Boats - AC41-165851

Dear Mr. Mitchell:

Currently the Chris Craft Boats facility is permitted to perform lamination and gelcoating for 15 hours per day, 5 days/week, 52 weeks/year (3,900 hours/year), with maximum VOC emissions of 236 tons per year.

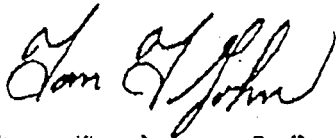

Chris Craft requests that Specific Condition No. 2 be amended to allow unrestricted laminating/gelcoating (24 hours/day, 7 days/week 52 weeks/yr) for a total of 8,760 operating hours/year, subject to the existing limitations on the pounds/hour and tons/year of VOC emissions.

As you are aware, the "gel time" for styrene in the resin and gelcoat depends strongly on the temperature and humidity of the air passing over the part after it is applied. Chris Craft would like to be able to take advantage of weather conditions that will maximize the quality of the product (for example, laminating at night rather than during the day, or continuously during good weather) and help minimize the rate of organic evaporation. In addition, due to the lower production rate in the current economy, Chris Craft also requires the capability of responding quickly to a request for ~~boat~~ production. Unrestricted operating hours would allow completion of a production run in the optimum time, rather than having to shut down the line after five days as currently required.

Please note that Chris Craft Boats is not requesting an increase in currently permitted pounds per hour or tons per year of emissions, only flexibility of the hours of operation to best utilize those permitted values. Chris Craft does not anticipate, based on current projections, that the facility will be able to exceed the permitted chemical usages; however, Chris Craft does recognize that careful record keeping will be required to demonstrate compliance with those limits.

Thank you for your attention and consideration. If you have any questions or I can provide additional information regarding this request, please contact me at my office.

Sincerely,

Dear Mr. John:

RE: Air Construction Permit AC 41-165851  
Chris Craft Boats, Manatee County  
Request for Permit Modification

The Bureau of Air Regulation received your May 3, 1992, request for the above referenced project. On October 30, 1991, Rule 17-4.050(4)(o), F.A.C., was changed to require a \$250 processing fee for a permit modification; therefore, we will not be able to take action on your request until the fee is received. If you have any questions, please call Patty Adams at (904)488-1344.

Sincerely,

  
C. H. Fancy, P.E.  
Chief  
Bureau of Air Regulation
