MEMORANDUM

TO: J. Harry Kerns, P.E.
District Air Engineer

FROM: Scott Sheplak
Permitting Engineer

DATE: August 17, 1993

SUBJECT: Roberts Funeral Home of Dunnellon, Inc.
Marion County
DEP File No.: AC42-234786 Intent to Issue
Project: Human Crematory

Default Date (Day 90): 10/18/93
PATs: Day 28

An application for a permit to construct a human crematory was received on 7/21/93. Since the application was received after 12/2/92, the proposed new unit will be required to comply with the new rule requirements prior to operation.

This permit is for the proposed construction of a 150 pound per hour B & L Systems, Inc., Model N-20AA, human crematory. The unit is designed to cremate human bodies with appropriate containers at an average rate of 150 pound/hour. The average rate is the total weight loaded into the unit divided by the duration of the burn. The B & L Systems, Inc. training program will provide details for operators of this unit.

Emissions are controlled by an afterburner. The unit is propane gas fired with a maximum heat input rate (primary chamber and afterburner) of 1.30 million Btu per hour.

Sufficient residence time has been provided and calculation of such was submitted.

The applicant demonstrated compliance with the PM and CO emission standards by submitting a test report for an identical crematory unit tested in Florida and approved by the Department.

The Department approved the operator training program from B & L Systems, Inc. (reference DEP letter dated 3/11/93 in application package).

I recommend that this Intent to Issue and draft permit be sent out as attached and submit it for your review and approval.

INTENT TO ISSUE

The Department of Environmental Protection gives notice of its intent to issue a permit (copy attached) for the proposed project as detailed in the application specified above, for the reasons stated below.

The applicant, Roberts Funeral Home of Dunnellon, Inc., applied on 7/21/93 to the Department for a permit to construct a human crematory at 19939 East Pennsylvania Avenue, Dunnellon, FL.

The Department has permitting jurisdiction under 403.087(c), Florida Statutes (F.S.). The project is not exempt from permitting procedures. The Department has determined that a construction permit is required for the proposed work.

The Department intends to issue this permit based on the belief reasonable assurances have been provided to indicate the proposed project will comply with the appropriate provisions of Florida Administrative Code (F.A.C.) Rules 17-2 through 17-297, and 17-4.

Pursuant to Section 403.815, F.S. and DER Rule 17-103.150, F.A.C., you (the applicant) are required to publish at your own expense the enclosed Notice of Intent to Issue Permit. The notice will be published one time only within 30 days, in the legal ad section of a newspaper of general circulation in the area affected. For the purposes of this rule "publication in a newspaper of general circulation in the affected area" means publication in a newspaper meeting the requirements of Sections 50.011 and 50.031, F.S., in the county where the activity is to take place. Where there is more than one newspaper of general circulation in the county, the newspaper used must be one with significant circulation in the area that may be affected by the permit. If you are uncertain that a newspaper meets these requirements, please contact the Department at the address or telephone number listed below. The applicant shall provide proof of publication to the Department, at 3804 Coconut Palm Drive, Tampa, Florida 33619-8318 within seven days of publication. Failure to publish the notice and provide proof of publication within the allotted time may result in the denial of the permit.

The Department will issue the permit with the attached conditions unless a petition for an administrative proceeding (hearing) is filed pursuant to the provisions of Section 120.57, F.S.

A person whose substantial interests are affected by this permit may petition for an administrative proceeding (hearing) in accordance with Section 120.57, Florida Statutes. The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department at 2600 Blair Stone Road, Tallahassee, Florida 32399-2400. Petitions filed by the permit applicant and the parties listed below must be filed within 14 days of receipt of this intent. Petitions filed by other persons must be filed within 14 days of publication of the public notice or within 14 days of their receipt of this intent, whichever first occurs. Petitioner shall mail a copy of the petition to the applicant at the address indicated above at the time of filing. Failure to file a petition within this time period shall constitute a waiver of any right such person may have to request an administrative determination (hearing) under section 120.57 Florida Statutes.

The Petition shall contain the following information:

- (a) The name, address, and the telephone number of each petitioner; the applicant's name and address; the Department Permit File Number and the county in which the project is proposed;
- (b) A statement of how and when each petitioner received notice of the Department's action or proposed action;
- (c) A statement of how each petitioner's substantial interests are affected by the Department's action or proposed action;
- (d) A statement of the material facts disputed by petitioner, if any;
- (e) A statement of facts which petitioner contends warrants reversal or modification of the Department's action or proposed action;
- (f) A statement of which rules or statutes petitioner contends require reversal or modification of the Department's action or proposed action; and
- (g) A statement of the relief sought by petitioner, stating precisely the action petitioner wants the Department to take with respect to the Department's action or proposed action.

If a petition is filed, the administrative hearing process is designed to formulate agency action. Accordingly, the Department's final action may be different from the position taken by it in this permit. Persons whose substantial interests will be affected by any decision of the Department with regard to the application have the right to petition to become a party to the proceeding. The petition must conform to the requirements specified above and be filed (received) within 14 days of receipt of this notice, in the Office of General Counsel at the above address of the Department.

Failure to petition within the allotted time frame constitutes a waiver of any rights such person has to request a hearing under Section 120.57, F.S., and to participate as
