

MEMORANDUM

TO: Cindy Zhang-Torres
Air Program Permitting Supervisor

FROM: Nancy E. Knight
Permit Engineer Specialist

SUBJECT: Company: Flair Corporation
Project No.: 0830084-007-AF (Final Issuance)
County: Marion
Project: Metal Products Fabrication with Surface Coating
Default Date (Day 90): 4/03/08

DATE: 1/23/08

An application for a FESOP permit renewal for a metal products fabrication and surface coating facility was received from Flair Corporation on 11/7/07. This facility manufactures various types of compressed air dryers. Production process steps include cutting, welding, sandblasting, surface coating, curing and assembly.

The facility was permitted under SPX Air Treatment in the past. Both SPX Corporation and Flair Corporation are listed on the Department of State web site. Flair Corporation is one of the many domestic subsidiaries of SPX Corporation. A conversation with Mr. Carl Ruder on 11/20/07 confirmed that the name on the permit should be Flair Corporation.

I conducted a site visit on 11/30/08 (see memo in file).

I received comments from Nedin Bahtic on 11/8/07. He mentioned that the required VE testing was performed without the proper notification to the Department. The testing was redone after proper notification. I received an email on 11/27/07 from Danielle Henry with a question about the name, but she had no further comments.

The renewed permit is basically the same as the previous one with the following changes to the descriptions:

- They don't spray paint outside at all.
- There is no free standing small spray paint mixing booth.
- There are VOCs in the Teflon coating, but they are minimal.
- There are no satellite drums or parts washers.

I recommend that this permit renewal be sent out as attached and submit it for your review and approval.

Knight, Nancy

Subject: RE: Small Paint Spray Booth

After pulling together the information the paint booth that was installed per the permit referenced below is the booth that we are calling the small paint booth and is operational. I hope this answers your question.

Thank You

Subject RE: Small Paint Spray Booth

Thank you for the information. My supervisor pointed out to me that you had a construction permit 0830084-005-AC in 2005 to replace the small paint spray booth. The construction permit application said the make and model number would be Binks Spracure Really Clean AARC-50-630. The application actually asked that it be added to the large paint spray booth area (page 11 of the application dated 4/29/03), but we put it in the permit under the small paint spray booth area.

is correct small booth # 1AW Mr. Shannon telecon 2/5 → in app. but he doesn't know
Can you tell me if this booth was ever installed? Was Binks model number TA-534-T-LO installed instead? The model number I originally had in the permit we're about to issue is Binks Model 30 4202 spray booth. *when this model# came from*

Thanks for your help.

Subject: Re: Sandblast Material

The procedure we follow is that we lay down a adequate piece of plastic under the piece we are blasting. When done we pick up the plastic with the grit inside of it and dispose of it in the dumpster.

Thank You

Subject Sandblast Material

Can you please tell me if you collect the material left on the slab on the few occasions that you sandblast outside? If you don't collect it, what happens to it?

Thanks for your help.

Subject: Supplemental Air Permit Renewal Information
SPX Dehydration and Process Filtration
Permit No. 0830084-007-AF

Dear Ms. Knight:

Per your letter dated November 26, 2007, SPX Dehydration and Process Filtration (SPX), formerly Flair Corporation, is submitting this letter to provide the requested supplemental information requested for the renewal of the air operation permit.

Item 1: Authorized Representative

Attached is a letter from Mr. Anthony Renzi, President – SPX Dehydration and Process Filtration, designating Mr. Carl Ruder as a duly authorized representative for the SPX facility located at 4647 S.W. 40th Avenue, Ocala, Florida.

Item 2: Outdoor spray painting and/or sandblasting

SPX no longer conducts spray painting operations outside. All spray painting is completed within a permitted paint booth. On infrequent occasions, sandblasting of large items is completed on a slab outside the building. For calendar year 2007, sandblasting outside the building occurred three (3) times.

Item 3: Emission Unit activity descriptions

Attached are revised Emission Unit Information forms [Section III, DEP Form No. 62-210.900(4)] for each emission unit with revised descriptions of activities that occur under Spray Paint Booths and Sandblasting.

Item 4: Recordkeeping

Updated logs with units of values and delineated air pollutant emissions were provided via e-mail based on your telephone discussion with Mr. Brian Shannon. A copy of the revised logs for the preceding two months are attached.

Item 5: Visible Emissions Testing

Per a conversation with Mr. Chris Bradley of the FL-DEP Compliance Section, due to errors in the notification time-line for the required Visible Emissions testing, a re-test for Visible Emissions (VE) was completed on December 19, 2007. The results of the VE test was forwarded to Mr. Chris Bradley via FAX on December 26, 2007. A copy of the results is attached for reference.

If you need further information or have any questions, please contact our technical point of contact, Mr. Brian Shannon at (352) 873-5749.

RE: Permit Project #0830084-007-AF
Request for Additional Information

To Whom It May Concern:

I am responding to your letter dated November 26, 2007 to Carl Ruder regarding our Air Operation Permit Renewal.

I authorize the Florida Department of Environmental Protection to list Carl Ruder as an 'authorized representative' for this facility.

Should you need anything further, please do not hesitate to call myself, or my assistant – Judy McKee, at the number listed above.

Sincerely,

Anthony Renzi
President

III. EMISSIONS UNIT INFORMATION

A separate Emissions Unit Information Section must be completed for each emissions unit addressed in this Application for Non-Title V Air Permit Renewal. If submitting the form in hard copy, indicate, in the space provided at the top of each page, the Emissions Unit ID of the emissions unit addressed on the page, as given in the unit's most current air operation permit.

Emissions Unit Description and Status

1. Description of Emissions Unit Addressed in This Section (limit to 60 characters): <i>Large Spray Paint Booth Area and Small Paint Booth Area</i>	
2. Emissions Unit Status Code: <i>A</i>	3. Long-Term Reserve Shutdown Date: <i>NA</i>
4. Control Equipment Method/Description (limit to 200 characters per device or method): <i>These booths are equipped with filter arrestors to collect overspray and fans to exhaust fumes through a 45' tall exhaust stack. This emissions unit also has associated spray gun cleaning stations, a free standing Large Spray Paint Mixing Booth, a Small Spray Paint Mixing Booth, and a paint "touch up" area. These areas are equipped with a fan to exhaust fumes out of a single 27 foot tall vent stack. Painting is confined to emission units, no painting occurs outside.</i>	

Emissions Unit Operating Capacity and Schedule

1. Maximum Heat Input Rate:	<i>NA</i>	mmBtu/hr
2. Maximum Incineration Rate:	<i>NA</i>	tons/day
3. Maximum Process or Throughput Rate:	<i>See Comment</i>	
4. Maximum Production Rate:	<i>See Comment</i>	
5. Requested Maximum Operating Schedule:	<i>24 hours/day</i>	<i>7 days/week</i>
	<i>52 weeks/year</i>	<i>8760 hours/year</i>

Emissions Unit ID 001

Emissions Unit Supplemental Requirements

1. Fuel Analysis or Specification <input type="checkbox"/> Attached, Document ID: _____ <input checked="" type="checkbox"/> Not Applicable <input type="checkbox"/> Waiver Requested
2. Compliance Test Report <input type="checkbox"/> Attached, Document ID: _____ <input checked="" type="checkbox"/> Not Applicable <input type="checkbox"/> Previously submitted, Date: _____
3. Procedures for Startup and Shutdown <input type="checkbox"/> Attached, Document ID: _____ <input checked="" type="checkbox"/> Not Applicable <input type="checkbox"/> Waiver Requested
4. Operation and Maintenance Plan <input type="checkbox"/> Attached, Document ID: _____ <input checked="" type="checkbox"/> Not Applicable <input type="checkbox"/> Waiver Requested
5. Other Information Required by Rule or Statute <input type="checkbox"/> Attached, Document ID: _____ <input checked="" type="checkbox"/> Not Applicable

Emissions Unit Comment

This Emissions Unit is currently permitted to operate 8,760 hrs per year. There have been no changes to process throughput or operating hours. The facility is considered by FL-DEP to be a natural minor non-Title V source.

III. EMISSIONS UNIT INFORMATION

A separate Emissions Unit Information Section must be completed for each emissions unit addressed in this Application for Non-Title V Air Permit Renewal. If submitting the form in hard copy, indicate, in the space provided at the top of each page, the Emissions Unit ID of the emissions unit addressed on the page, as given in the unit's most current air operation permit.

Emissions Unit Description and Status

1. Description of Emissions Unit Addressed in This Section (limit to 60 characters): <i>Large Empire Sandblast Room</i>	
2. Emissions Unit Status Code: <i>A</i>	3. Long-Term Reserve Shutdown Date: <i>NA</i>
4. Control Equipment Method/Description (limit to 200 characters per device or method): <i>Empire Abrasive Equipment Corporation, Model 1320-10 sandblaster equipped with a CP Environmental Filters, Inc. Model 84NF042 pulse jet dust collector to control PM emissions. On infrequent occasions (approximately 3 times per year) when fabricated workpieces are too large to fit into the booths, sandblasting is done on a slab outside the building in the partially enclosed Large Assembly Area.</i>	

Emissions Unit Operating Capacity and Schedule

1. Maximum Heat Input Rate:	<i>NA</i>	mmBtu/hr
2. Maximum Incineration Rate:	<i>NA</i>	tons/day
3. Maximum Process or Throughput Rate:	<i>See Comment</i>	
4. Maximum Production Rate:	<i>See Comment</i>	
5. Requested Maximum Operating Schedule:	<i>24 hours/day</i>	<i>7 days/week</i>
	<i>52 weeks/year</i>	<i>8760 hours/year</i>

Emissions Unit ID 002

Emissions Unit Supplemental Requirements

1. Fuel Analysis or Specification <input type="checkbox"/> Attached, Document ID: _____ <input checked="" type="checkbox"/> Not Applicable <input type="checkbox"/> Waiver Requested
2. Compliance Test Report <input checked="" type="checkbox"/> Attached, Document ID: <i>Appendix A</i> <input type="checkbox"/> Not Applicable <input checked="" type="checkbox"/> Previously submitted, Date: <i>October 15, 2002</i>
3. Procedures for Startup and Shutdown <input type="checkbox"/> Attached, Document ID: _____ <input checked="" type="checkbox"/> Not Applicable <input type="checkbox"/> Waiver Requested
4. Operation and Maintenance Plan <input type="checkbox"/> Attached, Document ID: _____ <input checked="" type="checkbox"/> Not Applicable <input type="checkbox"/> Waiver Requested

RE: SPX Dehydration & Process Filtration - 083-0084

Dear Chris,

Attached please find the Visible Emission tests for the above facility. They are

to be attached to their renewal being submitted by Delta Environmental

Consultants, Inc.

Thanks,

Pamela

Memorandum

TO: File

FROM: Nancy E. Knight
Southwest District

DATE: November 30, 2007

SUBJECT: Permit Inspection at Flair Corporation
4647 SW 40th Avenue, Ocala
Marion County, Florida
0830084

On November 30, 2007, I visited Flair Corporation (dba SPX Dehydration & Process Filtration). The purpose of the visit was to familiarize myself with their operations as I am writing a FESOP renewal permit. I met with Carl Ruder, VP of Operations, Brian Shannon, Regional Director of Human Resources and another gentleman who I believe was the plant manager.

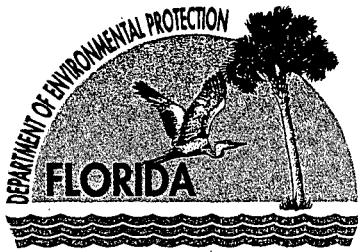

We started in the office by discussing the RAI I sent on 26 November. Mr. Ruder said he had Delta (their consultant) working on it. He had given them 2 weeks to respond. I told him we needed a cover letter signed by him attached to the response (I explained our new policy). Mr. Shannon said that someone from the corporate office would send a letter designating him as the authorized representative. We also spoke about the VE test problem (no notification). He said he had Delta working on that also. I explained that I wanted to see their operations to verify the descriptions that were in the permit. Since the permit had originally been written in 1997 I thought some things might have changed.

We spoke about the records submitted with the application. He has more thorough records in spreadsheet form. He is going to send them to me via email.

We toured the plant starting at the small paint booth which had been moved to the NE corner of the building. We then saw the large paint booth and large sandblasting room. We went out back and saw the stacks to the paint booths and the sandblast room. There were two vents that had been capped off that correspond to the free standing mixing booths that they no longer have. The nomenclature for the booths and dust collectors in the current permit are still correct. We then saw the Teflon sandblasting and touchup area which is in a different (small) building.

I went over the list of exempt/insignificant activities listed in the permit. They no longer have satellite drums used to collect point bottoms for recycling, nor do they have parts washers. We saw the glove box sandblast unit.

I told them that the permit will be to them shortly after I receive the response to the RAI and when we get the VE test report from the VE testing they will do after we have been properly notified.

Ocala, Florida 34474-5722

Re: Request for Additional Information
Air Operation Permit Renewal
Permit Project No.: 0830084-007-AF
Flair Corporation

Dear Mr. Ruder:

The Southwest District received your application for a Federally Enforceable State Operation Permit (FESOP) renewal on November 7, 2007. Based on a review by the Southwest District of the proposed project, we determined that the application is incomplete. Therefore, the following information is needed in order to continue processing this application pursuant to Rules 62-213.420(1)(b) and 62-4.070(1), F.A.C. Please provide any appropriate revised pages of the application form and all assumptions, calculations, and reference material(s) that are used or reflected in any of your responses.

1. Authorized Representative

This permit will be issued under the name Flair Corporation. That corporation is registered with the State of Florida. The registration can be viewed at www.sunbiz.com. Please have one of the corporate officers listed on this web site write a letter designating you as an authorized representative for this facility.

2. Outdoor spraypainting and/or sandblasting

The description of the large paint spray booth in the current permit (FESOP permit 0830084-006-AF) states that on infrequent occasions (approximately 3 times per year) when fabricated workpieces are too large to fit into the booths, sandblasting and spray painting are done on a slab outside the building in the partially enclosed Large Assembly Area (duration is generally one day each of sandblasting and spray painting per event). In addition, Specific Condition A.6., states that sandblasting and/or spray painting of workpieces outside of the sandblaster rooms and spray booths shall only be allowed in the special and infrequent instance that the work piece is too large to fit into the large sandblaster or large spray booth. If this occurs on a frequent basis (i.e. more than once a month), then provisions shall be made to enlarge the large sandblasting room and/or large spray booth to accommodate larger workpieces. Please state whether or not you sandblast or paint outside and provide the number of times you have had to do either operation outside in 2007.

3. Emission Unit activity descriptions

The permit application lists three emission sources, Large Spray Paint Booth Area and Small Paint Booth Area, Large Empire Sandblast Room, and Teflon Sandblaster. The permit renewal will better delineate which operations constitute the currently permitted Emission Unit 001, Spray Paint Booths and Emission Unit 002, Sandblasting Operations. Please use the descriptions on pages 1 and 2 of your current permit as a guide and describe all the activities that occur under Spray Paint Booths and all activities that occur under Sandblasting Activities.

4. Recordkeeping

The recordkeeping submitted with the application is not complete. What are the units of the VOC content factors? What are the units of the values entered on specific days of the month? Why are most of the entries 2? Specific condition B.5., of your current permit requires monthly totals for VOC and HAP emissions? The records do not have monthly totals. The records you submitted for Emission Unit 002 list VOCs. This emission unit should only apply to sandblasting operations. Where do these emissions come from? Please provide copies of the records for the most recent 2 months that show monthly totals and list the units of each of the values on the spreadsheet.

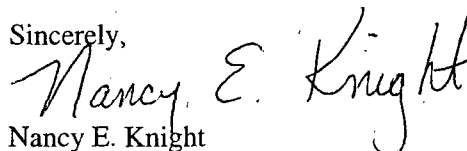

There is a permitting note at the bottom of page 6 that states that materials purchased in quantities of less than 25 gallons per year may be reported as a class, and estimated based on prior experience. Do you estimate emissions this way? If so, where are they located on the spreadsheets?

5. Visible Emissions Testing

Specific Condition C.5., states that the permittee shall notify the Air Compliance Section of the Southwest District Office of the Department at least 15 days prior to the date on which each formal visible emissions test is to begin. Visible emissions testing was performed on 9/25/2007, but the Department was not notified prior to the test. The test results from this testing will not be accepted. Please conduct visible emissions testing again according to the conditions in the current permit.

The Department must receive a response from you within 90 (ninety) days of receipt of this letter pursuant to Rule 62-213.420(1)(b)3., F.A.C. If you should have any questions, please contact Ms. Nancy E. Knight at 813 632-7600, ext. 120.

Sincerely,

Nancy E. Knight

Subject: RE: SPX Dehydration and Filtration 0830084-007-AF
Follow Up Flag: Follow up
Flag Status: Red

Nancy,

Specific Condition of permit 006-AF requires that each of the two sandblaster exhaust stacks be tested for visible emissions within the 60-day period prior to submittal of an operation permit renewal application. We did receive a testing notification and that test was scheduled for 09/13/07, but it got cancelled. We never received a new testing notification, and as far as I know, this testing has not been performed yet.

Also, when I inspected this place last November, I asked them about "infrequent occasions (approximately 3 times per year) when fabricated workpieces are too large to fit into the booths, and sandblasting and spray painting are done on a slab outside the building in the partially enclosed Large Assembly Area" (process description, Page 1 of 0830084-006-AF), and I was told that that kind of activity had not been performed since 1996.

If you have any questions, please let me know.

Subject: **Air Operation Permit Renewal**
SPX Dehydration and Process Filtration
Ocala, Florida
Permit No. 0830084-003-AF

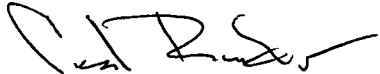

Dear Mr. Proses:

Enclosed are two copies of the air operation permit renewal application and supporting documents for SPX Dehydration and Process Filtration located in Ocala, Marion County, Florida. A multiple emissions unit-processing fee in the amount of \$1,750.00 is enclosed

Please contact me at (352) 873-5756 or Brian Shannon at (352) 873-5749 if you have any questions.

Sincerely,

SPX Dehydration and Process Filtration

Carl Ruder
Vice President Operations
