Subject: Air Resources Completeness Review of April 12, 2006  
Merillat Corporation LP  
1300 SW 38<sup>th</sup> Avenue  
Ocala, FL 34474  
File : 0830137-005-AV

Dear Mr. Zahm;

This letter is in response to the Title V permit renewal application Completeness Review received on April 12, 2006. In your correspondence you indicated three items required completion prior to the application being deemed complete. The following should address these areas of concern.

Enclosed is the following:

1. Documentation from Productions Systems, Inc. showing completion of finishing line number 4;
2. PE certification of completion of construction; and
3. Monthly VOC log, complying with specific condition #9 from 08301370-003-AC.

Hopefully this will provide you with the information that you requested and allow you to proceed with the processing of our Title V permit renewal.

Please feel free to contact me at 352-291-4623 or Donna Tackett at 352-291-4622

Sincerely,

Chadwick Miller  
Plant Manager  
Merillat LP  
Ocala Plant

Re: Merillat Corporation  
File No. 0830137-003-AC

Dear Mr. Zahm:

In accordance with the Florida Department of Environmental Protection's (FDEP) Air Resources Completeness Review notice dated April 12, 2006, requesting a PE Certification for the completion of construction for Finishing Line No. 4 at the Merillat Corporation's Ocala facility, I offer the following:

I inspected the facility on April 25, 2006, and Finishing Line No. 4 was installed and is operating. It is noted that not all of the equipment that was indicated in the application for construction has been installed. Merillat staff indicated that should the remainder of the equipment indicated in the application for construction that was not installed be constructed at a later date, it will be installed under the terms and conditions of Air Permit No. 0830137-003-AC.

If you have any questions please feel free to contact me at (813) 248-6900.

Very truly yours,

MALCOLM PIRNIE, INC.
