RE: Request for Additional Information

Dear Mr. Terhune:

Attached is a letter requesting additional information for Permit No.: 0830137-006-AV. The document(s) may require immediate action within a specified time frame. Please open and review the document(s) as soon as possible.

We must receive a "reply" message, at your earliest convenience, verifying you were able to access the attached document(s). Your reply will preclude subsequent e-mail transmissions to verify receipt of the document(s).

If you have any questions, please contact Cindy Zhang-Torres, the Permit Engineer at (813) 632-7600 Ext 107 or Cindy.Zhang-Torres@dep.state.fl.us.

The document is in Adobe Portable Document Format (pdf). Adobe Acrobat Reader can be downloaded for free at the following internet site:
<<http://www.adobe.com/products/acrobat/readstep.html>> .

The Southwest District is issuing electronic documents for permits, notices and other correspondence in lieu of hard copies through the United States Postal System, to provide greater service to the applicant and the engineering community.

Sincerely,

Patricia Prickett

Re: Air Permit Application, Project No. 0830137-006-AV
Masco Cabinetry LLC - Ocala
Request for Additional Information

Dear Mr. Terhune:

On June 1, 2011, the Department received your Title V Air Operation Permit Renewal Application for the above referenced facility. The application is incomplete. To continue processing this application, the Department needs the following additional information pursuant to Rules 62-4.055, 62-4.070(1) and 62-213.420(1)(b), Florida Administrative Code (F.A.C.):

1. The application stated that facility was temporarily idled about December 31, 2008. Based on a letter sent by Masco Builder Cabinet Group to the Department, dated December 8, 2008, the facility idled its production on October 31, 2008. Please verify which date was the correct date. The expiration date of the Title V permit renewal will be five years from the date of the long-term shutdown in accordance with Rule 62-210.300(2)(a)3.b., F.A.C.
2. The facility plot plan submitted with the electronic EPSAP application is not legible. Please submit a legible copy of the plot plan either electronically or by mail.
3. The following description is included in the current Title V Air Operation Permit No. 0830137-005-AV (see page 7):

“Also, a “top shop” side operation may be constructed to produce laminated cabinet tops. This operation includes machining operations, glue application and a final edge trim step. Particulate emissions from the “top shop” operations are controlled by a dust collection system.”

Was the "top shop" operation constructed? If yes, please answer the following questions:

- a. Where is the "top shop" operation located?
- b. Is it a stand-alone operation or part of the cabinet manufacturing lines?
- c. Does the dust collection system vent to the outside atmosphere? If yes, what are its potential PM emissions?
- d. What are the potential VOC and HAPs emissions from this operation?
- e. How are the VOC and HAP emissions recorded?

Responsible Official (RO) Certification Statement: Rule 62-213.420, F.A.C., requires that all Title V permit applications be certified by a responsible official. Due to the nature of the information requested above, a responsible official of this facility should certify the response by completing and submitting a new RO certification statement page from the application form.

The Department will resume processing this application after receipt of the requested information. Please submit your response to this request for additional information no later than July 5, 2011.

Please note this staff assessment is preliminary and is designed to assist in the review of the information provided prior to final agency action. The comments provided herein are not the final position of the department and may be subject to revision pursuant to additional information and further review.

If you have any questions, please contact me at (813) 632-7600, ext. 107, or via email at cindy.zhang-torres@dep.state.fl.us.

Sincerely,

Cindy Zhang-Torres, P.E.
