Stick postage stamps to article to cover First-Class postage, certified mail fee, and charges for any selected optional services (See front).

1. If you want this receipt postmarked, stick the gummed stub to the right of the return address leaving the receipt attached, and present the article at a post office service window or hand it to your rural carrier (no extra charge).
2. If you do not want this receipt postmarked, stick the gummed stub to the right of the return address of the article, date, detach, and retain the receipt, and mail the article.
3. If you want a return receipt, write the certified mail number and your name and address on a return receipt card, Form 3811, and attach it to the front of the article by means of the gummed ends if space permits. Otherwise, affix to back of article. Endorse front of article RETURN RECEIPT REQUESTED adjacent to the number.
4. If you want delivery restricted to the addressee, or to an authorized agent of the addressee, endorse RESTRICTED DELIVERY on the front of the article.
5. Enter fees for the services requested in the appropriate spaces on the front of this receipt. If return receipt is requested, check the applicable blocks in item 1 of Form 3811.
6. Save this receipt and present it if you make an inquiry.

RE: Status of Application Review – Request for Additional Information  
DEP File No. 0850131-001-AC

Dear Mr. Passey:

The Department has reviewed your revised application received on May 12, 1999 via fax. However, your application remains incomplete. Please provide the following information promptly. Evaluation of your proposed project will continue to be delayed until all requested information has been received.

Please provide the following information in order to complete review of your application pursuant to Chapters 120 and 403, Florida Statutes (F.S.), and Florida Administrative code (F.A.C.) Rules 62-4.070(1) and 62-204 through 62-297.

1. The application was submitted on a Title V source application form (Form No. 62-210.900(1)). To avoid confusion/misunderstanding, please resubmit the revised application on a non-Title V source application (Form No. 62-210.900(3), effective 2/11/99).
2. On May 3, 1999 Mr. Michael Hannan of ARCADIS Gerathy & Miller reported to the Department that the 25 percent total HAP content for the gelcoat was going to change in order to prevent cracking of hulls per manufacturer of gelcoat. The revised application still has 25 percent total HAP content for gelcoat. Has the problem been corrected to prevent cracking? If no, please resubmit the calculation sheet indicating the percent by weight of styrene/methylmethacrylate and the appropriate pages of the application affected by the change.

Note that all submittal must be signed and sealed by a professional engineer registered in the state of Florida.

If you have any questions, please contact Lennon Anderson at 561/681-6632. When referring to this project, please use the file number indicated.

Sincerely,

Lennon Anderson  
Air Permitting Engineer
