Re: Proof of Newspaper Publication  
Public Notice of Intent to Issue Air Permit  
Gulfstream Natural Gas System, L.L.C. (Gulfstream)  
Draft Construction Air Permit No. 0850141-001-AC  
Two Gas-Fired Natural Gas Fuel Heaters  
Martin Natural Gas Meter Station 701 – Martin County, Florida

Dear Mr. Koerner:

Pursuant to Rule 62-110.106(5), F.A.C., a permit applicant shall provide proof of publication to the Permitting Authority within seven (7) days of publication concerning the Public Notice of Intent to Issue Air Permit. On behalf of Gulfstream, Williams Gas Pipeline (WGP) e-mailed to your attention on August 06, 2004 a scanned copy of the proof of publication in the Stuart/Port St. Lucie News (Notice published on August 06, 2004).

As a follow-up to the aforementioned e-mail, and per your request, please find enclosed the original proof of publication for your records.

Should you have any questions, please feel free to contact me at (713) 215-4584.

Sincerely,

A handwritten signature in black ink that reads "Michael C. Callegari".

Michael C. Callegari  
Sr. Environmental Specialist  
Air Quality Compliance  
(On behalf of Gulfstream)

## AFFIDAVIT OF PUBLICATION

STATE OF FLORIDA  
COUNTY OF MARTIN; COUNTY OF ST. LUCIE

Before the undersigned authority personally appeared, S. Darlene Mailing, who on oath says that she is Classified Inside Sales Manager of the Stuart News and the Port St. Lucie News, a daily newspaper published at Stuart in Martin County, Florida; that the attached copy of advertisement was published in the Stuart/Port St. Lucie News in the following issues below. Affiant further says that the said Stuart/Port St. Lucie News is a newspaper published in Stuart in said Martin County, Florida, with offices and paid circulation in said Martin County and St. Lucie County, Florida, and that said newspapers have heretofore been continuously published in said Martin County, Florida, daily and distributed in Martin and St. Lucie County, Florida, for a period of one year next preceding the first publication of the attached copy of advertisement; and affiant further says that she has neither paid or promised any person, firm or corporation any discount, rebate, commission or refund for the purpose of securing this advertisement for publication in the said newspaper. The Stuart News has been entered as Periodical Matter at the Post Offices in Stuart, Martin County, Florida and Ft. Pierce, St. Lucie County, Florida and has been for a period of one year next preceding the first publication of the attached copy of advertisement.

**PUBLIC NOTICE OF INTENT TO ISSUE AIR PERMIT**  
Florida Department of Environmental Protection  
Draft Air Permit No. 0850141-001-AC  
Gulfstream Natural Gas System, L.L.C.  
Martin County, Florida

**Applicant:** The applicant for this project is Gulfstream Natural Gas System, L.L.C. The applicant's mailing address is 2800 Post Oak Boulevard, L-10, Houston, Texas 77056-6100. The applicant's authorized representative is Mr. Robert E. Brink, V.P. Technical Services for Gulfstream Natural Gas System, L.L.C.

**Facility Location:** The applicant requests authorization to install two fuel heaters at the Martin Natural Gas Meter Station 701, which will be located at 21900 SW Warfield Boulevard in Indiantown, Florida 34956. The site is approximately 5.5 miles northwest of Indiantown in Martin County and adjacent to the existing FPL Martin Power Plant.

**Project:** The applicant proposes to install two new indirect-fired fuel heaters at the Gulfstream natural gas meter and regulator facility known as Martin Natural Gas Meter Station 701. The fuel heaters will heat natural gas prior to delivery to the adjacent FPL Martin Power Plant. Each fuel heater will have a maximum heat input rate of 10 MMBtu per hour and fire pipeline natural gas as the exclusive fuel. Annual emissions in "tons per year" (TPY) are estimated to be: 9.9 TPY of carbon monoxide; 11.8 TPY of nitrogen oxides; 0.9 TPY of particulate matter; 0.1 TPY of sulfur dioxide; and 0.7 TPY of volatile organic compounds. Each fuel heater is subject only to the federal notification and record keeping requirements in 40 CFR 60, Subpart Dc.

**Permitting Authority:** Applications for air construction permits are subject to review in accordance with the provisions of Chapter 403, Florida Statutes (F.S.) and Chapters 62-4, 62-210, and 62-212 of the Florida Administrative Code (F.A.C.). The proposed project is not exempt from air permitting requirements and an air permit is required to perform the proposed work. The Florida Department of Environmental Protection's Bureau of Air Regulation is the Permitting Authority responsible for making a permit determination regarding this project. The Bureau of Air Regulation's physical address is 111 South Magnolia Drive, Suite 4, Tallahassee, Florida 32301 and the mailing address is 2600 Blair Stone Road, MS #5505, Tallahassee, Florida 32399-2400. The Bureau of Air Regulation's phone number is 850/488-0114.

**Project File:** A complete project file is available for public inspection during the normal business hours of 8:00 a.m. to 5:00 p.m., Monday through Friday (except legal holidays), at address indicated above for the Permitting Authority. The complete project file includes the Draft Permit, the Technical Evaluation and Preliminary Determination, the application, and the information submitted by the applicant, exclusive of confidential records under Section 403.111, F.S. Interested persons may contact the Permitting Authority's project review engineer for additional information at the address and phone number listed above. A copy of the complete project file is also available at the Department's Southeast District Office at 400 North Congress Avenue, Suite 200, West Palm Beach, Florida 33401. The Southeast District's telephone number is 561/681-6774.

**Notice of Intent to Issue Air Permit:** The Permitting Authority gives notice of its intent to issue an air permit to the applicant for the project described above. The applicant has provided reasonable assurance that operation of proposed equipment will not adversely impact air quality and that the project will comply with all appropriate provisions of Chapters 62-4, 62-204, 62-210, 62-212, 62-296, and 62-297, F.A.C. The Permitting Authority will issue a Final Permit in accordance with the conditions of the proposed Draft Permit unless a timely petition for an administrative hearing is filed under Sections 120.569 and 120.57, F.S. or unless public comment received in accordance with this notice results in a different decision or a significant change of terms or conditions.

**Comments:** The Permitting Authority will accept written comments concerning the proposed Draft Permit for a period of fourteen (14) days from the date of publication of this Public Notice. Written comments must be provided to the Permitting Authority at the above address. Any written comments filed will be made available for public inspection. If written comments received result in a significant change to the Draft Permit, the Permitting Authority shall revise the Draft Permit and require, if applicable, another Public Notice.

**Petitions:** A person whose substantial interests are affected by the proposed permitting decision may petition for an administrative hearing in accordance with Sections 120.569 and 120.57, F.S. The petition must contain the information set forth below and must be filed with (received by) the Department's Agency Clerk in the Office of General Counsel at the Department of Environmental Protection at 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida 32399-3000. Petitions filed by any persons other than those entitled to written notice under Section 120.60(3), F.S. must be filed within fourteen

(14) days of publication of this Public Notice or receipt of a written notice, whichever occurs first. Under Section 120.60(3), F.S., however, any person who asked the Permitting Authority for notice of agency action may file a petition within fourteen (14) days of receipt of that notice, regardless of the date of publication. A petitioner shall mail a copy of the petition to the applicant at the address indicated above, at the time of filing. The failure of any person to file a petition within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Sections 120.569 and 120.57, F.S., or to intervene in this proceeding and participate as a party to it. Any subsequent intervention will be only at the approval of the presiding officer upon the filing of a motion in compliance with Rule 28-106.205, F.A.C.

A petition that disputes the material facts on which the Permitting Authority's action is based must contain the following information: (a) The name and address of each agency affected and each agency's file or identification number, if known; (b) The name, address and telephone number of the petitioner; the name address and telephone number of the petitioner's representative, if any, which shall be the address for service purposes during the course of the proceeding; and an explanation of how the petitioner's substantial rights will be affected by the agency determination; (c) A statement of how and when the petitioner received notice of the agency action or proposed action; (d) A statement of all disputed issues of material fact. If there are none, the petition must so state; (e) A concise statement of the ultimate facts alleged, including the specific facts the petitioner contends warrant reversal or modification of the agency's proposed action; (f) A statement of the specific rules or statutes the petitioner contends require reversal or modification of the agency's proposed action; and, (g) A statement of the relief sought by the petitioner, stating precisely the action the petitioner wishes the agency to take with respect to the agency's proposed action. A petition that does not dispute the material facts upon which the Permitting Authority's action is based shall state that no such facts are in dispute and otherwise shall contain the same information as set forth above, as required by Rule 28-106.301, F.A.C.

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the Permitting Authority's final action may be different from the position taken by it in this Public Notice of intent. Persons whose substantial interests will be affected by any such final decision of the Permitting Authority on the application have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above.

Mediation: Mediation is not available for this proceeding.
