RE: Request to Fire Glidfuel in the Mill's Combustion Emissions Units
Permit Number: 0890003
Jefferson Smurfit Corporation (JSC), Fernandina Beach Mill

Dear Mr. Mitchell:

On June 4, 2002 JSC submitted an application for a permit modification to allow the combustion of Glidfuel in the Mill's combustion units. On July 2, 2002 the Department issued a letter to JSC requesting additional information. After internal review, JSC has decided not to pursue the use of Glidfuel as an alternative fuel due to potential adverse effects on our process liquor cycle. Therefore we request that you discontinue processing of this application.

If you have any questions please contact me at (904) 277-7746.

Sincerely,

William O. Crews
Environmental Manager
