Orange County - AP
Six Paint Spray Booths

Dear Mr. Penn:

Enclosed is Permit Number A048-196805 to operate the above referenced source issued pursuant to Section (s) 403.087, Florida Statutes.

A person whose substantial interests are affected by this permit may petition for an administrative proceeding (hearing) in accordance with Section 120.57, Florida Statutes. The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department at 2600 Blair Stone Road, Tallahassee, Florida 32399-2400, within 14 days of receipt of this Permit. Petitioner shall mail a copy of the petition to the applicant at the address indicated above at the time of filing. Failure to file a petition within this time period shall constitute a waiver of any right such person may have to request an administrative determination (hearing) under Section 120.57, Florida Statutes.

The Petition shall contain the following information; (a) The name, address, and telephone number of each petitioner, the applicant's name and address, the Department Permit File Number and the county in which the project is proposed; (b) A statement of how and when each petitioner received notice of the Department's action or proposed action; (c) A statement of how each petitioner's substantial interests are affected by the Department's action or proposed action; (d) A statement of the material facts disputed by Petitioner, if any; (e) A statement of facts which petitioner contends warrant reversal or modification of the Department's action or proposed action; (f) A statement of which rules or statutes petitioner contends require reversal or modification of the Department's action or proposed action; and (g) A statement of the relief sought by petitioner, stating precisely the action petitioner wants the Department to take with respect to the Department's action or proposed action.

If a petition is filed, the administrative hearing process is designed to formulate agency action. Accordingly, the Department's final action may be different from the position taken by it in this permit. Persons whose substantial interests will be affected by any decision of the Department with regard to the application have the right to petition to become a party to the proceeding. The petition must conform to the requirements specified above and be filed (received) within 14 days of receipt of this notice in the Office of General Counsel at the above address of the Department. Failure to petition within the allowed time frame constitutes a waiver of any right such person has to request a hearing under Section 120.57, F.S., and to participate as a party to this proceeding. Any subsequent intervention will only be at the approval of the presiding officer upon motion filed pursuant to Rule 28-5.207, F.A.C.

This permit is final and effective on the date filed with the Clerk of the Department unless a petition is filed in accordance with the above paragraphs or unless a request for extension of time in which to file a petition is filed within the time specified for filing a petition and conforms to Rule 17-103.070, F.A.C. Upon timely filing of a petition or a request for an extension of time this permit will not be effective until further Order of the Department.

When the Order (Permit) is final, any party to the Order has the right to seek judicial review of the Order pursuant to Section 120.68, Florida Statutes, by the filing of a Notice of Appeal pursuant to Rule 9.110, Florida Rules of Appellate Procedure, with the Clerk of the Department in the Office of General Counsel, 2600 Blair Stone Road, Tallahassee, Florida 32399-2400; and by filing a copy of the Notice of Appeal accompanied by the applicable filing fees with the appropriate District Court of Appeal. The Notice of Appeal must be filed within 30 days from the date the Final Order is filed with the Clerk of the Department.

Executed in Orlando, Florida.

Project: Six Paint Spray Booths

This permit is issued under the provisions of Chapter(s) 403, Florida Statutes, and Florida Administrative Code Rule(s) 17-2. The above named permittee is hereby authorized to perform the work or operate the facility shown on the application and approved drawing(s), plans, and other documents attached hereto or on file with the department and made a part hereof and specifically described as follows:

The permittee can operate Six Paint Spray Booths which are the following:

1. NSA Paint Spray Booth No. 1 for coating objects such as vehicles, wooden furniture, trash cans, ride components, posts and frames. The booth is equipped with two Binks Model 30-4313 exhaust fans and Binks Model 29-893 paint arrestor type filters.
2. NSA Paint Spray Booth No. 2 for coating objects such as vehicles, wooden furniture, trash cans, ride components, posts and frames. The booth is equipped with two Binks Model 30-4418 exhaust fans and Binks Model 29-893 paint arrestor type filters.
3. NSA Paint Spray Booth No. 3 for coating objects such as vehicles, wooden furniture, trash cans, ride components, posts and frames. The booth is equipped with two Binks Model 30-4418 exhaust fans and Binks Model 29-893 paint arrestor type filters.
4. NSA Staff Shop Booth No. 1 for coating fiberglass objects and molds. The booth is a Binks Model PPF with Model 30-800 fans. The particulate filters have an efficiency of approximately 80% for lacquers and approximately 95% for two part high particulate coating systems.

5. NSA Staff Shop Booth No. 2 for coating fiberglass objects and molds. This built in spray booth is equipped with a New York Model S48-1 blower and particulate filters with an efficiency of approximately 80% for lacquers and approximately 95% for two part high particulate coating systems.
6. Water Wash Plastisol Booth No. 1 consists of a spray booth and curing oven. The spray booth is a Binks water wash type equipped with a fan and a no pump dyna-precipitator water wash filtering system. The curing oven is equipped with a fan and is fired by natural gas. The booth is used to spray solvated vinyl plastisol on fiberglass objects and molds.

These sources are located at the Walt Disney World Central Facilities Shop Building, Facilities Way, Bay Lake, Orange County, Florida.

General Conditions are attached to be distributed to the permittee only.

Attention: Bob Penn, Director,
Environmental Affairs

I. D. Number:
Permit/Certification Number:
A048-196805
Date of Issue:
Expiration Date: June 30, 1997

GENERAL CONDITIONS:

16. No objectionable odors will be allowed, as per Rule 17-2.620(2), F.A.C.
17. All unconfined emissions of particulate matter generated at this site shall be adequately controlled. (Rule 17-2.610(3), F.A.C.) Area must be watered down should unconfined emissions occur.
18. This permit does not preclude compliance with any applicable local permitting requirements and regulations.

SPECIFIC CONDITIONS

OPERATING LIMITS

1. The hours of operation shall not exceed the following:

<u>Source</u>	<u>hours/year</u>
a) NSA Paint Spray Booth No. 1	4,160
b) NSA Paint Spray Booth No. 2	4,160
c) NSA Paint Spray Booth No. 3	4,160
d) NSA Staff Shop Booth No. 1	2,080
e) NSA Staff Shop Booth No. 2	2,080
f) Water Wash Plastisol Booth No. 1	2,080

2. The permitted materials and utilization rates are as stated in the application.
3. Each source must be properly operated and maintained (Rule 17-2.210(2) F.A.C.). No person shall circumvent any pollution control device or allow the emissions of air pollutants without the applicable air pollution control device operating properly (Rule 17-2.240 F.A.C.).

EMISSION LIMITS

4. The visible emissions for this source must comply with Rule 17-2.610(2) F.A.C. (20% opacity limit) and the compliance test must be conducted in accordance with Rule 17-2.700(6)(b)9, (DER Method #9) F.A.C.

Environmental Affairs

I. D. Number:
Permit/Certification Number:
A048-196805
Date of Issue:
Expiration Date: June 30, 1997

SPECIFIC CONDITIONS
(Continued)

5. Rule 17-2.620(1)(a) F.A.C. states that no person shall store, pump, handle, process, load, unload or use in any process or installation volatile organic compounds or organic solvents without applying known and existing vapor emission control devices or systems deemed necessary and ordered by the department. To comply, procedures to minimize pollutant emissions should include but shall not be limited to the following:
- a) tightly cover or close all VOC containers when they are not in use,
 - b) tightly cover, where possible, all open troughs, basins, baths, tanks, etc. when they are not in use,
 - c) maintain all piping, valves, fittings, etc. in good operating condition,
 - d) prevent excessive air turbulence across exposed VOC's,
 - e) immediately confine and clean up VOC spills and make sure certain wastes are placed in closed containers for reuse, recycling or proper disposal, and
 - f) maintain a monthly accounting of each VOC based on beginning and ending inventories, deliveries, shipments, etc.
6. Acrylonitrile emissions from the source shall not cause the 24 hour average ground level ambient air concentrations to exceed the No Threat Level (NTL) of 10.32 micrograms/M³. Proof of compliance with this condition can be demonstrated by the professional engineer's calculations based on actual conditions.

COMPLIANCE TESTING

7. Each source must be tested for visible emissions at yearly intervals from the date of May 5, 1992, in accordance with Rule 17-2.700(6)(b)9, (DER Method #9) F.A.C.
8. This office (Florida Department of Environmental Regulation, Air Permitting, Orlando) shall be notified in writing at least fifteen (15) days in advance of the compliance tests so that we can witness them (Rule 17-2.700(2)(a)5, F.A.C.).

Environmental Affairs

I. D. Number:
Permit/Certification Number:
A048-196805
Date of Issue:
Expiration Date: June 30, 1997

SPECIFIC CONDITIONS
(Continued)

9. This plant is required to operate within 90 to 100 percent of permitted capacity during the compliance tests.
10. The required test report shall be filed with the department as soon as practical but no later than 45 days after the last sampling run of each test is completed (Rule 17-2.700(7)(a),(b) and (c), F.A.C.).
11. Should any source apply coatings to items which subjects the source to any RACT category pursuant to Rule 17-2.650, F.A.C., a report demonstrating compliance with the applicable RACT limit shall be submitted to the Department within 10 days.
12. Each calendar year on or before March 1, submit for each source, an Annual Operations Report DER Form 17-1.202(6) for the preceding calendar year.

EXPIRATION DATE

13. An operation permit renewal must be submitted at least 60 days prior to the expiration date of this permit (Rule 17-4.09, F.A.C.).
