BUREAU OF AIR REGULATION

Dear Ms. Phillips:

The following facility owned by Florida Gas Transmission Company is considered a major source of hazardous air pollutants:

Compressor Station 18, Orlando Facility ID 0950190

Since the MACT standards for this source has not been promulgated, 40 CFR 63.52 requires the submittal of a revision to the Title V permit by May 15, 2002. This letter shall serve to meet the requirements of the Part 1 **application** as defined in 40 CFR 63.53(a). Further information is provided in the attachment.

I certify that the information contained in this Part 1 Application to be accurate and true to the best of my knowledge.

If additional information is required, please call Jacob Krautsch at (850) 350-5042.

Sincerely,

Richard Craig  
Vice President, Operations

Cc: Mr. Doug Neeley, EPA Region IV  
Tall. Files  
Marc Phillips  
Orlando C/S

Compressor Station 20, Ft. Pierce Facility ID 1110060

Dear Mr. Craig:

Thank you for submitting the referenced information in your letters received May 13, 2002. Your information submittals appear to meet our current 112(j) requirements.

Please be aware that, although your letters refer to these information submittals as "Part 1 Applications," the Department does not recognize your submittals as state permit applications and has no plans to process them as such.

No further 112(j) information is needed from you at this time.

If you have any questions, please call me at 850/921-9534.

Sincerely,

A handwritten signature in black ink that reads "Cindy L. Phillips". The signature is written in a cursive style.
