BUREAU OF AIR REGULATION

Subject: Air Construction Permit Application for Phases 2 and 3
Oak Hammock Disposal Facility
Omni Waste of Osceola County, LLC
(Current Phase 1 Permit # 0970079-001-AC)

Dear Mr. Linero:

Please find four copies of the Air Construction Permit Application (and supporting documents) for development of Phases 2 and 3 at the Oak Hammock Disposal facility in Osceola County, Florida. Geosyntec is submitting this application on behalf of Omni Waste of Osceola County, LLC (a wholly owned subsidiary of Waste Services, Inc.). Based on our phone discussion with Ms. Teresa Heron on 16 March 2007, it is Geosyntec's understanding that a permit application processing fee is not required for this application. As a result, the application fee is not included.

If you have any questions or need additional information, please do not hesitate to contact the undersigned.

Sincerely,

Ayushman Gupta, P.E.
Senior Engineer
