Existing Sugar Mill
Mill Boiler No. 16 -
Temporary Simultaneous
Operation

Palm Beach County
The Department of Environ-
mental Protection (Depart-
ment) gives notice of its intent
to issue an air construction
permit to the Okeelanta Cor-
poration the existing sugar
mill located approximately 6
miles south of South Bay in
Palm Beach County, Florida.
The applicant requests tempo-
rary operation of existing Boi-
ler No. 16 simultaneously with
the existing cogeneration
plant boilers for approximately
a two-month period to allow
rapid processing of sugarcane
damaged by recent severe
freezes. The applicant's au-
thorized representative is Ri-
cardo A. Lima, the V.P. and
General Manager. The mailing
address is Okeelanta Cor-
poration, 71250 U.S. Highway 27
South Bay, FL 33493
Boiler No. 16 was previously
permitted in 1991 with Best
Available Control Technology
(BACT) determinations for
NOx and SO2 emissions. The
BACT-level controls were de-
termined to be low-NOx burn-
ers with 40% flue gas re-circu-
lation and the firing of low
sulfur distillate oil. The poten-
tial emissions associated with
this project are approximately:
12 tons per year of CO, 11
tons per year of NOx, 3 tons
per year of PM, 2 tons per
year of PM10, 32 tons per
year of SO2, and 8 tons per
year of VOC. Because the
emissions increases do not
exceed the Significant Emission
Rates listed in Table 62-
212.400-2, F.A.C., the project
is not subject to the Preven-
tion of Significant Deteriora-
tion requirements of Rule 62-
212.400, F.A.C. A new
determination of the Best
Available Control Technology
(BACT) and an air quality im-
pact analyses were not re-
quired.

The Department will issue the
Final Permit with the attached
conditions unless a response
received in accordance with
the following procedures re-
sults in a different decision or
significant change of terms or
conditions.

The Department will accept
written comments concerning
the proposed permit issuance
action for a period of fourteen
(14) days from the date of
publication of this Public No-
tice of Intent to Issue Air Con-
struction Permit. Written com-
ments should be provided to
the Department's Bureau of
Air Regulation at 2600 Blair
Stone Road, Mall Station
#5505, Tallahassee, FL
32399-2400. Any written com-
ments filed shall be made
available for public inspection.
If written comments received
result in a significant change
in the proposed agency ac-
tion, the Department shall re-
vise the proposed permit and
require, if applicable, another
Public Notice.

The Department will issue the
permit with the attached con-
ditions unless a timely petition
for an administrative hearing
is filed pursuant to sections
120.569 and 120.57 F.S., be-
fore the deadline for filing a
petition. The procedures for
petitioning for a hearing are
set forth below.

Mediation is not available in
this proceeding.

A person whose substantial in-
terests are affected by the
proposed permitting decision
may petition for an adminis-
trative proceeding (hearing) un-
der sections 120.569 and
120.57, F.S. The petition must
contain the information set
forth below and must be filed
(received) in the Office of
General Counsel of the De-
partment at 3500 Common-
wealth Boulevard, Mail Station

The complete project file in-
cludes the application, techni-
cal evaluations, Draft Permit
and the information submitted
by the authorized representa-
tive, exclusive of confidential
records under Section 49,
111, F.S. Interested persons
may contact the Administrator
of the New Source Review
Section at 111 South Magnolia
Drive, Suite 4, Tallahassee,

information.
PUB: The Palm Beach Post
January 29, 2001

the permit applicant or any of the parties listed below must be filed within fourteen (14) days of receipt of this notice of intent. Petitions filed by any persons other than those entitled to written notice under section 120.60(3) F.S. must be filed within fourteen (14) days of publication of the public notice or within Fourteen (14) days of receipt of this notice of intent, whichever occurs first. Under section 120.60(3) F.S., however, any person who asked the Department for notice of agency action may file a petition within fourteen (14) days of receipt of that notice, regardless of the date of publication. A petitioner shall mail a copy of the petition to the applicant at the address indicated above at the time of filing. The failure of any person to file a petition within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under sections 120.569 and 120.57 F.S., or to intervene in this proceeding and participate as a party to it. Any subsequent intervention will be only at the approval of the presiding officer upon the filing of a motion in compliance with Rule 28-106.205, F.A.C.

A petition that disputes the material facts on which the Department's action is based must contain the following information: (a) The name and address of each agency affected and each agency's file or identification number, if known; (b) The name, address, and telephone number of the petitioner, the name, address, and telephone number of the petitioner's representative, if any, which shall be the address for service purposes during the course of the proceeding; and an explanation of how the petitioner's substantial interests will be affected by the agency determination; (c) A statement of how and when petitioner received notice of the agency action or proposed action; (d) A statement of all disputed issues of material fact. If there are none, the petition must so indicate; (e) A concise statement of the ultimate facts alleged, including the specific facts the petitioner contends warrant reversal or modification of the agency's proposed action; (f) A statement of the specific rules or statutes the petitioner contends require reversal or modification of the agency's proposed action; and (g) A statement of the relief sought by the petitioner, stating precisely the action petitioner wishes the agency to take with respect to the agency's proposed action.

A petition that does not dispute the material facts upon which the Department's action is based shall state that no such facts are in dispute and otherwise shall contain the same information as set forth above, as required by Rule 28-106.301, F.A.C. Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the Department's final action may be different from the position taken by it in this notice. Persons whose substantial interests will be affected by any such final decision of the Department on the application have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above. A complete project file is available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at:
