NO. 645361 STATE OF FLORIDA DEPARTMENT OF ENVIRONMENTAL REGULATION NOTICE OF INTENT TO ISSUE PERMIT

The Department of Environmental Regulation gives notice of its intent to issue a construction permit (AC50-219795/PSD-FL-197) to Osceola Power Limited Partnership (Osceola Power), P.O. Box 88, South Bay, Florida 33493. The proposed permit is for a 60 MW (maximum) of electricity cogeneration facility that will use biomass (bagasse and wood waste material) as the primary fuel with No. 2 fuel oil and low sulfur (0.70 percent) coal as alternate fuels. The proposed facility will be constructed at the Osceola Farms' sugar mill located at the intersection of U.S. Highway 98 and Hutton Highway near Pahokee, Palm Beach County, Florida. The two (2) new 685 MMBtu/hr boilers for the proposed cogeneration facility, each using an electrostatic precipitator, a selective non-catalytic reduction system, and a carbon injection system to control air pollution, will replace 5 existing bagasse/No. 6 fuel oil fired boilers at the sugar mill. Each new boiler will emit up to 20.0 lbs/hr particulate matter, 552.0 lbs/hr sulfur dioxide, 16.8 lbs/hr sulfuric acid mist, 79.8 lbs/hr nitrogen oxides, 232.8 lbs/hr carbon monoxide, 1.0 lbs/hr fluorides, 0.003 lbs/hr beryllium, 39.9 lbs/hr volatile organic compounds, and trace amounts of other criteria/non-criteria pollutants. The project (2 new cogeneration boilers replacing 5 existing bagasse/No. 6 oil fired boilers) will decrease net emissions of particulate matter (-243.0 TPY), nitrogen oxides (-12.9 TPY), and carbon monoxide (-4,767.3 TPY); but increase net emissions of volatile organic (+1.4 TPY), sulfur dioxide (+174.7 TPY), beryllium (+0.00138 TPY), fluorides (+5.8 TPY), and sulfuric acid mist (+5.2 TPY). The increase in emissions are greater than the significant emission rates for sulfur dioxide, beryllium, and fluorides. Therefore, the project is subject to review under the Prevention of Significant Deterioration (PSD) regulations and the emission limits for these pollutants are established by a Best Available Control Technology (BACT) determination. The maximum predicted PSD Class II sulfur dioxide increments consumed after this project is constructed are as follows: 10.9

ug/m3, annual average, or 55% of the available annual increment; 76 ug/m3, 24-hour average, or 84% of the available 24-hour increment; and 216 ug/m3, 3-hour average, or 42% of the available 3-hour increment. The sulfur dioxide emissions from this modification will have no significant impact in the Class I Everglades National Park. The Department is issuing this intent to issue for the reasons stated in the Technical Evaluation and Preliminary Determination.

A person whose substantial interests are affected by the Department's proposed permitting decision may petition for an administrative proceeding (hearing) in accordance with Section 120.57, Florida Statutes. The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department at 2800 Blair Stone Road, Tallahassee, Florida 32399-2400, within 14 days of publication of this notice. Petitioner shall mail a copy of the petition to the applicant at the address indicated above at the time of filing. Failure to file a petition within this time period shall constitute a waiver of any right such person may have to request an administrative determination (hearing) under Section 120.57, Florida Statutes.

The Petition shall contain the following information: (a) The name, address, and telephone number of each petitioner, the applicant's name and address, the Department Permit File Number and the county in which the project is proposed; (b) A statement of how and when each petitioner received notice of the Department's action or proposed action; (c) A statement of how each petitioner's substantial interests are affected by the Department's action or proposed action; (d) A statement of the material facts disputed by Petitioner, if any; (e) A statement of facts which petitioner contends warrant reversal or modification of the Department's action or proposed action; (f) A statement of which rules or statutes petitioner contends require reversal or modification of the Department's action or proposed action; and (g) A statement of the relief sought by petitioner, stating precisely the action petitioner wants the Department to take with respect to the Department's action or proposed action.

If a petition is filed, the administrative hearing process is designed to formulate agency action. Accordingly, the Department's final action may be different from the position taken by it in this Notice. Persons whose substantial interests will be affected by any decision of the Department with regard to the application have the right to petition to be a party to the proceeding. The petition must conform to the requirements specified above and be filed (received) within 14 days of publication of this notice in the Office of General Counsel at the above address of the Department. Failure to petition within the allowed time frame constitutes a waiver of any right such person has to request a hearing under Section 120.57, F.S., and to participate as a party to this proceeding. Any subsequent intervention will only be at the approval of the presiding officer upon motion filed pursuant to Rule 28-5.207, F.A.C. The application is available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at: Department of Environmental Regulation Bureau of Air Regulation 111 S. Magnolia Dr., Suite 4 Tallahassee, FL 32301 Department of Environmental Regulation South District 2295 Victoria Ave., Suite 364 Ft. Myers, FL 33901 Department of Environmental Regulation Southeast District 1900 S. Congress Ave., Suite A West Palm Beach, FL 33406 Palm Beach County Health Dept. Division of Environmental Science and Engineering 901 E. Evernia Street West Palm Beach, FL 33406 Any person may send written comments on the proposed action to Mr. Preston Lewis at the Department's Tallahassee address. All comments received within 30 days of the publication of this notice will be considered in the Department's final determination. Further, a public hearing can be requested by any person(s). Such requests must be submitted within 30 days of this notice. PUB: The Palm Beach Post June 9, 1993
