Re: Project No. 0990332-014-AC (PSD-FL-196M)
Okeelanta Power L.P. Cogeneration Plant
Application to Modify CO and SO₂ Emissions Standards (and Additional Requests)

Dear Mr. Buff:

The purpose of this letter is to summarize the project status based on our phone conversation yesterday. Many concerns have been addressed by the latest version of the "pre-draft" permit. As we discussed, I am still drafting revised conditions regarding CEMS data exclusion, BACT for fluorides, opacity during startups, and general CEMS requirements. By Friday, I plan to send one last "pre-draft" version of the permit for comments.

As you mentioned yesterday, the SO₂ ambient impact analysis should be ready for submittal sometime next week (12/3 - 12/7). Once we receive this information, our 30-day completeness review processing time clock will start. However, we commit to an expeditious review of the modeling analysis and will make completion of this project a priority. If you have any questions, please contact me at 850/921-9536.

Sincerely,

Jeffery F. Koerner, P.E.
