NOTICE

February 26, 2015

To Whom It May Concern:

Please be advised that the medical practice HEALTHFIRST, located at 4140 Lake Worth Rd, Lake Worth, FL 33461 will be permanently closing as of March 31, 2015.

Drs. Timothy Horn (ME0051229) and Rebecca Bache' (ME0054827) will stop treating patients as of March 31, 2015. Correspondence concerning Dr. Timothy Horn and Dr. Rebecca Bache' should be directed to P.O. Box # 5479, Lake Worth, FL 33466.

Medical records will be kept in compliance with Florida State Board requirements and can be accessed at the MSPB headquarters located at Medical Specialists of the Palm Beaches (MSPB), 5700 Lake Worth Road, Suite 211, Lake Worth, Florida 33463. MSPB will then be the official "records owner".

This notice is being published in the Palm Beach Post every week for 4 weeks to comply with Florida Statute 456.057(13) and with the board rule (64 BB-10.002) of the Florida Administrative code notifying patients of the termination and a copy of this notice will be sent to the Florida Board of Medicine.

**PUBLIC NOTICE OF INTENT
TO ISSUE AIR PERMITS**
Florida Department of
Environmental Protection
Division of Air Resource Management,
Office of Permitting and Compliance
Air Construction Permit
Revision No. 0990332-022-AC
Draft/Proposed Permit
Renewal No. 0990005-040-AV
Okeelanta Corporation,
Sugar Mill and Refinery
New Hope Power Corporation,
Okeelanta Cogeneration Plant
Palm Beach County, Florida

Applicant: The applicant for this project is the Okeelanta Corporation (ARMS ID No. 0990005) and the New Hope Power Company (ARMS ID No. 0990332). Okeelanta Corporation operates an existing sugar mill (SIC No. 2061) and sugar refinery (SIC No. 2062) and New Hope Power Company operates a cogeneration plant (SIC No. 4911). The applicant's responsible official and mailing address are: Mr. Jose Gonzalez, Vice-President, Okeelanta Corporation, Inc., 8001 U.S. Highway 27 South, South Bay, FL 33493.

Facility Location: The applicant operates the existing Sugar Mill and Refinery and Okeelanta Cogeneration Plant, which are located in Palm Beach County at 8001 U.S. Highway 27 South, South Bay, Florida.

Facility Description: The facility consists of two adjacent plants. Okeelanta Corporation operates an existing sugar mill and sugar refinery including sugar packaging and transshipment activities. New Hope Power Company operates an existing cogeneration plant that provides process steam for the sugar mill and refinery operations as well as generating electricity for sale to the power grid. The cogeneration plant, sugar mill, and sugar refinery are all considered a single facility for purposes of the PSD and Title V regulatory programs.

The primary sources of air pollution include. Three (3) - 760 million British thermal units per hour per hour cogeneration boilers; transfer and storage of wood chip and bagasse fuels; distillate oil storage tanks; transfer and storage of sugar; and a paint spray booth. The facility includes other miscellaneous "unregulated" emissions units and activities.

Project: The applicant applied on December 4, 2014, to the Department for a Title V air operation permit renewal. Processed concurrently with this renewal permit is an air construction permit revision, which authorizes a change to an air construction permit clarifying that the limits on chromium, copper and arsenic in the Fuel Management Plan be specified to be on a "wet" basis. There are no air emissions increases as a result of this project.

Permitting Authority: Applications for air construction permits are subject to review in accordance with the provisions of Chapter 403, Florida Statutes (F.S.) and Chapters 62-4, 62-210 and 62-212 of the Florida Administrative Code (F.A.C.). The proposed project is not exempt from air permitting requirements and an air permit is required to perform the proposed work.

Applications for Title V air operation permits for facilities are subject to review in accordance with the provisions of Chapter 403, Florida Statutes (F.S.) and Chapters 62-4, 62-210 and

Legal Notices

tial interests are affected by the proposed permitting decisions may petition for an administrative hearing in accordance with Sections 120.569 and 120.57, F.S. Petitions filed by any persons other than those entitled to written notice under Section 120.60(3), F.S. must be filed within 14 days of publication of the Public Notice or receipt of written notice, whichever occurs first. Under Section 120.60(3), F.S., however, any person who asked the Permitting Authority for notice of agency action may file a petition within 14 days of receipt of that notice, regardless of the date of publication. A petitioner shall mail a copy of the petition to the applicant at the address indicated above at the time of filing. A petition for administrative hearing must contain this information set forth below and must be filed (received) with the Agency Clerk in the Office of General Counsel, 3900 Commonwealth Boulevard, Midway, Tallahassee, Florida 32399-3000, Agency.Clerk@dep.state.fl.us, before the deadline. The failure of any person to file a petition within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Sections 120.569 and 120.57, F.S., or to intervene in this proceeding and participate as a party to it. Any subsequent intervention (in a proceeding initiated by another party) will be only at the approval of the presiding officer upon the filing of a motion in compliance with Rule 28B-106.205, F.A.C.

A petition that disputes the material facts on which the Permitting Authority's action is based must contain the following information: (a) The name and address of each agency affected, and each agency's file or identification number, if known; (b) The name, address, any email address, telephone number and any facsimile number of the petitioner; the name, address, any email address, telephone number, and any facsimile number of the petitioner's representative, if any, which shall be the address for service purposes during the course of the proceeding; and an explanation of how the petitioner's substantial interests will be affected by the agency determination; (c) A statement of when and how each petitioner received notice of the agency action or proposed decision; (d) A statement of all disputed issues of material fact. If there are none, the petitioner must so indicate; (e) A concise statement of the ultimate facts alleged, including the specific facts the petitioner contends warrant reversal or modification of the agency's proposed action; (f) A statement of the specific rules or statutes the petitioner contends require reversal or modification of the agency's proposed action including an explanation of how the alleged facts relate to the specific rules or statutes; and, (g) A statement of the relief sought by the petitioner, stating precisely the action the petitioner wishes the agency to take with respect to the agency's proposed action. A petition that does not dispute the material facts upon which the Permitting Authority's action is based shall state that no such facts are in dispute and otherwise shall contain the same information as set forth above, as required by Rule 28-106.301, F.A.C.

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the Permitting Authority's final action may be different from the position taken by it in this written notice of Intent to Issue Air Permit. Persons whose substantial interests will be affected by any such final decision of the Permitting Authority on the application have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above.
