Subject: Air Permit fee for West County Energy Center PSD Modification

John,

As we discussed, FDEP will require payment of the \$250 application fee before processing the request to modify the West County Energy Center's PSD permit (0990646-001-AC/PSD-FL-354). The permit processing fee exemptions are only available for facilities that hold a current Title V Operation Permit.

Please remit the check for \$250.00 payable to the Florida Department of Environmental Protection to the address below:
