RE: Change of Responsible Official for Honeywell International Inc.
Facility ID No.: 1030019

Dear Sir/Madam:

This letter serves as a notification for changing the responsible official for Honeywell International Inc. (Honeywell) facility in Clearwater, Florida. Therefore, I would like to submit the attached document and the "Responsible Official Notification Form -" DEP Form No. 62-213.900(8) to support the aforementioned adjustment. The Air Permit No. 1030019-009-AF has been issued to Honeywell as a Minor Air Federally Enforceable State Operating Permit (FESOP) and is valid until February 8, 2015.

As indicated in the attached documents, the new Site Leader for our Clearwater facility is Mr. Todd Reed. If you have any questions or need additional information, please call this office.

Sincerely,

Hamid G. Bojd, PhD, PE

HONEYWELL INTERNATIONAL INC.
SUBDELEGATION OF AUTHORITY

I, Timothy Mahoney, President and CEO of Honeywell Aerospace, an operating unit of Honeywell International Inc. (the "Corporation"), pursuant to the authority sub-delegated to my position by David M. Cote, Chief Executive Officer, on 9/26/09, do hereby sub-delegate to the individuals occupying the positions of Vice President of Integrated Supply Chain, Vice President of OEM Manufacturing, Vice President of Aftermarket Services and Product Center Vice Presidents:

(a) with concurrence from the Law Department and the Vice President of Health Safety & Environment, the authority to compromise or settle a claim, lawsuit, order, demand, investigation or other proceeding that has been or may be asserted by or against the Corporation involving a private party or governmental authority or to other environmental issues and to execute for and in the name of Corporation consent decrees, administrative consent orders and other agreements or documents involving up to \$100,000, which authority may not be further sub-delegated; and

to the individuals occupying the positions of Site Leader:

(b) the authority to execute for and in the name of the Corporation, to the extent allowed by law, all applications, permits, reports or such other documents as may be required by reasons of federal, state or local laws and regulations relating to the environment occupation health, personnel safety or product safety and involving matters for which such individuals have supervisory responsibility for such site.

Date: 9/26/09

Organization Announcement, Director, ISC Space Site Leader

August 28, 2013

Dear Colleagues,

I am pleased to announce that **Todd Reed** has accepted the position of Director, Integrated Supply Chain as the Clearwater Space Site Leader effective September 2, 2013. He will report directly to me and be responsible for leading the Clearwater Space operations and driving improvement in the areas of safety, cost, quality, delivery and inventory through deployment of the Honeywell Operating System.

Todd holds a Bachelor of Arts degree, with minor studies in Computer Science from the University of South Florida and a Master of Business Administration from Florida Metropolitan University. He joined Honeywell in 1985, having spent 21 years in various engineering and operations roles within Clearwater Space. He served 7 years in Clearwater Defense as the Fabrication Engineering and Operations Manager, supporting the business transition from the Gateway Facility. He's a Honeywell Design for Six Sigma Green Belt and Six Sigma Certified Black Belt with a Lean Certification from John Castanza Institute in San Jose, California. In addition, he holds a Contractor Business Certification from the State of Florida.

Please join me in congratulating **Todd** and welcoming him to his new role.

Henry Digdigan
Senior Director, Space COE
Integrated Supply Chain

Organization Announcement, Defense Sr. Quality Manager

August 28, 2013

Dear Colleagues,

I am pleased to announce that **Michael Roberts** has joined Honeywell, Integrated Supply Chain as the Clearwater Defense Sr. Quality Manager effective August 26, 2013. He will report directly to me and be responsible for leading the Clearwater Defense quality operations and driving improvement in the areas of safety, cost, quality, delivery and inventory through deployment of the Honeywell Operating System.

Michael has over 6 years of manufacturing and quality management experience. Prior to joining Honeywell, Michael was employed as the Director of Quality for General Electric Aviation in Santa Ana, California holding progressive positions within the Quality organization increasing their production rate by reaching it to 94%. Michael also worked

Subject: Responsible Official = Site Leader ???

Diggy,

My team is making updates to reporting structure for regulatory requirements and approval tree for Honeywell and JLL Projects.

The existing Sub-Delegation of Authority (attached) seems to cover the transition from you to Todd as Site Leader. However, prior to complete transition and submittal of legal forms to the State, I wanted to make you aware of the change and ask if you expect to remain in the role of "Responsible Official" for the Clearwater Site and approver of any/all HSEF projects and budget?

With your approval, we will make the appropriate changes.

Thank you,

Tom
