THE STATE OF FLORIDA  
DEPARTMENT OF ENVIRONMENTAL PROTECTION

In the Matter of an  
Application for Permit by:

OGC No. 97-1107

Lakeland Electric & Water Utilities  
501 East Lemon Street  
Lakeland, Florida 33801-5079

DRAFT Permit No.: 1050004-003-AV  
C.D. McIntosh, Jr. Power Plant  
Polk County

REQUEST FOR EXTENSION OF TIME

By and through undersigned counsel, Lakeland Electric & Water Utilities (Lakeland) hereby requests, pursuant to Florida Administrative Code Rules 28-106.111(3) and 62-103.050(1), an extension of time, to and including February 3, 1998, in which to file a Petition for Administrative Proceedings or a Request for Mediation in the above-styled matter. As good cause for granting this request, Lakeland states the following:

1. On or about June 6, 1997, Lakeland received from the Department of Environmental Protection (Department) an "Intent to Issue Title V Air Operation Permit" (Permit No. 1050004-003-AV) for the C.D. McIntosh, Jr. Power Plant located in Polk County, Florida. Along with the Intent to Issue, Lakeland received a draft Title V permit and "Public Notice of Intent to Issue Title V Air Operation Permit."
2. By order dated November 4, 1997, the Department granted an extension of time until December 3, 1997, within which to file a petition for an administrative hearing.
3. Based on Lakeland's review, the draft permit and associated documents contain several provisions that warrant clarification or correction.

BUREAU OF  
AIR REGULATION

4. Lakeland has corresponded and met with Department representatives in an effort to resolve the issues identified and only a few issues remain.

5. Lakeland believes that the remaining issues can be resolved without the need for a formal hearing or mediation, and is awaiting a response from the Department.

6. This request is filed simply as a protective measure to avoid waiver of Lakeland's right to challenge certain conditions contained in the draft Title V permit. Grant of this request will not prejudice either party, but will further their mutual interest and likely avoid the need to file a petition and proceed to a formal administrative hearing or formal mediation.

7. Scott Sheplak with the Bureau of Air Regulation has agreed to an extension until February 3, 1998, on behalf of the Department. Counsel for Lakeland has attempted without success to contact W. Douglas Beason with the Office of General Counsel regarding this request.

WHEREFORE, Lakeland respectfully requests that the time for filing of a Petition for Administrative Proceedings or a Request for Mediation in regard to the Department's Intent to Issue Title V Air Operation Permit for Permit No. 1050004-003-AV be formally extended to and including February 3, 1998.
