**Re: Administrative Permit Correction – Title V Permit No.: 1050003-004-AV
Larsen Power Plant and Title V Permit No.: 1050004-009 McIntosh Power Plant**

Dear Scott:

We are in receipt of your letter dated October 19, 2001 addressed to Mr. Keith Hulbert (Lakeland Electric's Responsible Official) requesting additional information due to our e-mail request of October 17, 2001. We understand that the Department feels if the words "permitting note" are omitted in these permits it may necessitate a revision to the Title V instead of an administrative permit change. We thank you for having brought this to our attention. Therefore, at this time we will accept an administrative permit change with the word "permitting note" included in the conditions as per our September 24, 2001 request including the clarification of various fuel for Unit No. 3 (as per our electronic submittal of October 17, 2001).

However, we will keep our option of requesting the words "permitting note" to be deleted at such time when these permits become due for renewal. Accordingly, for your review and process we are enclosing a copy of our requested administrative changes to these permits as follows:

Title V Permit No.: 1050003-009-AV (Larsen Power Plant)

EU No. 006, specific condition A.1
EU No. 007, specific condition B.1
EU No. 005 & 006, specific condition C.1
EU No. 008, specific condition D.1

Title V Permit No.: 1050004-009-AV (McIntosh Power Plant)

EU No. 001, specific condition A.1
EU No. 002 & 003, specific condition B.1
EU No. 004, specific condition C.1
EU No. 005, specific condition D.1
EU No. 006, specific condition E.1
EU No. 028, specific condition F.1

Page 2 of 2

To assist you in this matter, we have inserted the requested language in the appropriate sections (please see attached) identified and marked in bold and underlined. Additionally, we have noted that the administrative changes to Unit No. 6 & 7 of Larsen power plant in reference to the heat input which was issued by the Department on December 28, 1999 has not been incorporated in this permit. Therefore, we have made the necessary correction and have marked them in yellow color for your attention. Additionally, we are enclosing our Responsible Official's Certification.

With this submittal, we hope we have met the requirement of the Department and look forward to receive our updated Title V permit. As always, we appreciate all the help you have offered us in our permitting endeavors and look forward to hear from you soon.

However, if you should have any questions, please do not hesitate to contact me.

Sincerely

Farzie Shelton
