RE: CARGILL CITRO PURE, L.P.
 FROSTPROOF CITRUS PLANT
 BOILER NO. 2 CONSTRUCTION PERMIT APPLICATION
 DEP FILE NO. 1050019-007-AC

Dear Mr. Sheplak:

Cargill Citro Pure, L.P. (CCP) and Golder Associates Inc. (Golder) has received the Department's Intent to Issue Air Construction Permit documents, dated October 10, 2001, for the above referenced project. During review of the documents, the following comments were identified, which we offer for consideration upon issuance of the final permit.

Draft Permit

Pg. 2 of 7: The reference in the second sentence to an "E. Keller Company boiler" should correctly state "an E. Keeler Company boiler."

Pg. 6 of 7: Note after condition 3 should read "...and an average heat value of 1,000 million Btu/million scf of natural gas..."

Technical Evaluation and Determination

Pg. 1: The reference in the second sentence to an "E. Keller Company boiler" should correctly state "an E. Keeler Company boiler."

Thank you for consideration of these comments. Please call me at (352) 336-5600 if you have any questions.

Sincerely,

GOLDER ASSOCIATES INC.
