

Florida Department of
Environmental Protection

Memorandum

To: Trina Vielhauer, Bureau of Air Regulation 
Through: Jeff Koerner, New Source Review Section 
From: Bobby Bull, New Source Review Section *rlb*
Date: 2/22/2011
Subject: Extension of Permit Expiration Date
Cutrale Citrus Juices USA, Inc. - Auburndale Facility
Project No. 1050023-025-AC, PSD-FL-365A

Attached for your review is a letter authorizing the extension of the permit expiration date of air construction Permit No. 1050023-020-AC for the Auburndale Facility located in Polk County at 602 McKean Street in Auburndale, Florida. Cutrale requests the additional time to complete work authorized under this air construction permit issued by the Department on June 4, 2008. The facility received its initial Title V permit (1050023-021-AV) on July 30, 2008 which incorporated all the conditions of the construction permit. The facility is required to submit progress reports to the Department verifying work in progress or completed under the air construction permit. The latest report dated January 25, 2011 indicated the project was 98% complete. The primary remaining item is compliance testing. The air construction permit expired on May 31, 2010. Based on the circumstances and information provided, the Department approves this request. I recommend your approval of the attached extension.

Re: Extension of Air Construction Permit Expiration Date
Cutrale Citrus Juices USA, Inc. - Auburndale Facility
Project No. 1050023-025-AC, PSD-FL-365A
Extension of Original Air Permit No. 1050023-020-AC, PSD-FL-365

Dear Mr. Corkum:

On February 11, 2011, Cutrale Citrus Juices USA, Inc. (Cutrale) requested an extension of the expiration date of air construction Permit No. 1050023-020-AC for the Auburndale Facility located in Polk County at 602 McKean Street in Auburndale, Florida. Cutrale requests the additional time to complete work authorized under this air construction permit issued by the Department on June 4, 2008. The facility received its initial Title V permit (1050023-021-AV) on July 30, 2008 which incorporated all the conditions of the construction permit. The facility is required to submit progress reports to the Department verifying work in progress or completed under the air construction permit. The latest report dated January 25, 2011 indicated the project was 98% complete. The primary remaining item is compliance testing. The air construction permit expired on May 31, 2010. Based on the circumstances and information provided, the Department approves this request in accordance with Rule 62-210.300(1)(b), F.A.C., "Notwithstanding the expiration of an air construction permit, all limitations and requirements of such permit that are applicable to the design and operation of the permitted facility or emissions unit shall remain in effect until the facility or emission unit is permanently shut down..."

Permitting Authority: Applications for air construction permits are subject to review in accordance with the provisions of Chapter 403, Florida Statutes (F.S.) and Chapters 62-4, 62-210, and 62-212 of the Florida Administrative Code (F.A.C.). The proposed project is not exempt from air permitting requirements and an air permit is required to perform the proposed work. The Department of Environmental Protection's Bureau of Air Regulation is the Permitting Authority responsible for making a determination for this project. The Permitting Authority's physical address is: 111 South Magnolia Drive, Suite #4, Tallahassee, Florida 32301. The Permitting Authority's mailing address is: 2600 Blair Stone Road, MS #5505, Tallahassee, Florida 32399-2400. The Permitting Authority's telephone number is 850/717-9000.

Determination: The expiration date is hereby extended from **May 31, 2010** to **September 30, 2011** to provide the necessary time to complete construction and conduct compliance testing. This permitting action does not authorize any new construction. A copy of this letter shall be filed with the referenced permit and shall become part of the permit. This permitting decision is issued pursuant to Chapter 403, Florida Statutes.

Petitions: A person whose substantial interests are affected by the proposed permitting decision may petition for an administrative hearing in accordance with Sections 120.569 and 120.57, F.S. The petition must contain the information set forth below and must be filed with (received by) the Department's Agency Clerk in the Office of General Counsel of the Department of Environmental Protection, 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida 32399-3000. Petitions must be filed within 14 days of receipt of this permit extension.

EXTENSION OF AIR CONSTRUCTION PERMIT EXPIRATION DATE

#35, Tallahassee, Florida 32399-3000. Petitions must be filed within 14 days of receipt of this permit extension. A petitioner shall mail a copy of the petition to the applicant at the address indicated above, at the time of filing. The failure of any person to file a petition within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Sections 120.569 and 120.57, F.S., or to intervene in this proceeding and participate as a party to it. Any subsequent intervention (in a proceeding initiated by another party) will be only at the approval of the presiding officer upon the filing of a motion in compliance with Rule 28-106.205, F.A.C.

A petition that disputes the material facts on which the Permitting Authority's action is based must contain the following information: (a) The name and address of each agency affected and each agency's file or identification number, if known; (b) The name, address, and telephone number of the petitioner; the name, address and telephone number of the petitioner's representative, if any, which shall be the address for service purposes during the course of the proceeding; and an explanation of how the petitioner's substantial interests will be affected by the agency determination; (c) A statement of when and how each petitioner received notice of the agency action or proposed decision; (d) A statement of all disputed issues of material fact; (e) A concise statement of the ultimate facts alleged, including the specific facts the petitioner contends warrant reversal or modification of the agency's proposed action; (f) A statement of the specific rules or statutes the petitioner contends require reversal or modification of the agency's proposed action including an explanation of how the alleged facts relate to the specific rules or statutes; and, (g) A statement of the relief sought by the petitioner, stating precisely the action the petitioner wishes the agency to take with respect to the agency's proposed action. A petition that does not dispute the material facts upon which the Permitting Authority's action is based shall state that no such facts are in dispute and otherwise shall contain the same information as set forth above, as required by Rule 28-106.301, F.A.C.

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the Permitting Authority's final action may be different from the position taken by it in this written notice. Persons whose substantial interests will be affected by any such final decision of the Permitting Authority on the application have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above.

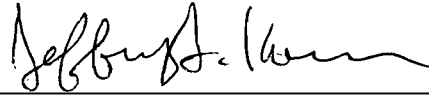

Mediation: Mediation is not available in this proceeding.

Effective Date: This permitting decision is final and effective on the date filed with the clerk of the Department unless a petition is filed in accordance with the above paragraphs or unless a request for extension of time in which to file a petition is filed within the time specified for filing a petition pursuant to Rule 62-110.106, F.A.C., and the petition conforms to the content requirements of Rules 28-106.201 and 28-106.301, F.A.C. Upon timely filing of a petition or a request for extension of time, this action will not be effective until further order of the Department.

Judicial Review: Any party to this permitting decision (order) has the right to seek judicial review of it under Section 120.68, F.S., by filing a notice of appeal under Rule 9.110 of the Florida Rules of Appellate Procedure with the clerk of the Department of Environmental Protection in the Office of General Counsel, Mail Station #35, 3900 Commonwealth Boulevard, Tallahassee, Florida, 32399-3000, and by filing a copy of the notice of appeal accompanied by the applicable filing fees with the appropriate District Court of Appeal. The notice must be filed within 30 days after this order is filed with the clerk of the Department.

EXTENSION OF AIR CONSTRUCTION PERMIT EXPIRATION DATE

Executed in Tallahassee, Florida.
