David B. Jellerson, P.E.
Environmental Superintendent
Cargill Fertilizer, Inc.
Post Office Box 9002
Bartow, Florida 33830

Dear Mr. Jellerson:

Re: Extension of Permit No. AC53-246403

The Department received Cargill's May 1 letter requesting an extension of the expiration date of the above permit. The expiration date is changed as shown below:

From: June 2, 1995

To: **January 30, 1996**

This letter shall become Attachment No. 7 to this permit.

A person whose substantial interests are affected by the Department's proposed permitting decision may petition for an administrative proceeding (hearing) in accordance with Section 120.57, Florida Statutes (F.S.). The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department at 2600 Blair Stone Road, Tallahassee, Florida 32399-2400. Petitions filed by the applicant of the amendment request/application and the parties listed below must be filed within 14 days of receipt of this amendment. Petitions filed by other persons must be filed within 14 days of the amendment issuance or within 14 days of their receipt of this amendment, whichever occurs first. Petitioner shall mail a copy of the petition to the applicant at the address indicated above at the time of filing. Failure to file a petition within this time period shall constitute a waiver of any right such person may have to request an administrative determination (hearing) under Section 120.57, F.S.

David B. Jellerson
June 15, 1995
Page Two

The Petition shall contain the following information:

- (a) The name, address and telephone number of each petitioner, the applicant's name and address, the Department Permit File Number and the county in which the project is proposed;
- (b) A statement of how and when each petitioner received notice of the Department's action or proposed action;
- (c) A statement of how each petitioner's substantial interests are affected by the Department's action or proposed action;
- (d) A statement of the material facts disputed by Petitioner, if any;
- (e) A statement of facts which petitioner contends warrant reversal or modification of the Department's action or proposed action;
- (f) A statement of which rules or statutes petitioner contends require reversal or modification of the Department's action or proposed action; and,
- (g) A statement of the relief sought by petitioner, stating precisely the action the petitioner wants the Department to take with respect to the Department's action or proposed action.

If a petition is filed, the administrative hearing process is designed to formulate agency action. Accordingly, the Department's final action may be different from the position taken by it in this amendment. Persons whose substantial interests will be affected by any decision of the Department with regard to the amendment request/application have the right to petition to become a party to the proceeding. The petition must conform to the requirements specified above and be filed (received) within 14 days of receipt of this amendment in the Office of General Counsel at the above address of the Department. Failure to petition within the allowed time frame constitutes a waiver of any right such person has to request a hearing under Section 120.57, F.S., and to participate as a party to this proceeding. Any subsequent intervention will only be at the approval of the presiding officer upon motion filed pursuant to Rule 28-5.207, Florida Administrative Code.

Florida Department of

TO: Howard L. Rhodes

FROM: Clair Fancy 

DATE: June 15, 1995

SUBJECT: Amendment to construction Permit No. **AC 53-246403 PSD-FL-211**
Cargill Fertilizer, Inc.

Attached for your approval and signature is a letter extending the expiration date for the above reference construction permit.

The construction permit was valid through June 2, 1995 which insured that Cargill would have a valid permit while the Department conducted its completeness review of Cargill's Title V permit application. Because the submittal date has been changed, it is necessary for Cargill to get the attached extension.

The Bureau recommends approval of this amendment.

Dear Mr. Kissel:

SUBJECT: Permit AC53-246403 Extension Request

The purpose of this letter is to request an extension of the expiration date until June 1, 1997. The primary reason for this extension is to assure that the facility Title V operating permit has been received prior to expiration of the construction permit. The original expiration date was established in consideration of the submittal date for the facility Title V permit application. However, the due date for this application has been extended to November 15, 1995, duplicative permitting efforts can be avoided by extending the permit expiration date. Please find enclosed a check in the amount of \$50 to cover the processing fee.

Should you have any questions, or require additional information, please feel free to contact me at 813/534-9613.
