Bartow, FL 33831

Re: Extension Request/DEP File No. 1050046-008-AC (PSD-FL-255)  
Bartow No. 3 Fertilizer Plant Expansion

Dear Ms. Waters:

The Department reviewed your request received on February 7, 2002 to extend the expiration date of the above construction permit from March 31, 2002 to December 31, 2002. Per Rule 62-4.080(3), F.A.C., an extension for a construction permit shall be granted if the applicant can demonstrate reasonable assurances that upon completion, the extended permit will comply with the standards and conditions required by applicable regulations. To meet the reasonable assurance requirement for extension of the permit, please submit the following information:

1. List any additional tasks to be performed to achieve "normal operating conditions" and the approximate dates for completing those tasks.
2. Identify additional production and emission testing that needs to be conducted and provide estimated dates for completion of those tasks.
3. Provide a statement (and basis for believing) that the facility will comply with applicable regulations.

According to Rule 62-4-080(3), the permit will remain in effect until the Department takes final action. Permit applicants are advised that Rule 62-4.055(1), F.A.C. now requires applicants to respond to requests for information within 90 days. If you have any questions regarding this matter, please call John Reynolds at 850/921-9530.

Sincerely,

A. A. Linero, P.E. Administrator
