MR WILLARD HANKS
DEPT OF ENVIRONMENTAL REGULATION

TALLAHASSEE FL 32399-2400

STATE OF FLORIDA
DEPARTMENT OF
ENVIRONMENTAL
REGULATION
NOTICE OF
INTENT TO
ISSUE PERMIT

The Department of Environmental Regulation gives notice of its intent to issue a construction permit (AC 53-216288/PSD-FL-191) to Seminole Fertilizer Corporation, Post Office Box 471, Bartow, Florida 33830. The permit will allow the applicant to modify (increase production) of the existing Nos. 4, 5, and 6 sulfuric acid plants at Seminole Fertilizer Corporation's phosphate fertilizer manufacturing plant on Highway 60 West, Bartow, Polk County, Florida 33830. The modification to the sulfuric acid plants requires a Best Available Control Technology (BACT) determination for sulfur dioxide and acid mist. The proposed project is subject to Prevention of Significant Deterioration (PSD) regulations. The allowable emissions from each sulfuric acid plant will be 4.0 pounds of sulfur dioxide per ton of acid produced (380 lbs/hr and 1664.4 TPY), and 0.15 pounds of acid mist per ton of acid produced (14.25 lbs/hr and 62.4 TPY). Modeling results show that increases in ground-level concentrations are less than PSD significant impact levels for the applicable pollutants. These emissions will not cause a violation of any ambient air quality standard or Prevention of Significant Deterioration (PSD) increment. The Department is issuing this Intent to Issue for the reasons stated in the Technical Evaluation and Preliminary Determination.

A person whose substantial interests are affected by the Department's proposed permitting decision may petition for an administrative proceeding (hearing) in accordance with Section 120.57, Florida Statutes. The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department at 2600 Blair Stone Road, Tallahassee, Florida 32399-2400, within (14) days of publication of this notice. Petitioner shall mail a copy of the petition to the applicant at the address indicated above at the time of filing. Failure to file a petition within this time period shall constitute a waiver of any right such person may have to request an administrative determination (hearing) under Section 120.57, Florida Statutes.

The Petition shall contain the following information; (a) The name, address, and telephone number of each petitioner, the applicant's name and address, the Department Permit File Number and the county in which the project is proposed; (b) A statement of how and when each petitioner received notice of the Department's action or proposed action; (c) A statement of how each petitioner's substantial interests are affected by the Department's action or proposed action; (d) A statement of the material facts disputed by Petitioner, if any; (e) A statement of facts which petitioner contends warrant reversal or modification of the Department's action or proposed action; (f) A statement of which rules or statutes petitioner contends require reversal or modification of the Department's action or proposed action; and (g) A statement of the relief sought by petitioner, stating precisely the action petitioner wants the Department to take with respect to the Department's action or proposed action. If a petition is filed, the administrative hearing process is
