RE: Mosaic Fertilizer, Inc.: Draft Permit No. 1050046-018-AV and 1050046-022-AC
Bartow Phosphate Fertilizer Facility
**Request for an Extension of the Time in Which to File Petition for Hearing,
Mediation or Alternate Remedies, or in the alternative, Petition for an
Administrative Hearing**

Office of General Counsel:

Mosaic Fertilizer, LLC ("Mosaic") requests from the Florida Department of Environmental Protection ("FDEP") an extension of the time in which to file a petition for an administrative hearing, mediation or alternate remedies with respect to the above referenced draft permit ("Draft Permit").

Mosaic received the original "Intent to Issue" for modifications to the Bartow Phosphate Fertilizer Facility and the "Public Notice of Intent to Issue" from the FDEP on or around June 20, 2004. Mosaic intends to submit comments within 30 days as required by the draft permit. While Mosaic is confident any issues can be resolved without the need for a formal proceeding, in order to fully protect and reserve its right to a hearing, mediation or other remedy, Mosaic requests an extension until July 20, 2005, or such other extension period FDEP deems adequate, to provide Mosaic adequate time to review the Draft Permit and to provide Mosaic and FDEP a reasonable opportunity to resolve any issues with respect to the Draft Permit, and further requests the FDEP suspend its Intent to Issue accordingly.

In the event FDEP declines to grant Mosaic's extension request, Mosaic hereby petitions for an administrative hearing and provides FDEP the following pertinent information:

- (a) *The name, address, and telephone number of petitioner; the FDEP's identification number for the Agency action and the county in which the subject matter or activity is located:*

RECEIVED

JUN 27 2005

BUREAU OF ENVIRONMENTAL PROTECTION

Mosaic Fertilizer, LLC
Bartow Facility
3200 Highway 60 West
Bartow, FL 33830

Permit No. 1050046-018-AV
and 1050046-022-AC
Polk County

- (b) *A statement of how and when each petitioner received notice of the Agency action*

Mosaic received notice via U.S. Mail on or around June 20, 2004.

- (c) *A statement of how each petitioner's substantial interests are affected by the Agency action.*

Mosaic's facility is the subject of the Draft Permit.

- (d) *A statement of the material facts disputed by petitioner, if any.*

Mosaic is unsure if there are any material facts in dispute at this time. The Draft Permit contains conditions that may be inconsistent with the intended project and the application. Therefore, Mosaic desires the extension to resolve any issues and to determine if material facts are in dispute and wishes to work with FDEP on the Draft Permit's conditions accordingly.

- (e) *A statement of facts which petitioner contends warrant reversal or modification of the Agency action.*

Mosaic is unsure if there are any material facts warranting reversal or modification at this time. The Draft Permit contains conditions that may be inconsistent with the intended project and the application. Therefore, Mosaic desires the extension to resolve any issues and to determine if material facts are in dispute and wishes to work with FDEP on the Draft Permit's conditions accordingly.

- (f) *A statement of which rules or statutes petitioner contends require reversal or modification of the Agency action.*

Mosaic is unsure if there are any rules or statutes requiring reversal or modification at this time. The Draft Permit contains conditions that may be inconsistent with the intended project and the application. Therefore, Mosaic desires the extension to resolve any issues and to determine if material facts are in dispute and wishes to work with FDEP on the Draft Permit's conditions accordingly.

- (g) *A statement of the relief sought by petitioner, stating precisely the action petitioner wants the Department to take with respect to the Agency action.*

Mosaic is unsure if Departmental action is required at this time. The Draft Permit contains conditions may be inconsistent with the intended project and the application. Therefore, Mosaic desires the extension to resolve these issues and to determine if material facts are in dispute and wishes to work with FDEP on the Draft Permit's conditions accordingly.

Mosaic thanks you for your consideration and continued cooperation. Please contact me with any questions or concerns.

Sincerely,
