Re: OGC Case No. 02-0760 & 02-0728  
Draft Permits Nos. 1050046-016-AV & 0570008-014-AV  
Bartow and Riverview

Dear Mr. Morris:

As you are aware, the Department and Cargill Fertilizer have been trying to resolve issues regarding hydrogen fluoride emissions in the above referenced cases for nearly a year. The Department has granted Cargill Fertilizer's requests for extensions of time to file a petition for administrative hearing throughout this timeframe. The most recent extension request will expire on January 31, 2003.

While the Department remains willing to entertain settlement of these cases, we do not see any reason to grant further requests for extensions of time to discuss the applicability of 40 CFR 63 Subparts AA & BB. We have notified our counsel of this as well. Please contact me at 850/921-9503 or Gerry Kissel at 813/744-6100 ext.116 if you would like to discuss finalizing the draft Title V permits.

Sincerely,

Trina L. Vielhauer, Chief  
Bureau of Air Regulation
