State of Florida Department of Environmental Regulation
Notice of Proposed Agency Action on Permit Application
The Department gives notice of its intent to issue permits to USS Agri-Chemicals to authorize an increase in production of two existing phosphoric acid plants and two existing sulfuric acid plants. These plants are located in Polk County, 3.5 miles west of Ft. Meade on State Road 1630.
Maximum allowable production of each phosphoric acid plant will be increased from 600 to 1,000 TPD P2O5. Fluoride emissions from each plant will increase by 0.5 TPY. A best available control technology (BACT) determination was not required for the modifications of the phosphoric acid plants.
Maximum allowable production of each sulfuric acid plant will be increased from 2,200 to 3,000 TPD acid. Emissions from each plant will increase by the following amounts: 532 TPY sulfur dioxide, 319.9 TPY acid mist, and 29.6 TPY nitrogen oxides. A BACT determination was required for the modifications of the sulfuric acid plants.
The increased emissions resulting from these modifications will not cause or contribute to a violation of any PSD increment or ambient air quality standard.
Persons whose substantial interests are affected by the Department's proposed permitting decision may petition for an administrative proceeding (hearing) in accordance with Section 120.57, Florida Statutes. The petition must conform to the requirements of Chapters 17-103 and 28-5, Florida Administrative Code, and must be filed (received) in the Office of General Counsel of the Department at 2600 Blair Stone Road, Twin Towers Office Building, Tallahassee, Florida 32301, within fourteen (14) days of publication of this notice. Failure to file a request for hearing within this time period shall constitute a waiver of any right. Such person may have to request an administrative determination (hearing) under Section 120.57, Florida Statutes.
If a petition is filed, the administrative hearing process is designed to formulate agency action. Accordingly, the Department's final action may be different from the position taken by it in this preliminary statement. Therefore, persons who may not object to the proposed agency action may wish to intervene in the proceeding. A petition for intervention must be filed pursuant to Model Rule 28-5.207 at least five (5) days before the final hearing and be filed with the hearing officer if one has been assigned at the Division of Administrative Hearings, Department of Administration, 2009 Apalachee Parkway, Tallahassee, Florida 32301. If no hearing officer has been assigned, the petition is to be filed with the Department's Office of General Counsel, 2600 Blair Stone Road, Tallahassee, Florida 32301. Failure to petition to intervene within the allowed time frame constitutes a waiver of any right. Such person has to request a hearing under Section 120.57, Florida Statutes.
The application, technical evaluation, and Department's intent for the proposed project is available for public inspection during normal business hours (8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays) at the following locations:

E., Deputy Chief Bureau of Air Quality Management 2600 Blair Stone Road Tallahassee, Florida 32301 FILING AND ACKNOWLEDGEMENT FILED, on this date, pursuant to Section 120.52(9), Florida Statutes, with the designated Department Clerk, receipt of which is hereby acknowledged. Patricia G. Adams, Clerk Date: June 27, 1985 July 4, 1985-1327

INTENT TO ISSUE The Department of Environmental Regulation hereby gives notice of its intent to issue, a proposed order of issuance for, a permit pursuant to Chapter 403, Florida Statutes, for the proposed project as detailed in the application specified above. The Department is issuing this intent to issue for the reasons stated in the attached Technical Evaluation and Preliminary Determination. The applicant, USS Agri-Chemicals, applied on January 23, 1984, to the Department of Environmental Regulation for permits to modify their existing phosphoric acid plants located in Polk County on State Road 630, 3.5 miles west of Ft. Meade, Florida. The Department has permitting jurisdiction under Chapter 403, Florida Statutes and Florida Administrative Code Rules 17-2 and 17-4. The project is not exempt from permitting procedures. The applicant was officially notified by the Department that air construction permits were required for the proposed work. This intent to issue shall be placed before the Secretary for final action unless an appropriate petition for a hearing pursuant to the provisions of Section 120.57, Florida Statutes, is filed within fourteen (14) days from receipt of this letter or publication of the public notice (copy attached) required pursuant to Rule 17-103.150, Florida Administrative Code, whichever occurs first. The petition must comply with the requirements of Section 17-103.155 and Rule 28-5.201, Florida Administrative Code (copy attached) and be filed in the Office of General Counsel of the Department of Environmental Regulation at 2600 Blair Stone Road, Tallahassee, Florida 32301. Petitions which are not filed in accordance with the above provisions are subject to dismissal by the Department. In the event a formal hearing is conducted pursuant to Section 120.57(1), all parties shall have an opportunity to respond, to present evidence and argument on all issues involved, to conduct cross-examination of witnesses and submit rebuttal evidence, to submit proposed findings of facts and orders, to file exceptions to any order or hearing officer's recommended order, and to be represented by counsel. If an informal hearing is requested, the agency, in accordance with its rules of procedure, will provide affected persons or parties or their counsel an opportunity, at a convenient time and place, to present to the agency or hearing officer, written or oral evidence in opposition to the agency's action or refusal to act, or a written statement challenging the grounds upon which the agency has chosen to justify its action or inaction, pursuant to Section 120.57(2), Florida Statutes. If a petition is filed, the administrative hearing process is designed to formulate agency action. Accordingly, the Department's final action may be different from the proposed agency action. Therefore, persons who may not wish to file a petition, may wish to intervene in the proceeding. A petition for intervention must be filed pursuant to Model Rule 28-5.207 at least five (5) days before the final hearing and be filed with the hearing officer if one has been assigned at the Division of Administrative Hearings, 2009 Apalachee Parkway, Tallahassee, Florida 32301.
