Additional Information received September 25, 2003

Bartow Facility

Dear Mr. Roberts:

On September 25, 2003, the Department received additional information relating to your Title V air permit application to renew your existing permit. In order to continue processing the application, the Department will need the following additional information pursuant to Rules 62-4.055 and 62-4.070(1), F.A.C.:

1. Application Responsible Official Certification. The September 23, 2003 submittal contained paper form application certification. It is the department's understanding that you and/or your consultant will be using EPSAP (Electronic Permit Submittal And Processing system) to submit your application. In this case, the certification will be using a PIN (Personal Identification Number). Please contact the Division of Air Resource Management Help Desk at 850-921-9557 to obtain the necessary PIN. Please obtain the PIN number in advance as the Department cannot waive the processing clock to wait on a PIN. (See Note 1)
2. Paper Application and EPSAP Applications. The September 29, 2003 submittal was submitted by using a few pages of the Paper Form DEP 62-210.900(1) and the summary screen from the EPSAP Application. Application must be made on either the Paper Form OR the EPSAP Application. (See Note 1)
3. April 17, 2003 Request for additional information. The Department requested additional information on April 17, 2003. Due to the above items, all the items in the request for additional information, dated April 17, 2003, need to be addressed.
