Dear Mr Arif:

The purpose of this letter is to provide you with an update of PSD application #1050053-033-AC (PSD-FL-334). As you know, Cargill Crop Nutrition merged with IMC in late October to create Mosaic.

During this time of transition, the company is assessing its priorities and for capital projects. The company is interested in continuing discussion of the draft permit conditions and pursuing the application. So, if there is an indication capital is allocated or potentially allocated, we will pursue this permit application. We will contact you once that decision has been made, hopefully within 60 days.

Also, I would like to let you know that my position has changed as a result of the merger. My responsibility is EHS Manager of our worldwide distribution business, and Elizabeth Foeller, P.E., is the Environmental Superintendent at Green Bay. Mrs. Foeller and I look forward to working with you in the future.

Best regards,

Taylor D. Abel, P.E.  
EHS Manager  
Mosaic
