Jack may be thinking about Mosaic Fertilizer / Riverview 0570008-014-AV where they had requested a hearing on November 30but withdrew that request just yesterday.

The one that we were concerned about they did request an extension of time on November 8 for this facility:

Mosaic Phosphates / South Pierce Facility
1050055-014-AV OGC # 05-0650

For your convenience I have attached the draft order that I sent over in November (so of course it uses November for the date of issuance and on the certificate of service)

asked about Mosaic. Jack seems to think there was an actual petition, not a Motion to Extend, and that the District will resolve by withdrawing the Intent to Issue and re-issuing a new draft. If this isn't the case you're asking about, please let me know.
