DIVISION OF AIR
RESOURCE MANAGEMENT

Re: Notice of Facility Closure and Permit Termination
Quantum Auburndale Power, LP
FDEP Facility No. 1050221
ORISPL: 54658

Mr. Read:

This letter serves as notification of cessation of operations of the Quantum Auburndale Power (QAP) facility at 1501 West Derby Avenue in Auburndale, Florida. The gas turbine and other emission sources at this site are being physically removed from the location. The turbine is permitted under Title V Permit No. 1050221-016-AV and QAP requests termination of this permit. This letter also serves as courtesy notification of cessation of operation of an affected facility (gas turbine) under 40 CFR 60, Subpart GG and an affected source (emergency firewater pump) under 40 CFR 63, Subpart ZZZZ at this location.

Quantum Utility Generation respectfully requests that the Division of Air Resource and Management provide additional guidance on any additional reports and fees required under the Title V permit due to partial operation of the facility during the 2014 reporting year.

If you have any questions regarding this matter, please feel free to contact me at 713-485-8690.

Sincerely,

Mark Breen
Senior Vice President – Operations
Quantum Auburndale Power, LP
