I. Public Notice.

An "INTENT TO ISSUE TITLE V AIR OPERATION PERMIT" to Orange Cogeneration, L.P., for the Orange Cogeneration Facility located at 1901 Clear Springs Mine Road, Bartow, Polk County was clerked on July 30, 1997. The "PUBLIC NOTICE OF INTENT TO ISSUE TITLE V AIR OPERATION PERMIT" was published in the Polk County Democrat on August 21, 1997. The DRAFT Title V Air Operation Permit was available for public inspection at the DEP Southwest District office in Tampa and the permitting authority's office in Tallahassee. Proof of publication of the "PUBLIC NOTICE OF INTENT TO ISSUE TITLE V AIR OPERATION PERMIT" was received on August 28 1997.

II. Public Comment(s).

Comments were received from the applicant and the DRAFT Title V Operation Permit was changed. The comments were not considered significant enough to reissue the DRAFT Title V Permit and require another Public Notice.

Changes were made to correct typographical errors, add a custom fuel monitoring schedule, clarify several conditions, and change the permit in response to comments from EPA on Florida's permit format. The changes were documented in a letter from the Department to the responsible official dated September 29, 1997.

[B.] Document(s) on file with the permitting authority:

Letter received September 12, 1997, from Mr. Allan Wade Smith.

III. Conclusion.

The permitting authority will issue the PROPOSED Permit No.: 1050231-001-AV, with any changes noted above. Since the changes were minor, the PROPOSED permit will not be sent to the applicant.
