P.E. CERTIFICATION STATEMENT

PERMITTEE

Georgia-Pacific Consumer Operations, LLC
P.O. Box 919
Palatka, FL 32178-0919

Air Permit No. 1070005-070-AC
Permit Expires: January 1, 2014
Air Construction Permit Revision
Palatka Mill
No. 4 Combination Boiler
Preheater Tube Replacement

PROJECT DESCRIPTION

The applicant applied on December 9, 2011, to the Department for a revised air construction permit. The purpose of this project is to replace of approximately 1,400 tubes in the air preheater section of the No. 4 combination boiler (EU 016). The proposed work will be conducted at the existing Palatka Mill, which is a Kraft pulp and paper mill. The project will revise the conditions of construction permit 1070005-066-AC to accommodate the replacement of the air preheater tubes.

This revision is not expected to result in an actual emissions increase; therefore, the project is not subject to preconstruction review for the Prevention of Significant Deterioration (PSD) of Air Quality pursuant to Rule 62-212.400, Florida Administrative Code (F.A.C.).

I HEREBY CERTIFY that the air pollution control engineering features described in the above referenced application and subject to the proposed permit conditions provide reasonable assurance of compliance with applicable provisions of Chapter 403, Florida Statutes, and Florida Administrative Code Chapters 62-4 and 62-204 through 62-297. However, I have not evaluated and I do not certify any other aspects of the proposal (including, but not limited to, the electrical, civil, mechanical, structural, hydrological, geological, and meteorological features).
