DEPARTMENT OF ENVIRONMENTAL
REGULATION,

Respondent.

MOTION FOR EXTENSION OF TIME

Petitioner, Georgia-Pacific Corporation, moves for an extension of time in which to file a Petition for Formal Administrative Proceedings under Section 120.57(1), Florida Statutes, on the following grounds:

1. The Department, by letter dated December 6, 1989, received December 11, 1989, responded to Petitioner's request to modify the above-numbered construction permit.

2. The Department granted the request for modification in part and denied in part. Petitioner believes that additional time to perform additional testing of the source and to discuss the issue with the Department may lead to a resolution of the issues without the need for formal proceedings. However, Respondent also wishes to reserve its right to petition for such a proceeding should such additional information or negotiations not lead to an amicable resolution of the matter.

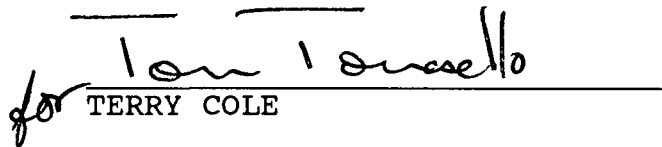

3. A stack test is tentatively scheduled for January 24 and 25, 1990. Additional time is required for preparation and submission of a report and briefing of the Department personnel.

Petitioner accordingly requests an extension of sixty (60) days in which to file a petition for formal administrative proceedings.

I hereby certify that I contacted Mr. Gary Smallridge, Counsel for the Department of Environmental Regulation, who neither consents nor objects to the motion.

I HEREBY CERTIFY that a true and correct copy of the foregoing has been furnished by hand-delivery to the AGENCY CLERK, Office of General Counsel, Department of Environmental Regulation, 2600 Blair Stone Road, Tallahassee, Florida 32399-2400, and to GARY SMALLRIDGE, Office of General Counsel, Department of Environmental Regulation, 2600 Blair Stone Road, Tallahassee, Florida 32399-2400, on this 21st day of December, 1989.
