DEPARTMENT OF  
ENVIRONMENTAL PROTECTION  
OCT 02 1995  
SITING COORDINATION

**STATE OF FLORIDA  
DEPARTMENT OF ENVIRONMENTAL PROTECTION  
NOTICE OF INTENT TO ISSUE PERMIT AMENDMENT  
PSD-FL-018/PA 78-10**

The Department of Environmental Protection (Department) gives notice of its intent to issue an Amendment of Permit PSD-FI 018 to Seminole Electric Cooperative Inc. (SECI), 16313 N. Dale Mabry highway, Tampa, Florida 33688 to conduct a series of performance tests for pollutant emissions while firing blends of petroleum coke (petcoke) and coal at its Seminole Power Plant Unit No. 1 in Palatka, Putnam County. Testing will begin in late 1995 and be conducted over a period of two months during which petcoke/coal blends will be used on 30 or less days.

Presently, the plant is only allowed to burn coal. Emissions control consists of an electrostatic precipitator for particulate matter and a limestone slurry scrubber for sulfur dioxide. The Unit must continue to meet its permitted emission limits during the tests and is required to document any increase in actual emissions caused by burning petroleum coke in order to determine if a permanent switch to coal/petcoke blend would require a review pursuant to 40 CFR 52.21 - Prevention of Significant Deterioration (PSD).

Any subsequent request by SECI for a permanent switch to petcoke/coal firing will require publication of a Notice of Intent to Issue a Permit Modification to the PSD permit and a Notification of the parties to the original Site Certification PA 78-10 affording another opportunity to provide comments to the Department.

A person whose substantial interests are affected by the Department's proposed permitting decision may petition for an administrative proceeding (hearing) in accordance with Section 120.57, F.S. The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department at 2600 Blair Stone Road, Tallahassee, Florida 32399-2400, within fourteen (14) days of publication of this notice. Petitioner shall mail a copy of the petition to the applicant at the address indicated above at the time of filing. Failure to file a petition within this time period shall constitute a waiver of any right such person may have to request an administrative determination (Hearing) under Section 120.57, F.S.

The Petition shall contain the following information:

- (a) The name, address, and telephone number of each petitioner, the applicant's name and address, the Department Site Certification File Number and the county in which the project is proposed;
- (b) A statement of how and when each petitioner received notice of the Department's action or proposed action;
- (c) A statement of how each petitioner's substantial interests are affected by the Department's action or proposed action;
- (d) A statement of the material facts disputed by Petitioner, if any;
- (e) A statement of facts which petitioner contends warrant reversal or modification of the Department's action or proposed action;
- (f) A statement of which rules or statutes petitioner contends require reversal or modification of the Department's action or proposed action; and,
- (g) A statement of the relief sought by petitioner, stating precisely the action petitioner wants the Department to take with respect to the Department's action or proposed action.

If a petition is filed, the administrative hearing process is designed to formulate agency action. Accordingly, the Department's final action may be different from the position taken by it in this Notice. Persons whose substantial interests will be affected by any decision of the Department with regard to the request/application have the right to petition to become a party to the proceeding. The petition must conform to the requirements specified above and be filed (received) within 14 days of publication of this notice in the Office of General Counsel at the above address of the Department. Failure to petition within the allowed time frame constitutes a waiver of any right such person has to request a hearing under Section 120.57, F.S., and to participate as a party to this proceeding. Any subsequent intervention will only be at the approval of the presiding officer upon motion filed pursuant to Rule 28-5.207, F.A.C.

The request submitted by SECI is available for public inspection during business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at:
