Re: Seminole Electric Cooperative, Inc.
Application to Co-fire Petroleum Coke

Dear Mr. Linero:

Enclosed are three copies of Seminole Electric Cooperative, Inc.'s application to modify PSD Permit No. PSD-FL-018 by authorizing the co-firing of petroleum coke and increased utilization of No. 2 fuel oil under limited circumstances at the steam electric power plant in Putnam County. Seminole simultaneously is applying for a corresponding modification to the Power Plant Siting Act (PPSA) Conditions of Certification, and has filed a \$10,000 fee with the Office of Siting Coordination.

Thank you for the Department's attention to this application. Please call me if there are any questions or comments concerning these application materials.

Very truly yours,

A handwritten signature in black ink, appearing to read 'M. P. Opalinski'.
