RE: Seminole Generating Station

Dear Florida Department of Environmental Protection,

The Sierra Club requests that the Florida Department of Environmental Protection provide timely and actual notice to the Sierra Club if Seminole Electric Cooperative, Inc. ("Seminole") submits an application for any permit or permit modification relating to the construction and/or operation of its Seminole Generating Station in Palatka, Florida, including any off-site or on-site supporting facility or structure, such as transmission lines. In addition, pursuant to Section 120.60(3) of the Florida Statutes, the Sierra Club requests that Florida Department of Environmental Protection provide timely and actual notice to the Sierra Club if the agency issues any draft or final permits to Seminole for the Seminole Generating Station, including any off-site or on-site supporting facility or structure, or takes any other action related to the Seminole Generating Station, including its supporting structures and facilities.

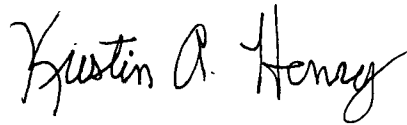

We request that the agency send the notification(s) to the following recipients:
