**NOTICE OF ADMINISTRATIVELY CORRECTED TITLE V AIR OPERATION PERMIT**

In the Matter of a Request for Administrative Correction:

Mike Opalinski	Project No.: <b>1070025-017-AV</b>
Senior Vice President of Strategic Services	Administrative Correction to Permit No.: <b>1070025-015-AV</b>
Seminole Electric Cooperative, Inc. P.O. Box 272000 Tampa, Florida 33688-2000	Seminole Generating Station Putnam County

Enclosed are ADMINISTRATIVELY CORRECTED conditions to the Title V Air Operation Permit, No. 1070025-015-AV, for the operation of the Seminole Generating Station located in Putnam County at 890 North U.S. Highway 17, Palatka, Florida. This correction is issued pursuant to Rule 62-210.360, Florida Administrative Code (F.A.C.), and Chapter 403, Florida Statutes (F.S.). These changes are made at the applicant's request, dated 09/15/10, to correct an oversight in the recently revised Title V permit. The revised Title V permit reflected the conditions of permit No. 1070025-016-AC, which deleted the obsolete sulfuric acid mist limit for units 1 and 2. However, the corresponding sulfuric acid mist testing requirements were inadvertently left in the Title V permit revision. This corrective action does not alter the effective dates of the existing permit. It simply reflects the intention of the Department to not require compliance testing for sulfuric acid mist following the removal of the obsolete emissions limit.

The Department of Environmental Protection (Department) will consider the above-noted action final unless a timely petition for an administrative hearing is filed pursuant to Sections 120.569 and 120.57, F.S. Mediation under Section 120.573, F.S., will not be available for this proposed action.

A person whose substantial interests are affected by the proposed permitting decision may petition for an administrative hearing in accordance with Sections 120.569 and 120.57, F.S. The petition must contain the information set forth below and must be filed (received) by the Agency Clerk in the Department's Office of General Counsel, MS #35, 3900 Commonwealth Boulevard, Tallahassee, Florida 32399-3000 (Telephone: 850/488-9314, Fax: 850/487-4938). Petitions filed by the permit applicant or any of the parties listed below must be filed within 14 (fourteen) days of receipt of this notice. Petitions filed by any other person must be filed within 14 (fourteen) days of receipt of this proposed action. A petitioner must mail a copy of the petition to the applicant at the address indicated above, at the time of filing. The failure of any person to file a petition within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Sections 120.569 and 120.57, F.S., or to intervene in this proceeding and participate as a party to it. Any subsequent intervention will be only at the approval of the presiding officer upon the filing of a motion in compliance with Rule 28-106.205, F.A.C.

A petition must contain the following information:

- (a) The name and address of each agency affected and each agency's file or identification number, if known;
- (b) The name, address, and telephone number of the petitioner; the name, address and telephone number of the petitioner's representative, if any, which shall be the address for service purposes during the course of the proceeding; and an explanation of how the petitioner's substantial interests will be affected by the agency determination;
- (c) A statement of how and when each petitioner received notice of the agency action or proposed action;
- (d) A statement of all disputed issues of material fact. If there are none, the petition must so indicate;
- (e) A concise statement of the ultimate facts alleged, as well as the rules and statutes which entitle the petitioner to relief;

STATE OF FLORIDA  
DEPARTMENT OF ENVIRONMENTAL PROTECTION

**NOTICE OF ADMINISTRATIVELY CORRECTED TITLE V AIR OPERATION PERMIT**

- (f) A statement of the specific rules or statutes the petitioner contends require reversal or modification of the agency's proposed action; and,
- (g) A statement of the relief sought by the petitioner, stating precisely the action petitioner wishes the agency to take with respect to the agency's proposed action.

A petition that does not dispute the material facts upon which the permitting authority's action is based shall state that no such facts are in dispute and otherwise shall contain the same information as set forth above, as required by Rule 28-106.301, F.A.C.

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the permitting authority's final action may be different from the position taken by it in this notice. Persons whose substantial interests will be affected by any such final decision of the permitting authority on the application have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above.

Any party to this order (permit) has the right to seek judicial review of it under Section 120.68, F.S., by the filing of a Notice of Appeal, under Rule 9.110 of the Florida Rules of Appellate Procedure, with the Clerk of the Department in the Office of General Counsel, 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida, 32399-3000; and, by filing a copy of the Notice of Appeal accompanied by the applicable filing fees with the appropriate District Court of Appeal. The Notice of Appeal must be filed within thirty days from the date this notice is filed with the Clerk of the permitting authority.

Executed in Tallahassee, Florida.

**NOTICE OF ADMINISTRATIVELY CORRECTED TITLE V AIR OPERATION PERMIT**

Specific Conditions A.31. and A.32. are changed as follows to confirm that sulfuric acid mist testing is not required following the removal of the obsolete sulfuric acid mist limit, which was removed by permit No. 1070025-016-AC, issued August 4, 2010. It was the Departments intention to revise these conditions with permit No. 1070025-015-AV, which was effective on September 13, 2010; however, the changes were inadvertently not carried through to the final permit.

- A.31. Annual Compliance Tests Required.** During each federal fiscal year (October 1<sup>st</sup> to September 30<sup>th</sup>), each unit shall be tested to demonstrate compliance with the emissions standards for ammonia slip, mercury (until CEMS are operational and certified), and particulate matter ~~and sulfuric acid mist~~. [Rule 62-297.310(7), F.A.C. and Permit No. Permit No. 1070025-004-AC]
- A.32. Compliance Tests Prior To Renewal.** Compliance tests shall be performed for ammonia slip, mercury (until CEMS are operational and certified), and particulate matter ~~and sulfuric acid mist~~ prior to obtaining a renewed operating permit to demonstrate compliance with the corresponding emission limits. [Rules 62-210.300(2)(a) and 62-297.310(7)(a), F.A.C.]

The Bureau of Air Regulation is issuing electronic documents for permits, notices and other correspondence in lieu of hard copies through the United States Postal System, to provide greater service to the applicant and the engineering community. Access these documents by clicking on the link provided above, or search for other project documents using the "Air Permit Documents Search" website at <http://www.dep.state.fl.us/air/emission/apds/default.asp> . "

Permit project documents that are addressed in this email may require immediate action within a specified time frame. Please open and review the document(s) as soon as possible, and verify that they are accessible. Please advise this office of any changes to your e-mail address or that of the Engineer-of-Record. If you have any problems opening the documents or would like further information, please contact the Florida Department of Environmental Protection, Bureau of Air Regulation.
