RE: Expiration of Permit No. 1070026-003-AC
Air Permitting
Florida Furniture Industries
Mittauer & Associates, Inc. Project No. 9110-08-1

Dear Mr. Reynolds:

Upon review of the Final Permit No. 1070026-003-AC for Florida Furniture, we noticed that the expiration date on Page 1 of the permit is still December 31, 2001 while on Page 3, Section II, Item 8 of the permit indicates a December 31, 2002 expiration date. This discrepancy was identified in our June 14, 2001 letter. Please change the expiration date on Page 1 of the permit to December 31, 2002.

We greatly appreciate all your help on this permit. Contact me if you have any questions.

Sincerely,
Mittauer & Associates, Inc.

Re: Expiration Date of Permit 1070026-003-AC (Florida Furniture, Inc.)

Dear Mr. Norman:

This confirms your conversation today with our staff regarding the correct expiration date of the above referenced permit. As stated on the cover page of the permit, the expiration date is December 31, 2001. Our file copy shows that the draft typo on page three (2002) was corrected before the final was mailed. Since the permit is for consolidation of two sites as a single facility without requiring any construction, the expiration date of December 31, 2001 was deemed as sufficient.

If there are any questions regarding the above, please call John Reynolds at 850/921-9530.

Sincerely,

A. A. Linero, P.E. Administrator

RE: Submittal of Proof of Publication of Draft Permit No. 1070026-003-AC
Air Permitting
Florida Furniture Industries
Mittauer & Associates, Inc. Project No. 9110-08-1

Dear Mr. Reynolds:

Enclosed is the proof of publication of Draft Permit No. 1070026-003-AC for Florida Furniture. The only comment we have on the draft permit relates to a conflict in the expiration date of the permit. Page 1 of the permit indicates a December 31, 2001 expiration date while Page 3, Section II, Item 8 indicates a December 31, 2002 expiration date.

Contact me if you have any questions or require additional information.

Sincerely,
Mittauer & Associates, Inc.

PUBLIC NOTICE
PUBLIC NOTICE OF INTENT
TO ISSUE AIR CONSTRUCTION PERMIT

STATE OF FLORIDA
DEPARTMENT OF ENVIRONMENTAL PROTECTION

DRAFT Permit No. :
01070026-003-AC
Florida Furniture Industries,
Inc.
Wood Furniture
Manufacturing Facility
Consolidation of Plant No. 1
and Plant No. 3
Palatka, Putnam County

The Department of Environmental Protection (Department) gives notice of its intent to issue an air construction permit to Florida Furniture Industries (FFI), Inc., for consolidation of Plant No. 1 and Plant No. 3 as a single facility. Plant No. 1 is located at 722 River Street; Plant No. 3 is located at 160 Comfort Road, Palatka, Putnam County. A Best Available Control Technology (BACT) determination was not required. The applicant's name and address are: Florida Furniture Industries, Inc., Post Office Box 510, Palatka, Florida 32178. Florida Furniture Industries (FFI) owns and operates two wood furniture manufacturing plants located approximately 2.75 miles apart in Palatka, Putnam County. Plant 1 is located at 722 River Street; Plant 3 is located at 160 Comfort Road in Palatka. UTM coordinates for Plant 1: Zone 17, 438.3 km east and 3278.9 km North; and for Plant 2: Zone 17, 436.4 km East and 3283.4 km North. This air construction permit will consolidate FFI's operations in a single facility by relocating all coating operations from Plant No. 1 to Plant No. 3. The aggregated facility will have no increase in total emissions over current emission levels. Emissions sources include wood working areas, finish coating operations, drying kilns, and 2 wood-fired boilers. Total volatile organic compounds (VOC) emissions from the aggregated facility will be limited to 371.55 tons per year (TPY) by limiting the annual operation to 2,450 hours and establishing limits on volatile components of coatings and solvents. Emission control equipment consists of bag filters for woodworking dust emissions and polyethylene-paper filters for reducing spraying emissions. The facility is subject to Maximum Achievable Control Technology (MACT) standards required by 40 CFR 63, Subpart JJ. The Department will issue the FINAL Permit, in accordance with the conditions of the DRAFT Permit unless a response received in accordance with the following procedures results in a different decision or significant change of terms or conditions. The Department will accept written comments and requests for public meetings concerning the proposed DRAFT Permit issuance action for a period of 14 (fourteen) days from the date of publication of this Notice. Written comments should be provided to the Department's bureau of Air Regulation, 2600 Blair Stone Road, Mail Station #5505, Tallahassee, Florida 32399-2400. Any written comments filed shall be made available for public inspection. If written comments received result in a significant change in the proposed agency action, the Department shall revise the proposed permit and require, if applicable, another Public Notice. The Department will issue the permit with the attached conditions unless a timely petition for an administrative hearing is filed pursuant to Sections 120.569 and 120.57 F.S. before the deadline for filing a petition. Mediation is not available in the proceeding. A person whose substantial interests are affected by the proposed permitting decision may petition for an administrative hearing in accordance with Sections 120.569 and 120.57 F.S. The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department, 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida 32399-3000. Petitions must be filed within fourteen days of receipt of this notice of intent. Petitions filed by any persons other than those entitled to written notice under section 120.60(3) of the Florida Statutes must be filed within fourteen days of publication of the public notice or within fourteen days of receipt of this notice, whichever occurs first. Under section 120.60(3), however, any person who asked the Department for notice of agency action may file a petition within fourteen days of receipt of that notice, regardless of the date of publication. A petitioner shall mail a copy of the petition to the applicant at the address indicated above at the time of filing. The failure of any person to file a petition within the appropriate time period shall

constitute a waiver of that person's right to request an administrative determination (hearing) under sections 120.569 and 120.57 F.S., or to intervene in this proceeding and participate as a part to it. Any subsequent intervention will be only at the approval of the presiding officer upon the filing of a motion in compliance with Rule 28-106.205 of the Florida Administrative Code.

A petition that disputes the material facts on which the Department's action is based must contain the following information: (a) The name and address of each agency affected and each agency's file or identification number, if known; (b) The name, address, and telephone number of the petitioner, the name, address, and telephone number of the petitioner's representative, if any, which shall be the address for service purposes during the course of the proceeding; and an explanation of how the petitioner's substantial interests will be affected by the agency determination; (c) A statement of how and when petitioner received notice of the agency action or proposed action; (d) A statement of all disputed issues of material fact. If there are none, the petition must so indicate; (e) A concise statement of the ultimate facts alleged, as well as the rules and statutes which entitle the petitioner to relief; (f) A statement of the specific rules or statutes the petitioner contends require reversal or modification of the agency's proposed action; and (g) A statement of the relief sought by the petitioner, stating precisely the action petitioner wishes the agency to take with respect to the agency's proposed action.

A petition that does not dispute the material facts upon which the Department's action is based shall state that no such facts are in dispute and otherwise shall contain the same information as set forth above, as required by Rule 28-106.301.

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the Department's final action may be different from the position taken by it in this notice. Persons whose substantial interests will be affected by any such final decision of the Department on the application have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above.

A complete project file is available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at:
