Title V Program Administrator
Bureau of Air Regulation

Re: Title V Annual Emissions Fee
Facility Identification Number: 1110003

Ref: FDEP letter to Fort Pierce Utilities Authority (FPUA) dated 2/15/11 (J Holtom to T Richards)

Dear Mr. Holtom

The referenced letter reminded FPUA of the requirement for submitting the annual emissions fee pursuant to the provisions of F.S. 403.0872, including all the necessary forms. While we assume this was a form letter sent to all Title V permit holders, we are confused why it was sent to us. The facility identification number refers to the H. D. King Plant which was retired and decommissioned in May 2008. At that time Retired Unit Exemption forms (62-210.900 (1) (d)) were transmitted to the Bureau of Air Regulation (letter and forms attached). Based on transmittal of these forms, it was our understanding that there would be no additional action required from us in the future (after the 2008 fee and forms).

We have passed this information to your Tom Cascio for his review. Please advise, at your earliest convenience, if there is any additional paperwork we need to complete. I can be reached at (772) 466-1600, X-4707 if you have any questions.

Very truly yours,

A handwritten signature in black ink that reads "John K. Tompeck".

John K. Tompeck, P.E.
Gas Operations Superintendent

cc: T. Richards

Our mission is to provide our customers with economical, reliable and friendly service in a continuous effort to enhance the quality of life in our community.
