Mr. Thomas W. Richards, P.E., Director of Electric and Gas Systems
Fort Pierce Utilities Authority
P.O. Box 3191
Fort Pierce, Florida 34948

Re: DEP File No. 1110003-008-AV
H. D. King Power Plant

Dear Mr. Richards:

We received your application for a Title V Air Operation Permit Renewal on June 25, 2007. Based on our review of the application, the following information is needed:

- A Compliance Assurance Monitoring (CAM) Plan for the combined-cycle combustion turbine (Unit #9) is required. Please submit a proposed CAM plan for review.

{Note: An exemption from CAM is available for emissions units demonstrating continuous compliance with a continuous emissions monitoring system (CEMS) under 40 CFR 64.2(b)(vi). Therefore, you may elect to use the nitrogen oxides (NO_x) CEMs to demonstrate continuous compliance and be exempted from CAM. A condition to that effect would need to be added to the Title V air operation permit.}

When we receive this information, we will continue processing your application. We are available to discuss the details of our request for additional information. Rule 62-4.050(3), F.A.C., requires that all applications for a Department permit must be certified by a professional engineer registered in the State of Florida. This requirement also applies to responses to Department requests for additional information of an engineering nature. Permit applicants are advised that Rule 62-213.420(1)(b), F.A.C., requires applicants to respond to requests for information within 90 days, unless the applicant has requested in writing, and has been granted, additional time within 90 days. If you have any questions, please contact Tom Cascio at 850-921-9526.

Sincerely,

A.A. Linero, P.E.
Program Administrator

Dear Sir/Madam:

Please send a "reply" message verifying receipt of the attached document(s); this may be done by selecting "Reply" on the menu bar of your e-mail software and then selecting "Send". We must receive verification of receipt and your reply will preclude subsequent e-mail transmissions to verify receipt of the document(s).

The document(s) may require immediate action within a specified time frame. Please open and review the document(s) as soon as possible.

The document is in Adobe Portable Document Format (pdf). Adobe Acrobat Reader can be downloaded for free at the following internet site: <http://www.adobe.com/products/acrobat/readstep.html>.

The Bureau of Air Regulation is issuing electronic documents for permits, notices and other correspondence in lieu of hard copies through the United States Postal System, to provide greater service to the applicant and the engineering community. Please advise this office of any changes to your e-mail address or that of the Engineer-of-Record.

Thank you,

DEP, Bureau of Air Regulation
