SUBJ: Preliminary Determination and Draft PSD Permit for Tropicana Products, Inc.
(PSD-FL-303), located in Ft. Pierce, St. Lucie County, Florida

Dear Mr. Linero:

Thank you for sending the preliminary determination and draft prevention of significant deterioration (PSD) permit for Tropicana Products, Inc. dated January 8, 2001. The draft PSD permit is for the proposed installation of sixteen juice extractors at the Tropicana facility. Total emissions from the proposed project are above the thresholds requiring PSD review for volatile organic compounds (VOC), nitrogen oxides (NO_x), carbon monoxide (CO), sulfur dioxide (SO₂), sulfuric acid mist and particulate matter (PM/PM₁₀).

Based on our review of the preliminary determination and draft PSD permit, we do not have any additional comments beyond those previously discussed with the Florida Department of Environmental Protection. If you have any questions regarding these comments, please direct them to either César Zapata at 404-562-9139 or Jim Little at 404-562-9118.

PUBL

AFFIDAVIT OF PUBLICATION

STATE OF FLORIDA
 COUNTY OF ST. LUCIE

Before the undersigned authority personally appeared, Lynn Ferraro, General Manager; Kathy LeClair, Business Manager or Dorothy Dicks, Advertising Manager of The Tribune, a daily newspaper published at

Fort Pierce in St. Lucie County, Florida; that the attached copy of advertisement was published in The Tribune in the following issues below. Affiant further says that the said Tribune is a newspaper published at Fort Pierce in said St. Lucie County, Florida and that the said newspaper has heretofore been continuously published in said St. Lucie County, Florida daily and distributed in St. Lucie County, Florida, for a period of one year next preceding the first publication of attached copy of advertisement; and affiant further says that he/she has neither paid nor promised any person, firm or corporation any discount, rebate, commission or refund for the purpose of securing this advertisement for publication in the said newspaper. The Tribune has been entered as second class matter at the Post Office in Fort Pierce, St. Lucie County, Florida and has been for a period of one year next preceding the first publication of the attached copy of advertisement.

The Department of Environmental Protection has issued a construction permit to Tro facility located at 6500 Glades Cutoff. A determination was not made regarding potential emissions of air quality units at the facility.

An air quality impact analysis was conducted to determine if the proposed PSD Class II incremental project, will be as follows:

The Department will issue a permit in accordance with the following conditions:

The Department will accept a proposed permit issuance. A Notice of Intent to Issue a permit should be provided to the Station #5505, Tallahassee, for public inspection. If written action, the Department will issue a Notice.

The Department will issue a permit if an administrative hearing is filed with the petition. The procedures are as follows:

Mediation is not available.

A person whose substantive grounds for an administrative proceeding are not stated in a petition must contain the name and address of the General Counsel of the State of Florida, 32399-3000. Petitions must be filed within fourteen days of the date of publication of those entitled to written notice of agency action, whichever occurs first. The period shall constitute a period of publication under sections 120.01 and 120.02. Any subsequent filing of a motion in compliance with section 120.01 shall constitute a period of publication.

A petition that disputes the following information: (a) identification number, if any; name, address, and telephone number; (b) substantial interest in the property; (c) when the agency action is taken; (d) if there are none, the petition shall include the specific facts supporting the proposed action; (f) A statement of the petitioner's intent to file a motion in compliance with section 120.01.

The Department will issue the final permit with the attached conditions unless a response received in accordance with the following procedures results in a different decision or significant change of terms or conditions.

The Department will accept written comments and requests for public meetings concerning the proposed permit issuance action for a period of thirty (30) days from the date of publication of this Public Notice of Intent to Issue Air Construction Permit. Written comments and requests for public meetings should be provided to the Department's Bureau of Air Regulation at 2600 Blair Stone Road, Mail Station #5505, Tallahassee, FL 32399-2400. Any written comments filed shall be made available for public inspection. If written comments received result in a significant change in the proposed agency action, the Department shall revise the proposed permit and require, if applicable, another Public Notice.

The Department will issue the permit with the attached conditions unless a timely petition for an administrative hearing is filed pursuant to sections 120.569 and 120.57 F.S., before the deadline for filing a petition. The procedures for petitioning for a hearing are set forth below.

before this date:

Mediation is not available in this proceeding.

A person whose substantial interests are affected by the proposed permitting decision may petition for an administrative proceeding (hearing) under sections 120.569 and 120.57 of the Florida Statutes. The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida, 32399-3000. Petitions filed by the permit applicant or any of the parties listed below must be filed within fourteen days of receipt of this notice of intent. Petitions filed by any persons other than those entitled to written notice under section 120.60(3) of the Florida Statutes must be filed within fourteen days of publication of the public notice or within fourteen days of receipt of this notice of intent, whichever occurs first. Under section 120.60(3), however, any person who asked the Department for notice of agency action may file a petition within fourteen days of receipt of that notice, regardless of the date of publication. A petitioner shall mail a copy of the petition to the applicant at the address indicated above at the time of filing. The failure of any person to file a petition within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under sections 120.569 and 120.57 F.S. or to intervene in this proceeding and participate as a party to it. Any subsequent intervention will be only at the approval of the presiding officer upon the filing of a motion in compliance with Rule 28-106.205 of the Florida Administrative Code.

A petition that disputes the material facts on which the Department's action is based must contain the following information: (a) The name and address of each agency affected and each agency's file or identification number, if known; (b) The name, address, and telephone number of the petitioner, the name, address, and telephone number of the petitioner's representative, if any, which shall be the address for service purposes during the course of the proceeding; and an explanation of how the petitioner's substantial interests will be affected by the agency determination; (c) A statement of how and when the agency action or proposed action; (d) A statement of all disputed issues of material fact. If there are none, the petition must so indicate; (e) A concise statement of the ultimate facts alleged, including the specific facts the petitioner contends warrant reversal or modification of the agency's proposed action; (f) A statement of the specific rules or statutes the petitioner contends require reversal or modification of the agency's proposed action; and (g) A statement of the relief sought by the petitioner, stating precisely the action petitioner wishes the agency to take with respect to the agency's proposed action.

A petition that does not dispute the material facts upon which the Department's action is based shall state that no such facts are in dispute and otherwise shall contain the same information as set forth above, as required by rule 28-106.301.

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the Department's final action may be different from the position taken by it in this notice. Persons whose substantial interests will be affected by any such final decision of the Department on the application have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above.

A complete project file is available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m. Monday through Friday, except legal holidays at:

FIDAVIT OF PUBLICATION

I, Lynn Ferraro, General Manager; Kathy LeClair, Business Manager of The Tribune, a daily newspaper, published at Fort Pierce, Florida, do hereby certify that a true and correct copy of advertisement was published in The Tribune on the date herein stated. I further certify that the said newspaper has heretofore been continuously published in St. Lucie County, Florida, for a period of at least one year; and affiant further says that no discount, rebate, commission or other consideration was given for publication in the said newspaper. Witness my hand and the seal of the newspaper at Fort Pierce, St. Lucie County, Florida, this 15th day of December, 2001.

The Department of Environmental Protection (Department) gives notice of its intent to issue an air construction permit to Tropicana Products, Inc., to install sixteen additional juice extractors at the existing facility located at 6500 Glades Cutoff Road, Ft. Pierce, St. Lucie County. The applicant's mailing address is: 6500 Glades Cutoff Road, Ft. Pierce, Florida 34981. A Best Available Control Technology (BACT) determination was not required for this project pursuant to Rule 62-212.400, F.A.C. The permit limits potential emissions of air pollutants by limiting fruit throughput and operation of certain existing emissions units at the facility.

An air quality impact analysis was conducted. Emissions from the facility will not significantly contribute to or cause a violation of any state or federal ambient air quality standards. The maximum predicted PSD Class II increments of PM10, SO2, and NO2 consumed by all sources in the area, including this project, will be as follows:

PSD Class II Increment Consumed (ug/m3)	Allowable Increment (ug.m3)	Percent Increment Consumed

The Department will issue the final permit with the attached conditions unless a response received in accordance with the following procedures results in a different decision or significant change of terms or conditions.

The Department will accept written comments and requests for public meetings concerning the proposed permit issuance action for a period of thirty (30) days from the date of publication of this Public Notice of Intent to Issue Air Construction Permit. Written comments and requests for public meetings should be provided to the Department's Bureau of Air Regulation at 2600 Blair Stone Road, Mail Station #5505, Tallahassee, FL 32399-2400. Any written comments filed shall be made available for public inspection. If written comments received result in a significant change in the proposed agency action, the Department shall revise the proposed permit and require, if applicable, another Public Notice.

The Department will issue the permit with the attached conditions unless a timely petition for an administrative hearing is filed pursuant to sections 120.569 and 120.57 F.S., before the deadline for filing a petition. The procedures for petitioning for a hearing are set forth below.
