Re: DEP File Nos. 1110121-002-AV and 1110121-003-AC
Title V Air Operation Permit and Air Construction Permit Modification

Dear Mr. Leongomez:

The Florida Department of Environmental Protection has reviewed your letter dated December 14, 2009, concerning changes to your recently issued Title V Air Operation Permit and Air Construction Permit Modification for the Treasure Coast Energy Center. However, in order to properly process the request, we need a formal application utilizing the Department forms. The forms can be found at the following Internet computer link:

<http://www.dep.state.fl.us/air/rules/forms/application.htm>

When we receive this information, we will begin processing your application. If you have any questions, please contact Project Engineer Tom Cascio at 850-921-9526. Rule 62-4.050(3), F.A.C., requires that all applications for a Department permit must be certified by a professional engineer registered in the State of Florida.

Sincerely,

Jonathan K. Holtom, P.E., CPM
Program Administrator
