Date: Thursday, February 21, 2013 10:54:34 AM

Dear Mr. Robbins:

On February 20, 2013, the Department discovered an error in the Notice of Permit Amendment (DEP Project File No. 1190011-011-AC) which was issued on February 5, 2013. The project number on the subject line of the first page was incorrectly identified as " 1190011-010-AC", but is actually "1190011-011-AC".

Please retain this email with your time extension to document this administrative correction.
