## NOTICE OF FINAL PERMIT

### CERTIFIED MAIL-RETURN RECEIPT REQUESTED

In the Matter of an  
Application for Permit by:

Mr. Kip Fisher, Safety and Environmental Manager  
Pride Enterprises  
12425 Twenty-Eighth Street North  
Saint Petersburg, Florida 33716

DEP File No. 1190015-003-AF  
Sumter County

Dear Mr. Fisher:

Enclosed is Final Permit Number 1190015-003-AF. This permit authorizes Pride Enterprises to operate a furniture manufacturing and surface coating facility located at 9544 County Road 476B, Bushnell, Sumter County, Florida. This permit is issued pursuant to Section(s) 403.087, Florida Statutes.

A person whose substantial interests are affected by the proposed permitting decision may petition for an administrative proceeding (hearing) under sections 120.569 and 120.57 of the Florida Statutes. The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida 32399-3000. Petitions filed by the permit applicant or any of the parties listed below must be filed within fourteen days of receipt of this notice of final permit. Petitions filed by any persons other than those entitled to written notice under section 120.60(3) of the Florida Statutes must be filed within fourteen days of publication of the public notice or within fourteen days of receipt of this notice of final permit, whichever occurs first. Under section 120.60(3), however, any person who asked the Department for notice of agency action may file a petition within fourteen days of receipt of that notice, regardless of the date of publication. A petitioner shall mail a copy of the petition to the applicant at the address indicated above at the time of filing. The failure of any person to file a petition within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under sections 120.569 and 120.57 F.S., or to intervene in this proceeding and participate as a party to it. Any subsequent intervention will be only at the approval of the presiding officer upon the filing of a motion in compliance with rule 28-106.205 of the Florida Administrative Code.

All petitions filed under these rules shall contain:

- (a) The name and address of each agency affected and each agency's file or identification number, if known;
- (b) The name, address, and telephone number of the petitioner; the name, address, and telephone number of the petitioner's representative, if any, which shall be the address for service purposes during the course of the proceeding; and an explanation of how the petitioner's substantial interests will be affected by the agency determination;
- (c) A statement of when and how the petitioner received notice of the agency decision;
- (d) A statement of all disputed issues of material fact. If there are none, the petition must so indicate;

PERMITTEE: Pride Enterprises  
FACILITY NAME: Sumter Furniture  
PERMIT NO.: 1190015-003-AF

- (e) A concise statement of the ultimate facts alleged, including the specific facts the petitioner contends warrant reversal or modification of the agency's proposed action;
- (f) A statement of the specific rules or statutes the petitioner contends require reversal or modification of the agency's proposed action, including an explanation of how the alleged facts relate to the specific rules or statutes; and
- (g) A statement of the relief sought by the petitioner, stating precisely the action petitioner wishes the agency to take with respect to the agency's proposed action.

A petition that does not dispute the material facts upon which the Department's action is based shall state that no such facts are in dispute and otherwise shall contain the same information as set forth above, as required by rule 28-106.301 of the Florida Administrative Code.

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the Department's final action may be different from the position taken by it in this notice. Persons whose substantial interests will be affected by any such final decision of the Department on the application have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above.

Mediation is not available in this proceeding.

Any party to this order has the right to seek judicial review of it under section 120.68 of the Florida Statutes, by filing a notice of appeal under rule 9.110 of the Florida Rules of Appellate Procedure with the clerk of the Department of Environmental Protection in the Office of General Counsel, 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida 32399-3000, and by filing a copy of the notice of appeal accompanied by the applicable filing fees with the appropriate district court of appeal. The notice must be filed within thirty days after this order is filed with the clerk of the Department.

Executed in Hillsborough County, Florida.

## PERMITTEE:

PRIDE Enterprises  
12425 Twenty-Eighth Street North  
Saint Petersburg, Florida 33716-1826

**Permit No.:** 1190015-003-AF  
**County:** Sumter  
**Effective Date:** 01/08/2009  
**Expiration Date:** 01/08/2014  
**Project:** Furniture Manufacturing and Surface  
Coating Facility

This permit is issued under the provisions of Chapter 403, Florida Statutes, and Florida Administrative Code (F.A.C.) Chapters 62-4, 62-204, 62-210, 62-212, 62-213, 62-296, and 62-297. The above-named permittee is hereby authorized to perform the work or operate the facility shown on the application and approved drawing(s), plans, and other documents, attached hereto or on file with the Florida Department of Environmental Protection.

This permit authorizes the operation of a furniture manufacturing and surface coating facility. On the basis of the emission limitations included in this permit, this facility's allowable emissions are below the major source emission criteria that would require a Title V Major Source operation permit. This facility is therefore considered as a synthetic, non-Title V source.

## Process Description

The facility consists of five (5) spray booths in the spray area and one (1) spray booth in the laminating area. In the spray area, one booth is used for stain, one booth is used for sealer, one booth is used to scuff sand the sealer prior to conversion varnish, one booth is used for the conversion varnish, and one booth is not in use. The spray booths are equipped with Andrea overspray filters with an estimated collection efficiency of 99.6%.

Raw materials are received in the receiving area and sent to the panel saw for cutting of the wood blanks. Some of the material is sent to the laminating area for surfacing with a laminate. Some of the material is sent to the parts processing area for assembly. Products that require finishing are sent to the spray area for staining, sealing, and conversion varnish top coating. The finished products are sent to a heat tunnel for drying and to the shipping department for packaging and shipping.

Hazardous air pollutant (HAP) and volatile organic compound (VOC) emissions are tracked through recordkeeping; this facility also has a propane-fired heat tunnel (< 1 MMBtu/hr. maximum heat input) to dry lacquer-based finishes on wood furniture that vents inside the building. The heat tunnel is considered an insignificant source of pollutant emissions and is exempt from permitting.

General Conditions, version dated 11/1/2005

**SPECIFIC CONDITIONS:**

1. General Conditions: A part of this permit is the attached 15 General Conditions.  
[Rule 62-4.160, F.A.C.]
2. Other Requirements: Issuance of this permit does not relieve the permittee from complying with applicable emission limiting standards or other requirements of Chapters 62-4, 62-204, 62-210, 62-212, 62-213, 62-296, and 62-297, or any other requirements under federal, state, or local law.  
[Rule 62-210.300, F.A.C.]

PERMITTEE:  
PRIDE Enterprises

PERMIT NO.: 1190015-003-AF  
PROJECT: Furniture Manufacturing and Surface Coating

### Operating and Emission Limitations

3. Hours of Operation: This facility is permitted to operate a maximum of 3,120 hours per any consecutive 12-month period. Operation is defined as any period during which surface coating is being applied.  
[FESOP No. 1190015-001-AF]
4. Emission Limitations: Total VOC emissions from this facility shall not exceed 23.0 tons per any consecutive 12-month period; total HAP emissions from this facility shall not exceed 5.0 tons per any consecutive 12-month period.  
[FESOP No. 1190015-001-AF]
5. Volatile Organic Compounds Emissions: The permittee shall not store, pump, handle, process, load, unload or use in any process or installation, VOC without applying known and existing vapor emission control devices or systems deemed necessary and ordered by the Department. Pursuant to Rule 62-296.320(1)(a), F.A.C., the following procedures shall be utilized to minimize pollutant emissions:
  - A. Maintain tightly fitting cover, lids, etc. on all containers of VOC when they are not being handled, tapped, etc.;
  - B. Prevent excessive air turbulence across exposed VOCs;
  - C. Where possible and practical, procure/fabricate a tightly fitting cover for any open trough, basin, bath, etc. of VOC so that it can be covered when not in use;
  - D. All fittings, valve lines, etc. shall be properly maintained; and
  - E. All VOC spills shall be attended to immediately and the waste properly disposed of, recycled, etc.  
[Rule 62-296.320(1)(a), F.A.C.]
6. General Standards - Visible Emissions: No person shall cause, let, permit, or allow to be discharged into the atmosphere the emissions of air pollutants from any activity, the density of which is equal to or greater than that designated as Number One on the Ringelmann Chart (20 percent opacity).  
[Rule 62-296.320(4)(b)1., F.A.C.]
7. General Emission Limiting Standards - Objectionable Odors: No person shall cause, suffer, allow, or permit the discharge of air pollutants which cause or contribute to an objectionable odor. An objectionable odor is any odor present in the outdoor atmosphere, which by itself or in combination with other odors, is or may be harmful or injurious to human health or welfare, which unreasonably interferes with the comfortable use and enjoyment of life or property, or which creates a nuisance.  
[Rules 62-210.200 (Definition "Objectionable Odor") and 62-296.320(2), F.A.C.]

PERMITTEE:  
PRIDE Enterprises

PERMIT NO.: 1190015-003-AF  
PROJECT: Furniture Manufacturing and Surface Coating

8. Excess Emissions: Excess Emissions which are caused entirely or in part by poor maintenance, poor operation, or any other equipment or process failure which may reasonably be prevented during startup, shutdown, or malfunction shall be prohibited.  
[Rule 62-210.700(4), F.A.C.]
  
9. Reasonable Precautions of Unconfined Emissions of Particulate Matter: All reasonable precautions shall be taken to prevent and control generation of unconfined emissions of particulate matter (PM). These provisions are applicable to any source, including but not limited to, vehicular movement, transportation of materials, construction, alteration, demolition or wrecking, or industrial-related activities such as loading, unloading, storing, and handling. If operating experience indicates that the reasonable precautions are not sufficient to control unconfined PM emissions, the Department reserves the right to require additional measures, such as recordkeeping for water truck gallons applied, etc.  
[Rules 62-4.070(3), 62-210.300(3)(c)2.e., and 62-296.320(4)(c), F.A.C.]
  
10. Special Compliance Testing: When the Department, after investigation, has good reason (such as complaints, increased visible emissions (VE), or questionable maintenance of control equipment) to believe that any applicable emission standard contained in a Department rule or in a permit issued pursuant to those rules is being violated, it may require the owner or operator of the emissions unit to conduct compliance tests which identify the nature and quantity of pollutant emissions from the emissions unit and to provide a report on the results of said tests to the Air Compliance Section of the Department's Southwest District Office.  
[Rule 62-297.310(7)(b), F.A.C.]

PERMITTEE:  
PRIDE Enterprises

PERMIT NO.: 1190015-003-AF  
PROJECT: Furniture Manufacturing and Surface Coating

### Recordkeeping and Reporting Requirements

11. Recordkeeping: In order to demonstrate compliance with Specific Condition Nos. 3 and 4, the permittee shall keep records to support the operating hours and the HAP/VOC usage\* and emissions:

A. Daily, record the following:

- I. The start time of the surface coating; and
- II. The end time of the surface coating.

B. Monthly, calculate the following:

- I. The total monthly hours of operation;
- II. The most recent consecutive 12-month period hours of operation for compliance with the limit;
- III. The "As Applied" coatings (e.g. by identification number) that were used, indicating the amount of each used in gallons or pounds;
- IV. All other VOC/HAP-containing materials, such as solvents, indicating the amount of each used;
- V. The VOC/HAP content as applied (percent by weight) for each type of coating solvent or other VOC/HAP-containing material utilized; and
- VI. The monthly total of VOC/HAP emissions and consecutive 12-month total to ensure the annual VOC/HAP emission limits are not exceeded.

All records shall include the facility ID, emission unit ID, source description (i.e. booth description), Date (month, day, and year), and operator initials for each measurement. Monthly records shall be completed by the tenth day of the following month. Daily records shall be completed within three (3) business days.

Supporting documentation ("As Supplied" sheets, "As Applied" sheets, Material Safety Data Sheets, EPA data sheets, purchase orders, etc.) shall be kept for each coating and HAP/VOC which includes sufficient information to determine HAP/VOC emissions.

*\* At the option of the permittee, "purchases" may be used instead of "usage" in determining VOC and HAP emissions provided that no materials are used that are not purchased.*

[Rule 62-4.070(3), F.A.C.]

12. Record Retention: The records required in Specific Condition No. 11 shall be recorded in a permanent form suitable for inspection by the Department upon request. The records shall be maintained onsite for a minimum of the most recent three (3) year period.

[Rule 62-4.070(3), F.A.C.]

PERMITTEE:  
PRIDE Enterprises

PERMIT NO.: 1190015-003-AF  
PROJECT: Furniture Manufacturing and Surface Coating

13. Annual Operating Report: On or before **April 1** of each year, submit to the Air Compliance Section of the Department's Southwest District Office, an Annual Operating Report (AOR) [DEP Form No. 62-210.900(5)] for the preceding calendar year. **Note, the annual operating report for calendar year 2008 shall be submitted by May 1, 2009.** The report may be submitted electronically in accordance with the instructions received with the AOR package sent by the Department, or a hardcopy may be submitted.  
[Rule 62-210.370(3)(a)2., F.A.C.]

#### **Federally Enforceable State Operation Permit Renewal**

14. Permit Renewal: A completed application to renew this operation permit shall be submitted to the Air Permitting Section of the Department's Southwest District Office no later than 60 days prior to the expiration date of this permit. To properly apply for an operation permit, the applicant shall submit the following:
- A. The appropriate Department application form (*see Rule 62-210.900, F.A.C. (Forms and Instructions)*);
  - B. The appropriate operation permit application fee.
  - C. A copy of the records/logs for the previous month as required in Specific Condition No. 11.

[Rules 62-4.070(3), 62-4.090, 62-210.300(2), and 62-210.900, F.A.C.]

## ATTACHMENT - GENERAL CONDITIONS

1. The terms, conditions, requirements, limitations and restrictions set forth in this permit, are "Permit Conditions" and are binding and enforceable pursuant to Sections 403.141, 403.727, or 403.859 through 403.861, Florida Statutes (F.S.). The permittee is placed on notice that the Department will review this permit periodically and may initiate enforcement action for any violation of these conditions.
2. This permit is valid only for the specific processes and operations applied for and indicated in the approved drawings or exhibits. Any unauthorized deviation from the approved drawings, exhibits, specifications, or conditions of this permit may constitute grounds for revocation and enforcement action by the Department.
3. As provided in subsections 403.087(6) and 403.722(5), F.S., the issuance of this permit does not convey any vested rights or any exclusive privileges. Neither does it authorize any injury to public or private property or any invasion of personal rights, nor any infringement of federal, state, or local laws or regulations. This permit is not a waiver of or approval of any other Department permit that may be required for other aspects of the total project which are not addressed in this permit.
4. Not applicable to Air Permits.
5. This permit does not relieve the permittee from liability for harm or injury to human health or welfare, animal, or plant life, or property caused by the construction or operation of this permitted source, or from penalties therefore; nor does it allow the permittee to cause pollution in contravention of Florida Statutes and Department rules, unless specifically authorized by an order from the Department.
6. The permittee shall properly operate and maintain the facility and systems of treatment and control (and related appurtenances) that are installed and used by the permittee to achieve compliance with the conditions of this permit, are required by Department rules. This provision includes the operation of backup or auxiliary facilities or similar systems when necessary to achieve compliance with the conditions of the permit and when required by Department rules.
7. The permittee, by accepting this permit, specifically agrees to allow authorized Department personnel, upon presentation of credentials or other documents as may be required by law and at reasonable times, access to the premises where the permitted activity is located or conducted to:
  - a. Have access to and copy any records that must be kept under conditions of the permit;
  - b. Inspect the facility, equipment, practices, or operations regulated or required under this permit; and
  - c. Sample or monitor any substances or parameters at any location reasonable necessary to assure compliance with this permit or Department rules.

Reasonable time may depend on the nature of the concern being investigated.

8. If, for any reason, the permittee does not comply with or will be unable to comply with any condition or limitation specified in this permit, the permittee shall immediately provide the Department with the following information:
  - a. A description of and cause of noncompliance; and
  - b. The period of noncompliance, including dates and times; or, if not corrected, the anticipated time the noncompliance is expected to continue, and steps being taken to reduce, eliminate, and prevent recurrence of the noncompliance. The permittee shall be responsible for any and all damages which may result and may be subject to enforcement action by the Department for penalties or for revocation of this permit.

## ATTACHMENT - GENERAL CONDITIONS

9. In accepting this permit, the permittee understands and agrees that all records, notes, monitoring data and other information relating to the construction or operation of this permitted source which are submitted to the Department may be used by the Department as evidence in any enforcement case involving the permitted source arising under the Florida Statutes or Department rules, except where such use is prescribed by Section 403.111 and 403.73, F.S. Such evidence shall only be used to the extent it is consistent with the Florida Rules of Civil Procedure and appropriate evidentiary rules.

10. The permittee agrees to comply with changes in Department rules and Florida Statutes after a reasonable time for compliance; provided, however, the permittee does not waive any other rights granted by Florida Statutes or Department rules.

11. This permit is transferable only upon Department approval in accordance with Rule 62-4.120 and 62-730.300 F.A.C., as applicable. The permittee shall be liable for any non-compliance of the permitted activity until the transfer is approved by the Department.

12. This permit or a copy thereof shall be kept at the work site of the permitted activity.

13. This permit also constitutes:

- Determination of Best Available Control Technology (BACT)
- Determination of Prevention of Significant Deterioration (PSD)
- Compliance with New Source Performance Standards (NSPS)

14. The permittee shall comply with the following:

- a. Upon request, the permittee shall furnish all records and plans required under Department rules. During enforcement actions, the retention period for all records will be extended automatically unless otherwise stipulated by the Department.
- b. The permittee shall hold at the facility or other location designated by this permit records of all monitoring information (including all calibration and maintenance records and all original strip chart recordings for continuous monitoring instrumentation) required by the permit, copies of all reports required by this permit, and records of all data used to complete the application for this permit. These materials shall be retained at least three years from the date of the sample, measurement, report, or application unless otherwise specified by Department rule.
- c. Records of monitoring information shall include:
  - 1. the date, exact place, and time of sampling or measurements;
  - 2. the person responsible for performing the sampling or measurements;
  - 3. the dates analyses were performed;
  - 4. the person responsible for performing the analyses;
  - 5. the analytical techniques or methods used;
  - 6. the results of such analyses.

15. When requested by the Department, the permittee shall within a reasonable time furnish any information required by law which is needed to determine compliance with the permit. If the permittee becomes aware the relevant facts were not submitted or were incorrect in the permit application or in any report to the Department, such facts or information shall be corrected promptly.

16. Not applicable to Air Permits.

17. Not applicable to Air Permits.
