Christy,

Is there a form for notifying DEP of a change in authorized representative or is this not required?

Additionally, let me know if the check has not arrived to your attention by the end of the week.

Thanks,
Joe

I will still get you a change of RO for Sumter just for the files.
Marty Fallon has replaced Dan Fritz as the RO for Sumter.

Thanks for your help and assistance with everything.

Our administrative staff let us know a fee of \$50 is required since the facility doesn't have a Title V permit. Please submit asap as it's not considered received until the fee is received. We are working on it.

They don't have a Title V Permit yet. I think we needed a fee to process this, right? A hard copy came in 7/6/10 in the afternoon mail, but there is no reference to an attached fee (even though they sent it to the PO Box 3070 address).

Because I won't be here, I'm putting a copy in your office. If you decide they needed to submit money please contact them for me. If the project can be logged as is, it will be project 1190041-002-AC and I'll log it in with the current received date when I get back. E-mail me if you have questions.

Vickie and Sylvia – if you see a check from Sumter Cement come in Vickie knows what to do.
