**Subject:** American Cement Company, L.L.C.  
DEP File No. 1190042-001-AC, PSD-FL-361  
Sumterville Plant, Sumter County  
Request to Extend Permit Expiration beyond June 30, 2009

Dear Mr. Linero,

The permittee is requesting a one-year extension of the referenced permit to allow sufficient time to complete construction, perform required testing, submit test reports, and submit an application for a Title V operation permit to the Department. This request is being submitted to the Bureau of Air Regulation of the Florida Department of Environmental Protection with a copy also being submitted to the Compliance Authority (Air Resources Section of the Department's Southwest District Office).

In accordance with Section II, Condition 4, of the permit, the permittee may request that the PSD air construction permit be extended. This request is being submitted to the Department's Bureau of Air Regulation at least sixty (60) days prior to the expiration of the permit.

Although the plant is nearing completion, compliance testing, reporting and Title V permit application are not expected prior to June 30, 2009. For this reason we are requesting that the permit be extended until June 30, 2010.

Thank you in advance for your review and approval of this request.

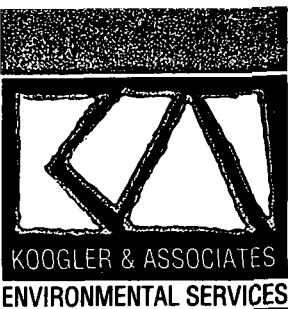

Regards,

Steven C. Cullen, P.E.  
Koogler & Associates, Inc.

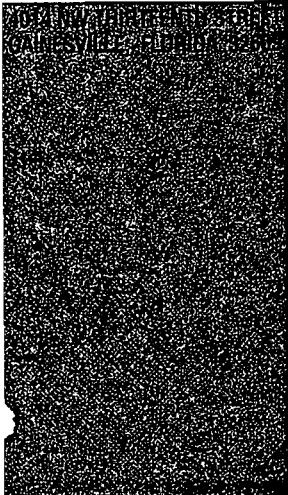

Consultant to American Cement Company, L.L.C.

Copies of this permit are being furnished to the Bureau of Air Regulation, DEP Southwest District Office, 4305 N. Telecom Parkway, Temple Terrace, FL 33637-0926.
