**Re: Submittal of Title V Permit Number 1190042-006-AC,
Section III, Subsection 3.C. Pyroprocessing, Specific Condition 21.b.
Monthly Monitored Mercury Emissions
American Cement Company, LLC – Sumterville, Florida**

Find enclosed the March 2011 monthly report of mercury emissions monitored by the mercury CEMS as required by Title V Permit Number 1190042-006-AC, Section III, Subsection 3.C. Pyroprocessing, Specific Condition 21.b.

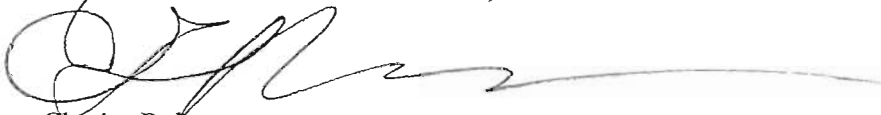

The information gathered by the mercury CEMS and reported is not for compliance purposes. The 12-month rolling cumulative mercury emissions compliance will continue to be met with the monthly mass balance calculation method.

If you have any questions or comments regarding this report, please contact me at (352) 569-2217.
